A BILL

To ensure that the Department of Energy has appropriate mechanisms to independently assess the effectiveness of its policy and site performance in the areas of safeguards and security and cyber security.

1	Be it	enacted	by	the	Senate	and	House	of	Representa-

- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Department of Energy
- 5 Security Oversight Improvement Act of 2000".
- 6 SEC. 2. FINDINGS.
- 7 The Congress finds that—
- 8 (1) internal Department of Energy oversight of 9 safeguards and security has suffered over the years 10 from inconsistent application, lack of senior manage-11 ment attention, reduced resources, and overlapping 12 and conflicting roles and responsibilities among var-13 ious Department offices;
 - (2) the Department of Energy is in need of a statutorily-based independent security oversight office with the responsibility to regularly assess the effectiveness of the Department's policy and site performance in the area of safeguards and security, including com-

2	findings annually;
3	(3) the Department of Energy's oversight of secu-
4	rity at its sites should be streamlined to reduce over-
5	lapping and redundant oversight, to improve account-
6	ability, and to ensure greater consistency in applica-
7	tion, findings, and reporting of results; and
8	(4) it is appropriate to establish a single, inde-
9	pendent security oversight office within the Depart-
10	ment of Energy, without prejudice to the continued
11	compliance assurance activities conducted at the De-
12	partment site level.
13	SEC. 3. OFFICE OF INDEPENDENT SECURITY OVERSIGHT.
14	(a) Office.—The Secretary of Energy shall maintain
15	an Office of Independent Security Oversight, which shall
16	be headed by a Director appointed by the Secretary without
17	regard to political affiliation and solely on the basis of in-
18	
	tegrity and demonstrated ability in the oversight and eval-

19 20 21 22	uation of security for nuclear and classified programs. The Director shall report directly to and be under the general supervision of the Secretary, but the Director shall not re-

25 carrying out, or completing any inspection, evaluation, or

- 1 report undertaken pursuant to this Act. Such Office shall
- 2 be responsible for carrying out the missions and functions
- 3 described in subsections (c) and (d), but the Office shall
- 4 have no authority to establish or require the implementa-
- 5 tion of any change to the policies, programs, or practices
- 6 of the Department of Energy.
- 7 (b) Experts and Consultants.—In addition to em-
- 8 ployees of the Department of Energy, the Director is author-
- 9 ized to utilize such experts and consultants as the Director
- 10 deems appropriate. For such purposes, the Director may
- 11 procure temporary and intermittent services under section
- 12 3109(b) of title 5, United States Code. Upon request of the
- 13 Director, the head of any Federal agency is authorized to
- 14 detail, on a reimbursable basis, any of the personnel of such
- 15 agency to the Director to assist the Director in carrying
- 16 out functions under this section.
- 17 (c) Mission.—The Office of Independent Security
- 18 Oversight shall be responsible for the independent evalua-
- 19 tion of the effectiveness of safeguards and security (includ-
- 20 ing computer security) policies, programs, and practices
- 21 throughout the Department of Energy, including the Na-
- 22 tional Nuclear Security Administration. The Office shall
- 23 identify security weaknesses, make recommendations to the
- 24 Secretary for improvement, and review the effectiveness and
- 25 timeliness of corrective actions taken by the Department.

1	(d) Functions.—The Office of Independent Security
2	Oversight shall perform the following functions:
3	(1) Conduct regular evaluations of safeguards
4	and security programs at Department of Energy sites
5	that have significant amounts of special nuclear ma-
6	terial, classified information, or other security inter-
7	ests. The scope of the evaluations shall include all as-
8	pects of safeguards and security, including physical
9	protection of special nuclear material, accountability
10	of special nuclear material, protection of classified
11	and sensitive information, classified and unclassified
12	computer security, personnel security, and inter-
13	actions with foreign nationals.
14	(2) Issue reports to the Secretary that clearly
15	identify specific findings relating to security weak-
16	nesses, and make recommendations for improvement
17	(3) Perform timely followup reviews to ensure
18	that any corrective actions implemented by the De-
19	partment are effective.
20	(4) Evaluate and assess Department of Energy
21	policies related to safeguards and security.
22	(5) Develop recommendations and opportunities
23	for improving safeguards and security policies, pro-

grams, and practices for submittal to the Secretary.

1	(6) Any other function the Secretary considers
2	appropriate and consistent with the mission described
3	in subsection (c).
4	(e) Timing of Regular Evaluations.—
5	(1) General Rule.—Except as provided in
6	paragraph (2), evaluations conducted under sub-
7	section $(d)(1)$ shall occur at least once every 2 years.
8	(2) Computer Security evaluations.—Eval-
9	uations conducted under subsection (d)(1) with re-
10	spect to classified and unclassified computer security
11	shall occur at least once every 18 months.
12	(f) Access to Information.—In carrying out this
13	section, the Director shall have access to all records and per-
14	sonnel of the Department concerning its safeguards and se-
15	curity programs, including classified and unclassified com-
16	puter security programs.
17	SEC. 4. REPORTS.
18	(a) Report by Office.—The Office of Independent
19	Security Oversight shall, before February 15 of each year,
20	transmit to the Secretary of Energy an unclassified report,
21	with a classified appendix if requested or necessary, sum-
22	marizing the activities of the Office during the immediately
23	preceding calendar year. Such report shall include—
24	(1) a summary of each significant report made
25	to the Secretary pursuant to this Act during the re-

