

DEPARTMENT OF THE ARMY  
OFFICE OF THE ASSISTANT SECRETARY  
CIVIL WORKS  
108 ARMY PENTAGON  
WASHINGTON DC 20310-0108

15 SEP 2005

REPLY TO  
ATTENTION OF

Honorable Jerry Lewis  
Chairman  
Committee on Appropriations  
United States House of Representatives  
Washington, D. C. 20515

Dear Mr. Chairman:

This letter transmits the Army's initial weekly report on allocations and obligations by the Army Corps of Engineers of amounts appropriated for Civil Works Operation and Maintenance, General (O&M), and Flood Control and Coastal Emergencies (FCCE) in Public Law 109-62, the Second Emergency Supplemental Appropriations Act to Meet Immediate Needs Arising from the Consequences of Hurricane Katrina, 2005.

The three enclosures provide (1) a summary by state of allocations and obligations covering both accounts; (2) a listing by project or project element of allocations and obligations in the O&M account; and (3) a listing by project or project element of allocations and obligations in the FCCE account. Descriptions of work also are provided. In summary, the Corps has allocated \$170 million of the \$200 million appropriated for O&M and \$125 million of the \$200 million appropriated for FCCE. We expect nearly all of the funds to be allocated by next week, and most of the allocated funds to be obligated soon thereafter by the Corps Districts carrying out the work.

As work proceeds, the initial allocations among projects and project elements shown in the enclosures will almost certainly change. These changes will be reflected in future weekly reports.

Identical letters are being sent to the Chairmen of the Senate Appropriations Committee and the House and Senate Appropriations Subcommittees on Energy and Water Development.

Very truly yours,

John Paul Woodley, Jr.  
Assistant Secretary of the Army  
(Civil Works)

Enclosures  
CF: Honorable David Obey  
Ranking Member
