SEC. 317. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar. Program accomplishments shall be based on volume sold. Should Region 10 sell, in the current fiscal year, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, all of the western redcedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in the current fiscal year, less than the annual average portion of the decadal allowable sale quantity called for in the Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, the volume of western redcedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (1) which is surplus to the needs of domestic processors in Alaska; and (2) is that percent of the surplus western redcedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western redcedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western redcedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has presented to the Forest Service documentation of the inability to sell western redcedar logs from a given sale to domestic Alaska processors at a price equal to or greater than the log selling value stated in the contract. All additional western redcedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

Alaska.

SEC. 342. (a) FINDINGS.—

(1) In 1953, Public Land Order 899 (PLO 899) eliminated approximately 80 acres from the Tongass National Forest, for the Community of Elfin Cove, Alaska. From 1953 until 2001, the USDA Forest Service believed two small islets within the Elfin Cove Harbor (Lots 1 and 2 of U.S. Survey 13150, approximately 0.29 acres) were included as part of PLO 899. However, due to a Bureau of Land Management rule in effect when PLO 899 was issued, ownership of unsurveyed, unmapped islets remained with the original landowner, in this case the United States.

(2) These two islets are needed by the Community of Elfin Cove to resolve public health and safety problems.

(3) The two islets serve no national forest purposes, but the Forest Service has no authority to transfer ownership of them to the Community of Elfin Cove, without receiving fair market value for the land interests.

(4) Neither the Bureau of Land Management nor the Forest Service intended to retain Federal ownership of these two islets, and they remained in ownership of the United States only through an inadvertent error.

(5) Conveyance of these two islets from the United States to the Community of Elfin Cove, Alaska, without consideration, is in the public interest.

(b) Based on the findings in subsection (a) and notwithstanding any other provision of law, Congress hereby authorizes and directs the Secretary of Agriculture to convey in fee simple without compensation, Lots 1 and 2 of U.S. Survey 13150, comprising approximately 0.29 acres, to the Community of Elfin Cove, Alaska.

SEC. 343. (a) Notwithstanding any other provision of law, and until October 1, 2007, the Indian Health Service may not disburse funds for the provision of health care services pursuant to Public Law 93-638 (25 U.S.C. 450 et seq.) to any Alaska Native village or Alaska Native village corporation that is located within the area served by an Alaska Native regional health entity.

(b) Nothing in this section shall be construed to prohibit the disbursal of funds to any Alaska Native village or Alaska Native village corporation under any contract or compact entered into prior to May 1, 2004, or to prohibit the renewal of any such agreement.

Health and
health care.

(c) For the purpose of this section, Eastern Aleutian Tribes, Inc., shall be treated as an Alaska Native regional health entity to whom funds may be disbursed under this section.

SEC. 344. Notwithstanding any other provision of law and using funds previously appropriated for such purpose under Public Law 106-291 (\$1,630,000) and Public Law 108-199 (\$2,300,000), the National Park Service shall (1) not later than 60 days after enactment of this section purchase the seven parcels of real property in Seward, Alaska identified by Kenai Peninsula tax identification numbers 14910001, 14910002, 14911033, 14913005, 14913020, 14913007, and 14913008 that have been selected for the administrative complex, visitor facility, plaza and related parking for the Kenai Fjords National Park and Chugach National Forest which shall hereafter be known as the Mary Lowell Center; and (2) transfer to the City of Seward any remaining balance of previously appropriated funds not necessary for property acquisition and design upon the vacation by the City of Seward of Washington Street between 4th Avenue and 5th Avenue and transfer of title of the appropriate portions thereof to the Federal Government, provided that the City of Seward uses any such funds for the related waterfront planning, pavilions, boardwalks, trails, or related purposes that compliment the new Federal facility.

