Internship Opportunities

with Kent Conrad United States Senator North Dakota

"We are looking for talented men and women who are interested in government and public service. Our interns get an up-close look at the way the federal government operates. It's a great experience, and I'm glad we can offer it to deserving young people."

Senator Kent Conrad (D-ND)

A fifth generation North Dakotan, Senator Kent Conrad was elected to the United States Senate in 1986 after serving six years as North Dakota's Tax Commissioner. He won a special election in 1992 with 63% of the vote to fulfill the remaining two years of the late Senator Quentin Burdick's term. Senator Conrad has earned the nickname "Chainsaw" for his stand on deficit reduction. He is known as a champion of American agriculture, and one of his top priorities has been to bring new jobs and economic opportunities to North Dakota. His seats on the Agriculture, Budget, Finance, and Indian Affairs Committees are vital to serving the needs of his constituents. Senator Conrad is currently serving his second full term in the Senate.

Internships

Senator Conrad accepts several students for internships throughout each year. The program is designed to give interns an overview of the work in a congressional office, including the responsibilities and considerations of elected officials as they make public policy decisions. Interns are essential in the daily operations of the Senate offices. Assignments include researching legislation, attending hearings, answering telephones, and assisting with constituent concerns and mail.

An internship with Senator Conrad offers students a solid understanding of the legislative process and how a Senate office works to represent constituents. Interns gain not only knowledge and experience but also learn to work under pressure and prioritize multiple tasks. Many former interns go on to work as permanent staff members on Capitol Hill. Stipends are available for work in most of Senator Conrad's offices or some students arrange for academic credit. Housing and travel costs are the responsibility of the intern.
