Promise Made, Promise Kept:
Giving Veterans the quality
health care they deserve

“The sacrifices our Veterans made provide the foundations of our very freedom. I’m proud to help honor our Veterans by bringing high quality, accessible healthcare systems to Veterans living in Jim Hogg, La Salle, Webb and Zapata counties.”

– Congressman Henry Cuellar

Expanding access to high quality health care

Congressman Henry Cuellar is improving access to Veterans’ health care. Since coming to Congress, Congressman Cuellar has worked to bring high quality health care directly to Veterans in Jim Hogg, La Salle, Webb and Zapata counties, ensuring our Veterans receive critical services without traveling long distances. Now, new health care services will be provided in Laredo — closer to home — through a partnership between the South Texas Veterans Health Care System and local health care providers.
