Asia-Pacific Economic Cooperation (APEC) 2011 Leaders Meeting - Statewide	The State of Hawaii will host the Asia-Pacific Economic Cooperation (APEC) 2011 Leaders Meeting event. APEC is the premier forum that facilitates economic growth, cooperation, trade, and investment among countries in region; and it is the only intergovernmental grouping in the world operating on the basis of non-binding commitments, open dialogue and equal respect for the views of all participants.	\$20,500,000	U.S. Secret Service and Honolulu Police Department	To ensure that manpower and resources requirements are available to address the complex security needs associated with this high level gathering.
Joint Inspection Facility at the Honolulu International Airport	A joint inspection facility at the Honolulu International Airport has been identified by the various state and federal agencies for both incoming and outgoing commodities.	\$5,000,000	U.S. Customs and Border Patrol	Preventing invasive species from entering and establishing in the State of Hawaii is vital to protecting Hawaii's environment, public health, and economy as invasive species has a direct impact to agricultural industries and tourism.
Natural Disaster Preparedness Training Center (NDPTC) - Statewide	The mission of the NDPTC is to utilize Hawaii's unique geographic and cultural assets to develop and deliver disaster preparedness training to governmental, private, and non-profit entities and to incorporate urban planning with an emphasis on community preparedness and at risk populations.	\$7,000,000	University of Hawaii at Manoa	The NDPTC is a member of the Department of Homeland Security National Domestic Preparedness Consortium of which the NDPTC is the only member focused on natural disaster preparedness and training. The training and education provided by the NDPTC addresses multiple constituencies through a diversity of delivery systems. This initiative will help to diversify and strengthen the economic base of the region. It will also allow the consolidation of various real time tech programs into a single platform that will encompass all of today's available disaster preparedness technology. This type of timely and coordinated disaster information is extremely important in planning and implementing the response and recovery effort.

Sector Honolulu Interagency Operation Command Center - Honolulu, Hawaii	The Center will allow for the collocation of all of Sector Honolulu's departments within the Sector Command.	\$18,100,000	U.S. Coast Guard	The IOCC will function as the central nerve center for federal, state, and local port partners to improve the mission execution and business practices of shared decision-making, situational awareness, operations, and planning.
Vessel Manning Provisions of Distant Water Tuna Fleet	Extends the vessel manning exemption for two years to ensure that the U.S. distant water tuna fleet can continue to operate using well-trained foreign crew for two more years. It also requires vessels to enter port in American Samoa for an annual safety inspection.	\$0	U.S. Coast Guard	Reauthorization of this provision will keep U.S. boats at sea.