(2) not distribute an amount from the obligation limitation for Federal-aid highways that is equal to the unobligated balance of amounts made available from the Highway Trust Fund (other than the Mass Transit Account) for Federal-aid highways and highway safety programs for the prior fiscal years the funds for which are allocated by the Secretary;

(3) determine the ratio that—

(A) the obligation limitation for Federal-aid Highways less the aggregate of amounts not distributed under paragraphs (1) and (2), bears to

(B) the total of the sums authorized to be appropriated for Federal-aid highways and highway safety construction programs (other than sums authorized to be appropriated for sections set forth in paragraphs (1) through (7) of subsection (b) and sums authorized to be appropriated for section 105 of title 23, United States Code, equal to the amount referred to in subsection (b)(8)) for such fiscal year less the aggregate of the amounts not distributed under paragraph (1) of this subsection;

SEC. 202. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds the following:

(3) Every generation of American citizens should have an opportunity to understand and appreciate the continuing legacy of the American Revolution.

(4) This 225th anniversary provides an opportunity to enhance public awareness and understanding of the impact of the American Revolution’s legacy on the lives of citizens today.

(5) Although the National Park Service administers battlefields, historical parks, historic sites, and programs that address elements of the story of the American Revolution, there is a need to establish partnerships that link sites and programs

administered by the National Park Service with those of other Federal and non-Federal entities in order to place the story of the American Revolution in the broad context of its causes, consequences, and meanings.

(6) The story and significance of the American Revolution can best engage the American people through a national program of the National Park Service that links historic structures and sites, routes, activities, community projects, exhibits, and multimedia materials, in a manner that is both unified and flexible.

(b) **PURPOSES.**—The purposes of this Act are as follows:

(1) To recognize the enduring importance of the American Revolution in the lives of American citizens today.

(2) To authorize the National Park Service to coordinate, connect, and facilitate Federal and non-Federal activities to commemorate, honor, and interpret the history of the American Revolution, its significance, and its relevance to the shape and spirit of American Government and society.

The investigation may be initiated for reasons other than completeness and obvious inaccuracies by the employer in complying with this subsection.

“(ii) If the Secretary of Labor receives specific credible information from a source who is likely to have knowledge of an employer’s practices or employment conditions, or an employer’s compliance with the employer’s labor condition application under paragraph (1), and whose identity is known to the Secretary of Labor, and such information provides reasonable cause to believe that the employer has committed a willful failure to meet a condition of paragraph (1)(A), (1)(B), (1)(C), (1)(E), (1)(F), or (1)(G)(i)(I), has engaged in a pattern or practice of failures to meet such a condition, or has committed a substantial failure to meet such a condition that affects multiple employees, the Secretary of Labor may conduct an investigation into the alleged failure or failures. The Secretary of Labor may withhold the identity of the source from the employer, and the source’s identity shall not be subject to disclosure under section 552 of title 5, United States Code.

“(vii) The Secretary of Labor shall provide notice to an employer with respect to whom there is reasonable cause to initiate an investigation described in clauses (i) or (ii), prior to the commencement of an investigation under such clauses, of the intent to conduct an investigation. The notice shall be provided in such a manner, and shall contain sufficient detail, to permit the employer to respond to the allegations before an investigation is commenced. The Secretary of Labor is not required to comply with this clause if the Secretary of Labor determines that to do so would interfere with an effort by the Secretary of Labor to secure compliance by the employer with the requirements of this subsection. There shall be no judicial review of a determination by the Secretary of Labor under this clause. Notice.

“(viii) An investigation under clauses (i) or (ii) may be conducted for a period of up to 60 days. TITLE V—NATIONAL AVIATION HERITAGE AREA

National
Aviation
Heritage Area
Act.**SEC. 501. SHORT TITLE.**

16 USC 461 note.

This title may be cited as the “National Aviation Heritage Area Act”.

SEC. 502. FINDINGS AND PURPOSE.

16 USC 461 note.

(a) **FINDINGS.**—Congress finds the following:

(1) Few technological advances have transformed the world or our Nation’s economy, society, culture, and national character as the development of powered flight.

(2) The industrial, cultural, and natural heritage legacies of the aviation and aerospace industry in the State of Ohio are nationally significant.

