Dear Representative Stark:

The undersigned members of the Leadership Council of Aging Organizations (LCAO) strongly endorse the bill you proposed to help individuals age 55-64 years buy into the Medicare program at an affordable price.

Older Americans who are not yet eligible for Medicare have a difficult time finding affordable health care and in some cases may find that no insurer will cover them at a time in their life when they most need health insurance protection.

Your bill, which combines the efficiency of Medicare's mass market purchasing power with the affordability provided by refundable tax credits, effectively solves one of our nation's toughest uninsured problems.

We wish you success in this important legislative effort, and we will be happy to work with you and your co-sponsors in promoting its passage.

Sincerely,
