

Additional Possible Amendments to H.R. 3994 ***The Afghanistan Freedom Support Act***

Jackson-Lee: Encourages “particular emphasis” on health care for children who are orphans when expending economic and democratic development assistance funds on health care. Also encourages “particular emphasis” on basic education for children who are orphans when expending economic and democratic development assistance funds on education.

Jackson-Lee: Encourages “particular emphasis” on basic education for children when expending economic and democratic development assistance funds on education.

Jackson-Lee: Encourages the use of military assistance funds for the development of a civilian-controlled Afghan army that prohibits the use of children as soldiers or combatants.

Jackson-Lee: Conditions the appropriation of military assistance funds upon a determination by the President (and certification to Congress) that the Government of Afghanistan prohibits the use of children as soldiers or combatants.