(3) Dayton, Ohio, and other defined areas where the development of the airplane and aerospace technology established our Nation’s leadership in both civil and military aeronautics and astronautics set the foundation for the 20th Century to be an American Century.

(4) Wright-Patterson Air Force Base in Dayton, Ohio, is the birthplace, the home, and an integral part of the future of aerospace.

(5) The economic strength of our Nation is connected integrally to the vitality of the aviation and aerospace industry, which is responsible for an estimated 11,200,000 American jobs.

(6) The industrial and cultural heritage of the aviation and aerospace industry in the State of Ohio includes the social history and living cultural traditions of several generations.

(7) The Department of the Interior is responsible for protecting and interpreting the Nation’s cultural and historic resources, and there are significant examples of these resources within Ohio to merit the involvement of the Federal Government to develop programs and projects in cooperation with the Aviation Heritage Foundation, Incorporated, the State of Ohio, and other local and governmental entities to adequately conserve, protect, and interpret this heritage for the educational and recreational benefit of this and future generations of Americans, while providing opportunities for education and revitalization.

(8) Since the enactment of the Dayton Aviation Heritage Preservation Act of 1992 (Public Law 102–419), partnerships among the Federal, State, and local governments and the private sector have greatly assisted the development and preservation of the historic aviation resources in the Miami Valley.

(9) An aviation heritage area centered in Southwest Ohio is a suitable and feasible management option to increase

collaboration, promote heritage tourism, and build on the established partnerships among Ohio's historic aviation resources and related sites.

(10) A critical level of collaboration among the historic aviation resources in Southwest Ohio cannot be achieved without a congressionally established national heritage area and the support of the National Park Service and other Federal agencies which own significant historic aviation-related sites in Ohio.

(11) The Aviation Heritage Foundation, Incorporated, would be an appropriate management entity to oversee the development of the National Aviation Heritage Area.

(12) Five National Park Service and Dayton Aviation Heritage Commission studies and planning documents: "Study of Alternatives: Dayton's Aviation Heritage", "Dayton Aviation Heritage National Historical Park Suitability/Feasibility Study", "Dayton Aviation Heritage General Management Plan", "Dayton Historic Resources Preservation and Development Plan", and Heritage Area Concept Study, demonstrated that sufficient historical resources exist to establish the National Aviation Heritage Area.

(13) With the advent of the 100th anniversary of the first powered flight in 2003, it is recognized that the preservation of properties nationally significant in the history of aviation is an important goal for the future education of Americans.

(14) Local governments, the State of Ohio, and private sector interests have embraced the heritage area concept and desire to enter into a partnership with the Federal Government to preserve, protect, and develop the Heritage Area for public benefit.

(15) The National Aviation Heritage Area would complement and enhance the aviation-related resources within the National Park Service, especially the Dayton Aviation Heritage National Historical Park, Ohio.

(b) PURPOSE.—The purpose of this title is to establish the Heritage Area to—

(1) encourage and facilitate collaboration among the facilities, sites, organizations, governmental entities, and educational institutions within the Heritage Area to promote heritage tourism and to develop educational and cultural programs for the public;

(2) preserve and interpret for the educational and inspirational benefit of present and future generations the unique and significant contributions to our national heritage of certain historic and cultural lands, structures, facilities, and sites within the National Aviation Heritage Area;

(3) encourage within the National Aviation Heritage Area a broad range of economic opportunities enhancing the quality of life for present and future generations;

(4) provide a management framework to assist the State of Ohio, its political subdivisions, other areas, and private organizations, or combinations thereof, in preparing and implementing an integrated Management Plan to conserve their aviation heritage and in developing policies and programs that will preserve, enhance, and interpret the cultural, historical, natural, recreation, and scenic resources of the Heritage Area; and

(5) authorize the Secretary to provide financial and technical assistance to the State of Ohio, its political subdivisions, and private organizations, or combinations thereof, in preparing and implementing the private Management Plan.

