Description

•Note: Each funding opportunity description is a synopsis of information in the Federal Register application notice. For specific information about eligibility, please see the official application notice. The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available on GPO Access at: <http://www.access.gpo.gov/nara/index.html>. Please review the official application notice for pre-application and application requirements, application submission information, performance measures, priorities and program contact information. Purpose of Program: The purpose of the CSP is to increase national understanding of the charter school model and to expand the number of high-quality charter schools available to students across the Nation by providing financial assistance for the planning, program design, and initial implementation of charter schools, and to evaluate the effects of charter schools, including their effects on students, student academic achievement, staff, and parents. The non-State Educational Agency (non-SEA) grants for planning, program design, and implementation, and non-SEA grants for dissemination provide funds for these purposes to eligible applicants in States in which the SEA does not have an approved application under the CSP. Non-SEA eligible applicants that propose to use grant funds for planning, program design, and implementation must apply under CFDA No. 84.282B. Non-SEA eligible applicants that request funds for dissemination activities must submit their applications under CFDA No. 84.282C. Catalog of Federal Domestic Assistance (CFDA) Numbers: 84.282C.
