

March 30, 2006

Rep. Mike Rogers  
133 Cannon House Office Building  
Washington, DC 20515

Dear Rep. Rogers,

I am writing this letter on behalf of We Care America, to support your bill to protect the privacy of funerals on behalf of grieving military families.

As a faith-based organization, we value the sanctity of life and have the utmost respect for those serving in the armed services. In observance of the loss of a loved one, I must express my concerns of those who do not respect the families and friends of those who have given their lives for our country.

Regardless on one's view on wartime actions, our country's freedom was paid for by the blood of selfless veterans and the least we can do is to grant their families some privacy.

Thank you for stepping up to the plate on this important legislation.

Sincerely,

A handwritten signature in black ink, appearing to read "Pam Pryor", is written over a circular stamp.

Pamela D. Pryor  
Vice President Government Relations