“(3) LIMITATION NOT APPLICABLE WHERE NO NETWORK AFFILIATES.—The limitations in paragraphs (1) and (2) shall not prohibit a retransmission under this section to a subscriber located in a local market in which there are no network stations affiliated with the same television network as the station whose signal is being retransmitted pursuant to this section.

“(4) AUTHORITY TO GRANT STATION-SPECIFIC WAIVERS.—Paragraphs (1) and (2) shall not prohibit a retransmission of a network station to a subscriber if and to the extent that the network station in the local market in which the subscriber is located, and that is affiliated with the same television network, has privately negotiated and affirmatively granted a waiver from the requirements of paragraph (1) and (2) to such satellite carrier with respect to retransmission of the significantly viewed station to such subscriber.

“(c) PUBLICATION AND MODIFICATIONS OF LISTS; REGULATIONS.—

Deadline.

“(1) IN GENERAL.—The Commission shall—

“(A) within 60 days after the date of enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004—

“(A) by which stations may be added to those that are eligible for retransmission under subsection (a), and by which communities may be added in which such stations are eligible for such retransmission; and

“(B) by which network nonduplication or syndicated exclusivity regulations are applied to the retransmission in accordance with subsection (e).

“(d) EFFECT ON OTHER OBLIGATIONS AND RIGHTS.—

“(1) NO EFFECT ON CARRIAGE OBLIGATIONS.—Carriage of a signal under this section is not mandatory, and any right of a station licensee to have the signal of such station carried under section 338 is not affected by the eligibility of such station to be carried under this section.

“(2) RETRANSMISSION CONSENT RIGHTS NOT AFFECTED.—The eligibility of the signal of a station to be carried under this section does not affect any right of the licensee of such station to grant (or withhold) retransmission consent under section 325(b)(1).

“(e) NETWORK NONDUPLICATION AND SYNDICATED EXCLUSIVITY.—

“(1) NOT APPLICABLE EXCEPT AS PROVIDED BY COMMISSION REGULATIONS.—Signals eligible to be carried under this section are not subject to the Commission’s regulations concerning network nonduplication or syndicated exclusivity unless, pursuant to regulations adopted by the Commission, the Commission determines to permit network nonduplication or syndicated exclusivity to apply within the appropriate zone of protection.

“(2) LIMITATION.—Nothing in this subsection or Commission regulations shall permit the application of network nonduplication or syndicated exclusivity regulations to the retransmission of distant signals of network stations that are carried by a satellite carrier pursuant to a statutory license under section 119(a)(2)(A) or (B) of title 17, United States Code, with respect to persons who reside in unserved households, under 119(a)(4)(A), or under section 119(a)(12), of such title.

“(f) ENFORCEMENT.—

“(1) ORDERS AND DAMAGES.—Upon complaint, the Commission shall issue a cease and desist order to any satellite carrier found to have violated this section in carrying any television broadcast station. Such order may, if a complaining station requests damages—

“(A) provide for the award of damages to a complaining station that establishes that the violation was committed in bad faith, in an amount up to \$50 per subscriber, per station, per day of the violation; and

“(B) provide for the award of damages to a prevailing satellite carrier if the Commission determines that the

complaint was frivolous, in an amount up to \$50 per subscriber alleged to be in violation, per station alleged, per day of the alleged violation.

Deadline.

“(2) COMMISSION DECISION.—The Commission shall issue a final determination resolving a complaint brought under this subsection not later than 180 days after the submission of a complaint under this subsection. The Commission may hear witnesses if it clearly appears, based on written filings by the parties, that there is a genuine dispute about material facts. Except as provided in the preceding sentence, the Commission may issue a final ruling based on written filings by the parties.

“(3) REMEDIES IN ADDITION.—The remedies under this subsection are in addition to any remedies available under title 17, United States Code.

“(4) NO EFFECT ON COPYRIGHT PROCEEDINGS.—Any determination, action, or failure to act of the Commission under this subsection shall have no effect on any proceeding under title 17, United States Code, and shall not be introduced in evidence in any proceeding under that title. In no instance shall a Commission enforcement proceeding under this subsection be required as a predicate to the pursuit of a remedy available under title 17.

