New York, NY 10016

**The amount of the request:** \$5 million

Purpose of the project and why it is a good use of taxpayer funds: The funding would be used for building a clean on site energy system and cogeneration plant to meet the needs of our education, research and clinical missions. The project would include energy management initiatives including demand control, and continuous commissioning systems that will contribute to the goal of a 30 percent carbon footprint reduction. Funding will go towards planning and design of this project..
