1           **TITLE I—WILDERNESS AREA**  
2                           **DESIGNATIONS**

3   **SEC. 101. FINDINGS AND PURPOSE.**

4           The purpose of this title is to designate approxi-  
5 mately 77,216 acres of National Forest System land in  
6 the Mount Hood National Forest as wilderness. The most  
7 recent designation of wilderness in the Mount Hood Na-  
8 tional Forest occurred in 1984, and the designation of an  
9 additional 77,216 acres by this title represents a 41 per-  
10 cent increase in the amount of wilderness designated in  
11 the national forest.

12   **SEC. 102. DESIGNATION OF WILDERNESS AREAS, MOUNT**  
13                           **HOOD NATIONAL FOREST.**

14           (a) DESIGNATION.—In furtherance of the purposes of  
15 this title and the Wilderness Act (16 U.S.C. 1131 et seq.),  
16 the following areas in the Mount Hood National Forest

4 considered to be a part of the Bull of the Woods  
5 Wilderness, as designated by section 3(4) of the Or-

1       porated in and shall be considered to be a part of  
2       the Mount Hood Wilderness, as designated by sec-  
3       tion 3 of the Wilderness Act (16 U.S.C. 1132).

4               (6) ROARING RIVER WILDERNESS.—National  
5       Forest System land comprising approximately  
6       37,749 acres, as generally depicted on the map enti-

21       (b) MAPS AND LEGAL DESCRIPTION.—

22              (1) SUBMISSION OF LEGAL DESCRIPTIONS.—As  
23       soon as practicable after the date of the enactment  
24       of this Act, the Secretary of Agriculture shall pre-  
25       pare and submit to Congress a legal description of

1 each wilderness area designated or expanded by sub-  
2 section (a). It is the intent of Congress that the final  
3 boundary description of the wilderness area be writ-  
4 ten so that any road or trail depicted on the map  
5 referred to in subsection (a) corresponding to that  
6 wilderness area as being inside of the designated  
7 area shall in fact be inside of the wilderness area  
8 and any road or trail depicted on the map as being  
9 outside of the designated area shall in fact be out-  
10 side of the wilderness area.

11 (2) FORCE OF LAW.—The maps referred to in  
12 subsection (a) and the legal descriptions prepared  
13 under paragraph (1) shall have the same force and  
14 effect as if included in this Act, except that the Sec-

16 legal descriptions. The Secretary shall notify Con-  
17 gress of any change made in a map or legal descrip-  
18 tion under the authority of this paragraph and the  
19 reason for the change.

20 (3) PUBLIC AVAILABILITY.—The maps referred  
21 to in subsection (a) and the legal descriptions pre-  
22 pared under paragraph (1) shall be filed and made  
23 available for public inspection in the appropriate of-  
24 fices of the Forest Service.

25 (c) CHARACTER OF DESIGNATED LAND.—

1           (1) EXCLUSION OF PRIVATE LAND.—It is the  
2           intent of Congress that the wilderness areas des-  
3           ignated or expanded by this section do not incor-  
4           porate any private land in-holding. If any private  
5           land is inadvertently included within the boundaries  
6           of a wilderness area designated or expanded by this  
7           section, the Secretary of Agriculture shall ensure  
8           that the landowner continues to have adequate ac-  
9           cess to the private land.

10          (2) EXCLUSION OF FERC PROJECT LANDS.—  
11          Lands inside the Federal Energy Regulatory Com-  
12          mission boundaries established as of the date of the  
13          enactment of this Act for a licensed hydroelectric  
14          project are excluded from wilderness areas des-  
15          ignated or expanded by this section. Operations,  
16          maintenance, and construction activities associated  
17          with such a project are not affected in any way by  
18          the designation or expansion of wilderness areas by  
19          this section.

20          (3) NO PRECEDENT VALUE.—Nothing in this  
21          subsection is intended to establish a precedent with  
22          regard to the designation of Federal land as wilder-  
23          ness by any provision of law enacted after the date  
24          of the enactment of this Act.

1           (4) COLUMBIA GORGE AIRSHED.—The designa-  
2           tion of wilderness by this section in the Columbia  
3           Gorge, as depicted on the map entitled “Gorge  
4           Ridgeline Wilderness” and dated June 2006, shall  
5           not result in the designation of a Class I airshed in  
6           the Columbia Gorge through Federal regulatory ac-  
7           tion.

8   **SEC. 103. ADMINISTRATION OF WILDERNESS AREAS.**

9           (a) MANAGEMENT.—Subject to valid existing rights,  
10          the National Forest System land designated as wilderness  
11          by section 102 shall be administered by the Secretary of  
12          Agriculture in accordance with this title and the Wilder-  
13          ness Act (16 U.S.C. 1131 et seq.), except that any ref-  
14          erence in the Wilderness Act to the effective date of such  
15          Act shall be considered to be a reference to the date of  
16          the enactment of this Act.