“(g) NOTICES CONCERNING SIGNIFICANTLY VIEWED STATIONS.—Each satellite carrier that proposes to commence the retransmission of a station pursuant to this section in any local market shall—

Deadline.

“(1) not less than 60 days before commencing such retransmission, provide a written notice to any television broadcast station in such local market of such proposal; and

“(2) designate on such carrier’s website all significantly viewed signals carried pursuant to section 340 and the communities in which the signals are carried.

“(A) the satellite carrier has notified the station, pursuant to paragraph (3), that it intends to carry another affiliate of the same network pursuant to this section during the relevant election period in the station’s local market; or

“(B) on the date notification under paragraph (3) was due, the satellite carrier was retransmitting into the station’s local market pursuant to this section an affiliate of the same television network.

“(2) UNIFIED NEGOTIATIONS.—In revising its regulations as required by paragraph (1), the Commission shall provide that any such station shall conduct a unified negotiation for the

entire portion of its local market for which retransmission consent is elected.

“(i) **FOR THOSE RECEIVING DISTANT ANALOG SIGNALS.**—In the case of a subscriber of a satellite carrier who is eligible to receive the analog signal of a network station solely by reason of section 119(e) of title 17, United States Code (in this subparagraph referred to as a ‘distant analog signal’), and who, as of October 1, 2004, is receiving the distant analog signal of that network station, the following shall apply:

“(I) In a case in which the satellite carrier makes available to the subscriber the analog signal of a local network station affiliated with the same television network pursuant to section 338, the carrier may only provide the secondary transmissions of the distant analog signal of a station affiliated with the same network to that subscriber—

Deadline.

“(aa) if, within 60 days after receiving the notice of the satellite carrier under section 338(h)(1) of this Act, the subscriber elects to retain the distant analog signal; but

“(bb) only until such time as the subscriber elects to receive such local analog signal.

Deadline.

“(II) Notwithstanding subclause (I), the carrier may not retransmit the distant analog signal to any subscriber who is eligible to receive the analog signal of a network station solely by reason of section 119(e) of title 17, United States Code, unless such carrier, within 60 days after the date of the enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004, submits to that television network the list and statement required by subparagraph (F)(i).

“(ii) FOR THOSE NOT RECEIVING DISTANT ANALOG SIGNALS.—In the case of any subscriber of a satellite carrier who is eligible to receive the distant analog signal of a network station solely by reason of section 119(e) of title 17, United States Code, and who did not receive a distant analog signal of a station affiliated with the same network on October 1, 2004, the carrier may not provide the secondary transmissions of the distant analog signal of a station affiliated with the same network to that subscriber.

“(B) RULES FOR OTHER SUBSCRIBERS TO ANALOG SIGNALS.—In the case of a subscriber of a satellite carrier who is eligible to receive the analog signal of a network station under this section (in this subparagraph referred to as a ‘distant analog signal’), other than subscribers to whom subparagraph (A) applies, the following shall apply:

Deadlines.

“(i) In a case in which the satellite carrier makes available to that subscriber, on January 1, 2005, the analog signal of a local network station affiliated with the same television network pursuant to section 338, the carrier may only provide the secondary transmissions of the distant analog signal of a station affiliate with the same network to that subscriber if the subscriber’s satellite carrier, not later than March 1, 2005, submits to that television network the list and statement required by subparagraph (F)(i).

“(ii) In a case in which the satellite carrier does not make available to that subscriber, on January 1, 2005, the analog signal of a local network station pursuant to section 338, the carrier may only provide the secondary transmissions of the distant analog signal of a station affiliated with the same network to that subscriber if—

“(I) that subscriber seeks to subscribe to such distant analog signal before the date on which such carrier commences to carry pursuant to section 338 the analog signals of stations from the local market of such local network station; and

“(II) the satellite carrier, within 60 days after such date, submits to each television network the list and statement required by subparagraph (F)(ii).

