

Congress of the United States

Washington, DC 20515

October 31, 2007

The President
The White House
Washington DC 20500

Dear Mr. President:

As a follow up to the meeting at the White House yesterday morning, we, the Republican cosponsors of the Securing America's Future Economy Commission Act (H.R. 3654), would like to meet with you to discuss this legislation.

The first baby boomer signed up for promised Social Security benefits two weeks ago. Our nation's long-term IOUs are coming due now and it is critical that we address soaring entitlement spending. We believe the bipartisan SAFE Commission, which mandates congressional action, gives us that opportunity.

We look forward to meeting with you and working together on this critical matter facing our country.

Sincerely,

Jack Kingston