17          (b) INCORPORATION OF ACQUIRED LAND AND IN-  
18          TERESTS.—Any non-Federal land that is located within  
19          the boundaries of the National Forest System land des-  
20          ignated as wilderness by section 102 and is acquired by  
21          the United States after the date of the enactment of this  
22          Act shall—

23                 (1) become part of the wilderness area in which  
24                 the land is located; and

1           (2) be managed in accordance with this title  
2           and the Wilderness Act (16 U.S.C. 1131 et seq.).

3           (c) WITHDRAWAL.—Subject to valid existing rights,  
4 the National Forest System land designated as wilderness  
5 by section 102 is withdrawn from all forms of—

6           (1) entry, appropriation, or disposal under the  
7 public land laws;

8           (2) location, entry, and patent under the mining  
9 laws; and

10           (3) disposition under all laws pertaining to min-  
11 eral and geothermal leasing or mineral materials.

12           (d) FIRE, INSECT, AND DISEASE MANAGEMENT AC-  
13 TIVITIES.—In accordance with section 4(d)(1) of the Wil-  
14 derness Act (16 U.S.C. 1133(d)(1)) and House Report  
15 No. 98–40 of the 98th Congress, the Secretary of Agri-  
16 culture may take such measures on the National Forest  
17 System land designated as wilderness by section 102 as  
18 are necessary for the control of fire, insects, and diseases.

19           (e) SNOW SENSORS AND STREAM GAUGES.—Nothing  
20 in this title prevents the installation and maintenance of  
21 hydrologic, meteorologic, or climatological instrumentation  
22 on the National Forest System land designated as wilder-  
23 ness by section 102 if the Secretary of Agriculture deter-  
24 mines that hydrologic, meteorologic, or climatological in-  
25 strumentation is appropriate to further the scientific, edu-

1 cational, and conservation purposes of the wilderness  
2 areas.

3 (f) MILITARY ACTIVITIES.—Nothing in this Act pre-  
4 cludes low-level overflights of military aircraft, the des-  
5 igation of new units of special airspace, or the use or  
6 establishment of military flight training routes over the  
7 National Forest System land designated as wilderness by  
8 section 102.

9 (g) LIVESTOCK.—Grazing of livestock and the main-  
10 tenance of existing facilities related to grazing on the Na-  
11 tional Forest System land designated as wilderness by sec-  
12 tion 102, where established before the date of the enact-  
13 ment of this Act, shall be permitted to continue in accord-  
14 ance with—

15 (1) section 4(d)(4) of the Wilderness Act (16  
16 U.S.C. 1133(d)(4)); and

17 (2) the guidelines set forth in Appendix A of  
18 House Report 101–405 of the 101st Congress.

19 (h) FISH AND WILDLIFE MANAGEMENT.—

20 (1) IN GENERAL.—In furtherance of the pur-

23 management activities to maintain or restore fish  
24 and wildlife populations and fish and wildlife habi-  
25 tats on the National Forest System land designated

1 as wilderness by section 102 if such activities are  
2 consistent with applicable wilderness management  
3 plans and carried out in accordance with applicable  
4 guidelines and policies. Nothing in this Act affects  
5 the jurisdiction of the State of Oregon with respect  
6 to fish and wildlife on the public land located in the  
7 State.

8 (2) BULL TROUT RESTORATION PROJECT.—It  
9 is the intent of Congress that nothing in this title  
10 prevents the Secretary of Agriculture from con-  
11 ducting the Bull Trout restoration project underway  
12 as of the date of the enactment of this Act in Clear  
13 Branch Creek west of Lawrence Lake in order to re-  
14 store historic trout populations and habitat. Project  
15 work shall be carried out in accordance with the  
16 minimum tools policies of the Forest Service.

17 (i) CONTINUED USE BY MEMBERS OF INDIAN  
18 TRIBES.—

19 (1) ACCESS.—In recognition of the past use of  
20 the National Forest System land designated as wil-  
21 derness by section 102 by members of Indian tribes  
22 for traditional cultural and religious purposes, the  
23 Secretary of Agriculture shall ensure that Indian  
24 tribes have access to the wilderness areas for tradi-  
25 tional cultural and religious purposes.

1           (2) TEMPORARY CLOSURES.—In carrying out  
2 this subsection, the Secretary, at the request of an  
3 Indian tribe, may temporarily close to the general  
4 public one or more specific portions of the National  
5 Forest System land designated as wilderness by sec-  
6 tion 102 to protect the privacy of the members of  
7 the Indian tribe in the conduct of the traditional cul-  
8 tural and religious activities in the wilderness area.  
9 Any such closure shall be made in such a manner as  
10 to affect the smallest practicable area for the min-

12 carried out.

13           (3) APPLICABLE LAW.—Access to the wilder-

18 U.S.C. 1996 et seq.).

19           (j) ADJACENT MANAGEMENT.—Nothing in this Act  
20 creates protective perimeters or buffer zones around the  
21 National Forest System land designated as wilderness by  
22 section 102. The fact that nonwilderness activities or uses  
23 can be seen or heard from the designated wilderness shall  
24 not preclude the conduct of those activities or uses outside  
25 the boundary of the wilderness area.