“(C) FUTURE APPLICABILITY.—A satellite carrier may not provide a distant analog signal (within the meaning of subparagraph (A) or (B)) to a person who—

“(i) is not a subscriber lawfully receiving such secondary transmission as of the date of the enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004; and

“(ii) at the time such person seeks to subscribe to receive such secondary transmission, resides in a local market where the satellite carrier makes available to that person the analog signal of a local network station affiliated with the same television network pursuant to section 338, and the retransmission of such signal by such carrier can reach such subscriber.

“(D) SPECIAL RULES FOR DISTANT DIGITAL SIGNALS.—

“(i) ELIGIBILITY.—In the case of a subscriber of a satellite carrier who, with respect to a local network station—

“(I) is a subscriber whose household is located outside the coverage area of the analog signal of such station as predicted by the model specified in subsection (c)(3) of this section for the signal intensity required under section 73.683(a) of title 47 of the Code of Federal Regulations, or a successor regulation;

“(II) is in an unserved household as determined under section 119(d)(1)(A) of title 17, United States Code; or

“(III) is, after the date on which the conditions required by clause (vii) are met with respect to such station, determined under clause (vi) of this subparagraph to be unable to receive a digital signal of such local network station that exceeds the signal intensity standard specified in such clause;

such subscriber is eligible to receive the digital signal of a distant network station affiliated with the same network under this section (in this subparagraph referred to as a ‘distant digital signal’) subject to the provisions of this subparagraph.

“(ii) PRE-ENACTMENT DISTANT DIGITAL SIGNAL SUBSCRIBERS.—Any eligible subscriber under this subparagraph who is a lawful subscriber to such a distant digital signal as of the date of enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004 may continue to receive such distant digital signal, whether or not such subscriber elects to subscribe to local digital signals.

“(iii) LOCAL-TO-LOCAL ANALOG MARKETS.—In a case in which the satellite carrier makes available to an eligible subscriber under this subparagraph the analog signal of a local network station pursuant to section 338, the carrier may only provide the distant digital signal of a station affiliated with the same network to that subscriber if—

“(I) in the case of any local market in the 48 contiguous States of the United States, the distant digital signal is the secondary transmission of a station whose prime time network programming is generally broadcast simultaneously with, or later than, the prime time network programming of the affiliate of the same network in the local market;

“(II) in any local market, the retransmission of the distant digital signal of the distant station occupies at least the equivalent bandwidth (as such term is defined by the Commission under section 340(h)(4)) as the digital signal broadcast by such station; and

“(III) the subscriber subscribes to the analog signal of such local network station within 60 days after such signal is made available by the satellite

Deadlines.

carrier, and adds to or replaces such analog signal with the digital signal from such local network station within 60 days after such signal is made available by the satellite carrier, except that such distant digital signal may continue to be provided to a subscriber who cannot be reached by the satellite transmission of the local digital signal.

“(iv) LOCAL-TO-LOCAL DIGITAL MARKETS.—After the date on which a satellite carrier makes available the digital signal of a local network station, the carrier may not offer the distant digital signal of a network station affiliated with the same television network to any new subscriber to such distant digital signal after such date, except that such distant digital signal may be provided to a new subscriber who cannot be reached by the satellite transmission of the local digital signal.

“(v) NON-LOCAL-TO-LOCAL MARKETS.—After the date of enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004, if the satellite carrier does not make available the digital signal of a local network station in a local market, the satellite carrier may offer a new subscriber after such date who is eligible under this subparagraph a distant digital signal from a station affiliated with the same network and, in the case of any local market in the 48 contiguous States of the United States, whose prime time network programming is generally broadcast simultaneously with, or later than, the prime time network programming of the affiliate of the same network in the local market, except that—

“(I) such carrier may continue to provide such distant digital signal to such a subscriber after the date on which the carrier makes available the digital signal of a local network station affiliated with such network only if such subscriber subscribes to the digital signal from such local network station; and

“(II) the limitation contained in subclause (I) of this clause shall not apply to a subscriber that cannot be reached by the satellite transmission of the local digital signal.

