

DEPARTMENT OF THE ARMY
OFFICE OF THE ASSISTANT SECRETARY
CIVIL WORKS
108 ARMY PENTAGON
WASHINGTON DC 20310-0108

29 SEP 2005

REPLY TO
ATTENTION OF

Honorable Jerry Lewis
Chairman
Committee on Appropriations
United States House of Representatives
Washington, D. C. 20515

Dear Mr. Chairman:

This letter transmits the Army's third weekly report on allocations and obligations by the Army Corps of Engineers of the amounts appropriated for Civil Works Operation and Maintenance, General (O&M), and Flood Control and Coastal Emergencies (FCCE) in Public Law 109-62, the Second Emergency Supplemental Appropriations Act to Meet Immediate Needs Arising from the Consequences of Hurricane Katrina, 2005.

Three enclosures provide (1) a summary by state of allocations and obligations covering both accounts; (2) a listing by project or project element of allocations and obligations in the O&M account; and (3) a listing by project or project element of allocations and obligations in the FCCE account. Descriptions of work also are provided. The Corps has allocated \$190 million and obligated \$6 million of the \$200 million appropriated for O&M. The Corps has allocated \$156 million and obligated \$32 million of the \$200 million appropriated for FCCE.

As work proceeds, the allocations among projects and project elements shown in the enclosures will almost certainly change. These changes will be reflected in future weekly reports.

Identical letters are being sent to the Chairmen of the Senate Appropriations Committee and the House and Senate Appropriations Subcommittees on Energy and Water Development.

Very truly yours,

Claudia Forblom
For John Paul Woodley, Jr.
Assistant Secretary of the Army
Civil Works
