Dear Mr. Chairman:

This letter transmits the Army's thirtieth and final weekly report on allocations and obligations by the Army Corps of Engineers of the amounts appropriated for Civil Works Operation and Maintenance, General (O&M), and Flood Control and Coastal Emergencies (FCCE) in Public Law 109-62, the Second Emergency Supplemental Appropriations Act to Meet Immediate Needs Arising from the Consequences of Hurricane Katrina, 2005.

Three enclosures provide (1) a summary by state of allocations and obligations covering both accounts; (2) a listing by project or project element of allocations and obligations in the O&M account; and (3) a listing by project or project element of allocations and obligations in the FCCE account. Descriptions of work also are provided. The Corps has allocated \$135 million and obligated \$126 million in O&M funds. The Corps has allocated \$265 million and obligated \$254 million in FCCE funds. The report reflects a transfer of \$65 million from the O&M account to the FCCE account, in accordance with the authority provided in Public Law 84-99, as amended.