“(vi) SIGNAL TESTING FOR DIGITAL SIGNALS.—

“(I) A subscriber shall be eligible for a distant digital signal under clause (i)(III) if such subscriber is determined, based on a test conducted in accordance with section 73.686(d) of title 47, Code of Federal Regulations, or any successor regulation, not to be able to receive a signal that exceeds the signal intensity standard in section 73.622(e)(1) of title 47, Code of Federal Regulations, as in effect on the date of enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004.

“(II) Such test shall be conducted, upon written request for a digital signal strength test by the subscriber to the satellite carrier, within 30 days after the date the subscriber submits such

Deadline.

request for the test. Such test shall be conducted by a qualified and independent person selected by the satellite carrier and the network station or stations, or who has been previously approved by the satellite carrier and by each affected network station but not previously disapproved. A tester may not be so disapproved for a test after the tester has commenced such test.

“(III) Unless the satellite carrier and the network station or stations otherwise agree, the costs of conducting the test shall be borne as follows:

“(aa) If the subscriber is not eligible for a distant digital signal under clause (i)(I) of this subparagraph (by reason of being outside of the coverage area of the analog signal), the satellite carrier may request the station licensee for a waiver.

“(bb) If the licensee agrees to a waiver, or fails to respond to a waiver request within 30 days, the subscriber may receive such distant digital signal.

“(cc) If the licensee refuses to grant a waiver, the subscriber may request the satellite carrier to conduct the test.

“(dd) If the satellite carrier requests the test and—

“(AA) the station’s signal is determined to exceed such signal intensity standard, the costs of the test shall be borne by the satellite carrier; and

“(BB) the station’s signal is determined to not exceed such signal intensity standard, the costs of the test shall be borne by the licensee.

“(ee) If the satellite carrier does not request the test, or fails to respond within 30 days, the subscriber may request the test be conducted under the supervision of the carrier, and the costs of the test shall be borne by the subscriber in accordance with regulations prescribed by the Commission. Such regulations shall also require the carrier to notify the subscriber of the typical costs of such test.

“(vii) TRIGGER EVENTS FOR USE OF TESTING.—A subscriber shall not be eligible for a distant digital signal under clause (i)(III) pursuant to a test conducted under clause (vii) until—

“(I) in the case of a subscriber whose household is located within the area predicted to be served (by the predictive model for analog signals under subsection (b)(3) of this section) by the signal of a local network station and who is seeking a distant digital signal of a station affiliated with the same network as that local network station—

Deadline.

“(aa) April 30, 2006, if such local network station is within the top 100 television markets and—

“(AA) has received a tentative digital television service channel designation that is the same as such station’s current digital television service channel; or

“(BB) has been found by the Commission to have lost interference protection; or

“(bb) July 15, 2007, for any other local network stations, other than translator stations licensed to broadcast on the date of enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004; or

“(II) in the case of a translator station, 1 year after the date on which the Commission completes all actions necessary for the allocation and assignment of digital television licenses to television translator stations.

“(viii) TESTING WAIVERS.—Upon request by a local network station, the Commission may grant a waiver with respect to such station to the beginning of testing under clause (vii), and prohibit subscribers from receiving digital signal strength testing with respect to such station. Such a request shall be filed not less than 5 months prior to the implementation deadline specified in such clause, and the Commission shall act on such request by such implementation deadline. Such a waiver shall expire at the end of not more than 6 months, except that a waiver may be renewed upon a proper showing. The Commission may only grant such a request upon submission of clear and convincing evidence that the station’s digital signal coverage is limited due to the unremediable presence of one or more of the following:

“(I) the need for international coordination or approvals;

“(II) clear zoning or environmental legal impediments;

“(III) force majeure;

“(IV) the station experiences a substantial decrease in its digital signal coverage area due to necessity of using side-mounted antenna;

“(V) substantial technical problems that result in a station experiencing a substantial decrease in its coverage area solely due to actions to avoid interference with emergency response providers; or

“(VI) no satellite carrier is providing the retransmission of the analog signals of local network stations under section 338 in the local market. Under no circumstances may such a waiver be based upon financial exigency.

