## **Senate Budget Committee Chairman Gregg Applauds House Budget Committee Passage of FY 07 Budget Resolution**

WASHINGTON – Senate Budget Committee Chairman Judd Gregg (R-NH) today applauded the recent passage of the Fiscal Year 2007 Budget Resolution by the House Budget Committee.

“I applaud Chairman Nussle for his leadership in successfully passing an FY07 budget resolution that reins in federal spending and works to reduce the federal deficit while funding our nation’s priorities. It is a difficult political climate to pass responsible budgets and I commend Chairman Nussle for yesterday’s House Budget Committee action.

“I look forward to working with the Chairman, my colleagues here in the Senate, and members of the House Budget Committee to tackle the budgetary challenges that lie ahead.”