1	porting period, including a description of key security
2	findings contained in those reports;
3	(2) the adequacy of corrective actions, if any,
4	taken by the Department to address significant prob-
5	lems and deficiencies;
6	(3) an identification of each significant problem
7	or deficiency described in previous annual reports on
8	which corrective action has not been effectively com-
9	pleted;
10	(4) a description and explanation of the reasons
11	for any significant revisions to security policy deci-
12	sions made during the reporting period; and
13	(5) a description of any significant security pol-
14	icy decision with which the Director is in disagree-
15	ment, along with an explanation of the reasons for
16	disagreement.
17	(b) Report by Secretary.—The Secretary of Energy
18	shall, before March 15 of each year, transmit to the appro-
19	priate committees of Congress, without alteration, the Of-
20	fice's annual report submitted under subsection (a), along
21	with an unclassified report, with a classified appendix if
22	requested or necessary, summarizing the Secretary's re-
23	sponse thereto. Such report from the Secretary shall
24	include—

2

(1) a description of the Secretary's response to

each significant report and security finding made to

3	the Secretary pursuant to this Act during the report-
4	ing period;
5	(2) an explanation of the reasons for any failure
6	on the part of the Department of Energy to remedy
7	security findings identified by the Office in the cur-
8	rent annual report and previous annual reports; and
9	(3) to the extent relevant, an explanation of how
10	the President's budget submissions will impact the
11	ability of the Department to remedy unresolved secu-
12	rity findings identified by the Office in its annual re-
13	ports.
14	(c) Public Availability.—Within 60 days after the
15	transmission of the annual reports to the Congress under
16	subsection (b), the Secretary of Energy shall make copies
17	of the unclassified portions of such reports available to the
18	public.
19	(d) Special Reports.—The Director of the Office of
20	Independent Security Oversight shall report immediately to
21	the Secretary of Energy whenever the Director becomes
22	aware of deficiencies relating to the security programs,
23	practices, or operations of the Department of Energy that
24	require an immediate response. The Secretary shall, within

25 7 calendar days after receiving a report under this sub-

- 1 section, notify the appropriate committees of Congress in
- 2 writing and explain the corrective actions taken to address
- 3 such deficiencies.
- 4 (e) Congressional Testimony and Briefings.—
- 5 The Director of the Office of Independent Security Over-
- 6 sight, whenever called to testify before any Committee of
- 7 Congress or to brief its Members or staff, shall provide the
- 8 Secretary of Energy with advance notice of the subject mat-
- 9 ter of that testimony or briefing, but shall provide the re-
- 10 quested information to the Congress without any further re-
- 11 view, clearance, or approval by any other official in the
- 12 Executive Branch.
- 13 SECTION 1. SHORT TITLE.
- 14 This Act may be cited as the "National Nu-
- 15 clear Security Administration Security Over-
- 16 sight Improvement Act of 2000".
- 17 SEC. 2. OFFICE OF INDEPENDENT SECURITY OVERSIGHT.
- 18 (a) Office Required.—Subtitle B of the
- 19 National Nuclear Security Administration Act
- 20 (title XXXII of Public Law 106-65; 113 Stat.
- 21 **953**; **50** U.S.C. **2401** et seq.) is amended by in-
- 22 serting at the end the following new section:

"SEC. 3237. OFFICE OF INDEPENDENT SECURITY OVER-2 SIGHT. "(a) Office Required.—The Administrator 3 shall maintain an Office of Independent Security Oversight, which shall be headed by a Di-5 rector appointed by the Administrator without regard to political affiliation and solely on the basis of integrity and demonstrated ability in the oversight and evaluation of security for nuclear and classified programs. The Director shall report directly to and be under 12 the general supervision of the Administrator, but the Director shall not be subject to supervision by any other office or officer of the Administration or of the Department of Energy. Neither the Secretary of Energy nor the Administrator shall prevent, prohibit, or delay the Director from initiating, carrying out, or completing any inspection, evaluation, or report undertaken pursuant to this section or from submitting to the Congress any such re-22 port. Such Office shall be responsible for carrying out the missions and functions de-24 scribed in subsections (c) and (d), but the Of-25 fice shall have no authority to establish or re-26 quire the implementation of any change to

- 1 the policies, programs, or practices of the Ad-
- 2 ministration.
- 3 "(b) EXPERTS AND CONSULTANTS.—In addi-
- 4 tion to employees of the Administration, the
- 5 Director is authorized to utilize such experts
- 6 and consultants as the Director deems appro-
- 7 priate. For such purposes, the Director may
- 8 procure temporary and intermittent services
- 9 under section 3109(b) of title 5, United States
- 10 Code. Upon request of the Director, the head
- 11 of any Federal agency is authorized to detail,
- 12 on a reimbursable basis, any of the personnel
- 13 of such agency to the Director to assist the Di-
- 14 rector in carrying out functions under this
- 15 section.
- 16 "(c) Mission.—The Office of Independent
- 17 Security Oversight shall be responsible for
- 18 the independent evaluation of the effective-
- 19 ness of safeguards and security (including
- 20 computer security) policies, programs, and
- 21 practices of the Administration. The Office
- 22 shall identify security weaknesses, make rec-
- 23 ommendations to the Administrator for im-
- 24 provement, and review the effectiveness and

- 1 timeliness of corrective actions taken by the 2 Administration.
- 3 "(d) FUNCTIONS.—The Office of Inde-
- 4 pendent Security Oversight shall perform the
- **following functions:**
 - "(1) Conduct regular evaluations of safeguards and security programs at Administration sites that have significant amounts of special nuclear material, classified information, or other security interests. The scope of the evaluations shall include all aspects of safeguards and security, including physical protection of special nuclear material, accountability of special nuclear material, protection of classified and sensitive information, classified and unclassified computer security, personnel security, and interactions with foreign nationals.
 - "(2) Issue reports to the Administrator that clearly identify specific findings relating to security weaknesses, and make recommendations for improvement.
 - "(3) Perform timely followup reviews to assess the effectiveness of any correc-

tion policies related to safeguards and security.
