I. STATEMENT OF PURPOSE

The Hellenic Caucus was established in accordance with the United States House of Representative Oversight Committee's regulation issued on February 8, 1995, governing Congressional Member Organizations. The purpose of this bipartisan organization is to foster and improve relations between the United States and Greece. The Caucus will bring a renewed Congressional focus on key diplomatic, military, and human rights issues in a critical part of the world. This informal group of Members will act together to promote legislation, monitor and arrange briefings on current events, and disseminate information to interested parties. Some of the topics on which the Caucus will focus include U.S. aid to Greece and Cyprus, the conflict in Cyprus, U.S. relations with the Former Yugoslav Republic of Macedonia, and recent developments in the Aegean.