Deadline.

Expiration date.

“(ix) SPECIAL WAIVER PROVISION FOR TRANSLATORS.—Upon request by a television translator station, the Commission may grant, for not more than 3 years, a waiver with respect to such station to the beginning of testing under clause (vii), and prohibit subscribers from receiving digital signal strength testing with respect to such station, if the Commission determines that the translator station is not broadcasting a digital signal due to one or more of the following:

“(I) frequent occurrence of inclement weather;

or

“(II) mountainous terrain at the transmitter tower location.

“(x) SAVINGS PROVISION.—Nothing in this subparagraph shall be construed to affect a satellite carrier’s obligations under section 338.

“(xi) DEFINITION.—For purposes of clause (viii), the term ‘emergency response providers’ means Federal, State, or local governmental and nongovernmental emergency public safety, law enforcement, fire, emergency response, emergency medical (including hospital emergency facilities), and related personnel, organizations, agencies, or authorities.

“(E) AUTHORITY TO GRANT STATION-SPECIFIC WAIVERS.—This paragraph shall not prohibit a retransmission of a distant analog signal or distant digital signal (within the meaning of subparagraph (A), (B), or (D)) of any distant network station to any subscriber to whom the signal of a local network station affiliated with the same network is available, if and to the extent that such local network station has affirmatively granted a waiver from the requirements of this paragraph to such satellite carrier with respect to retransmission of such distant network station to such subscriber.

“(F) NOTICES TO NETWORKS OF DISTANT SIGNAL SUBSCRIBERS.—

(b) STUDY OF DIGITAL STRENGTH TESTING PROCEDURES.—Section 339(c) of such Act (47 U.S.C. 339(c)) is amended by striking paragraph (1) and inserting the following:

“(1) STUDY OF DIGITAL STRENGTH TESTING PROCEDURES.—

“(A) STUDY REQUIRED.—Not later than 1 year after the date of the enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004, the Federal Communications Commission shall complete an inquiry regarding whether, for purposes of identifying if a household is unserved by an adequate digital signal under section 119(d)(10) of title 17, United States Code, the digital signal strength standard in section 73.622(e)(1) of title 47, Code of Federal Regulations, or the testing procedures in section 73.686(d) of title 47, Code of Federal Regulations, such statutes or regulations should be revised to take into account the types of antennas that are available to consumers.

Deadline.

“(B) STUDY CONSIDERATIONS.—In conducting the study under this paragraph, the Commission shall consider whether—

“(i) to account for the fact that an antenna can be mounted on a roof or placed in a home and can be fixed or capable of rotating;

“(ii) section 73.686(d) of title 47, Code of Federal Regulations, should be amended to create different procedures for determining if the requisite digital signal strength is present than for determining if the requisite analog signal strength is present;

“(iii) a standard should be used other than the presence of a signal of a certain strength to ensure that a household can receive a high-quality picture using antennas of reasonable cost and ease of installation;

“(iv) to develop a predictive methodology for determining whether a household is unserved by an adequate digital signal under section 119(d)(10) of title 17, United States Code;

“(v) there is a wide variation in the ability of reasonably priced consumer digital television sets to receive over-the-air signals, such that at a given signal strength some may be able to display high-quality pictures while others cannot, whether such variation is related to the price of the television set, and whether such variation should be factored into setting a standard for determining whether a household is unserved by an adequate digital signal; and

“(vi) to account for factors such as building loss, external interference sources, or undesired signals from both digital television and analog television stations using either the same or adjacent channels in nearby markets, foliage, and man-made clutter.

“(C) REPORT.—Not later than 1 year after the date of the enactment of the Satellite Home Viewer Extension and Reauthorization Act of 2004, the Federal Communications Commission shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate a report containing—
