¹ The average number of lines in 2007 was calculated by averaging the number of lines at the end of years 2006 and 2007. Because year-end line counts have not yet been filed with the Commission, the number of lines at the end of 2007 was estimated using a straight line projection of data from 2004 to 2006. For carriers with line count data for only the end of year 2006 (i.e., BEAVER CREEK TIMBERLN and ALLBAND COMM COOP), end of year 2007 data were estimated using the Universal Service Administrative Company's most recent FCC High Cost Loop filing.
