Amendment made in order under the rule that was modified by the unanimous consent agreement:

Hastings, Doc #126: Increases funds authorized for the Department of Energy's Defense Site Acceleration Completion by \$50 million (the original amendment increased this account by \$100 million, which would have brought the total authorization for this program up to the President's budget request level). Offsets this increase with an equivalent reduction from the transportation capital fund in the Air Force Operation and Maintenance Account. **AGREED TO AS PART OF THE EN BLOC AMENDMENT**
