

A NEW DIRECTION FOR VETERANS & TROOPS

A PROGRESS REPORT ON THE 110th CONGRESS

A top priority for the new Congress has been to fulfill our commitment to honor our troops and veterans' service to the nation.

By improving veterans' health care, rebuilding our military, and strengthening benefits for our troops and military families, we are working to keep our promises to our courageous and faithful men and women in uniform.

For too long, officials in Washington have neglected our troops and veterans in a time of war.

On the battlefield, the military pledges to leave no soldier behind. As a nation, let it be our pledge that when they return home, we leave no veteran behind.

Focusing quality care on the 263,000 veterans returning from Iraq and Afghanistan, particularly those with Post-Traumatic Stress Disorder and Traumatic Brain Injury

Keeping our commitment with the American Legion, Disabled American Veterans (DAV), Veterans of Foreign Wars (VFW), and other major veterans' groups strongly endorsing this historic legislation as a "major victory" and an "impressive commitment" to our veterans.

Addressing the immediate health care needs of Iraq and Afghanistan veterans (including mental health care and benefit claims) and restoring VA health facilities, by adding \$5.2 billion in FY 2007
