Dear Friend,

As we reach the mid-point in the 108th Congress, I want to encourage you to provide me with your input and advice.

As your representative, I want to focus on the issues that are important to you and to our state. Improving our economy, assisting small business and creating jobs, making health care more affordable, supporting our troops and veterans, enhancing educational opportunities, and helping farmers and ranchers are at the top of the priority list.

During the past year, we have had success in Congress that will benefit Kansans. However, much more needs to be done in 2004.

As we begin a new year, I am conducting my eighth annual visit to all 69 counties in the First District. The listening tour schedule is shown on the following pages. In each of the last seven years, I have held town hall meetings in every county in the district. During the tour, I am able to travel more than 5,000 miles and meet with thousands of Kansans. These visits provide me an opportunity to meet with Kansans to answer questions and discuss concerns about federal issues and legislation. I hope you will come visit with me when I am in your area.

Moran discusses agriculture after an Ellsworth County town hall meeting in Wilson.

I also encourage you to complete the enclosed card and return it to me to receive a weekly email update on my activities in Congress and in Kansas. Please be sure to include your name, address and email address.

Your input is very important to me. I learn a lot every time I hear from folks in Kansas, and I look forward to hearing from you.

Wishing you all the best in the new year.

Very truly yours,

Jerry
