

How Will We Welcome Them Home?

A Resource Directory
for Our Military Men and Women,
Our Veterans, and Their Families

A Message from *U.S. Representative Heather Wilson*

How Will We Welcome Them Home?

As a community and individually, we ask this question as men and women from New Mexico return home from assignments overseas.

In World War II one in ten citizens served in uniform. In 2008 two in 1,000 citizens serve in uniform. Individuals and organizations are seeking ways to support those who serve in the military, veterans and their families.

Services are available, but the burden to find them too often rests upon the military members, veterans or their families. Services tend to operate in isolation. Needs vary—employment, education and training, mental health, disability, health care, family support and others. No one agency can meet the needs of these men and women.

I am pleased that a group of committed individuals came together to develop an easily accessible system of care for veterans, returning military members and their families.

With the distribution of the 1st Edition of the *How Will We Welcome Them Home? Resource Directory*, we are taking an important step to reduce barriers and increase knowledge.

“We are taking an important step to reduce barriers and increase knowledge.”

I thank those who participated in this effort to support our military men and women, veterans and their families. I invite others who provide services or want to offer their services to veterans, military members and their families to contact my office to be added to the Resource Directory.

Thank you to those who serve in our Armed Forces, defending America’s freedoms.

Heather Wilson
Member of Congress

Description:

NMVAHCS is a tertiary care facility offering a broad range of medical and behavioral health services to veterans at the main facility in Albuquerque, six (6) rural-based VA-staffed Community-Based Outpatient Clinics located in Artesia, Farmington, Gallup, Raton, Santa Fe, Silver City, and five (5) rural-based Contract Community-Based Outpatient Clinics located in Alamogordo, Durango, (CO), Espanola, Las Vegas, and Truth or Consequences.

Services:

Medical services include Primary Care and Specialty Services (for example, Stroke and Rehabilitation Services, Neuropsychology, Orthotics/Prosthetics, Renal, Physical/Speech/Occupational Therapy programs, Blind Rehabilitation, and Dental) and Emergency Medicine (Albuquerque).

In FY2007, NMVAHCS inaugurated a "one-stop shop" for veterans returning from combat in Iraq and Afghanistan. The OEF/OIF Intake Clinic opened so that combat veterans who are new to the VA system could get maximum efficiency from their first visit. Soon after an OEF/OIF veteran enrolls with NMVAHCS, he or she receives an appointment that includes a general orientation, an explanation of their VA benefits, lab work, a standard medical appointment, and a Behavioral Health Screening Exam for Post Traumatic Stress Disorder (PTSD) and Traumatic Brain Injury (TBI). By the time the veteran meets with his or her primary care physician during that initial visit, the lab results are complete, thereby completing several appointments with one initial visit.

Veterans who are homeless or who may be transitioning to settled residential status have access to programs at NMVAHCS.

At NMVAHCS, many opportunities are available for veterans to learn new skills, find employment, and learn to transition back into civilian life.

Rehabilitation staff collaborate with Orthotics/Prosthetics providers and the Veterans Benefits Administration (VBA) to assure that veterans who may require housing modifications in their current dwelling receive all resources for which they are eligible.

Strong relationships exist between the Veteran Service Organizations (VSOs) and NMVAHCS. At the Albuquerque campus, VSOs retain office space so that veterans seeking assistance with claims processing or other issues may access those entities easily and quickly. VSOs also have offices in the Veterans Benefits Administration (VBA) regional office at 500 Gold Street SW, Albuquerque.
