

Illegal immigration must stop now and it is up to Congress to make this happen.

From taking the toll on our health care and welfare systems, to committing crimes, illegal immigrants are leaving their mark on our country.

In December 2005, the House passed comprehensive immigration reform legislation which focused on securing our nation's borders. In spring 2006, the Senate passed their own immigration reform legislation, which is drastically different than the House version. I am working hard to make sure that the immigration reform legislation which is signed into law secures our borders, strengthens our interior immigration laws and stops illegal immigration.

Securing Our Borders

Congressman Sullivan strongly supports legislation that:

- ✓ Establishes more physical barriers along the border, including 700 miles of border fencing.
- ✓ Hires 12,000 border patrol and interior immigration enforcement agents.
- ✓ Ends the practice of "catch and release," the current policy of letting illegal aliens who are caught go free until their scheduled deportation hearing, where many fail to show.
- ✓ Gives employers the tools to ensure they are hiring a legal workforce.
- ✓ Rejects amnesty.
- ✓ Gives local and state law enforcement the tools necessary to enforce immigration laws.

No Amnesty

Congressman Sullivan opposes granting amnesty, in any form, to illegal aliens. We are a nation of laws and we must not reward those who have already broken the laws of our land.

"Border security is national security and I will do all I can to make sure that our borders are secure."
