While we can assist you in bringing your case to the attention of the proper officials and guide you through the process, we cannot order an agency to decide a matter in your favor. The agency must make its decision within the framework of the law and its existing rules and regulations. My jurisdiction is limited to federal issues. Cases dealing with state or local government must be addressed by representatives in those areas. My staff can refer you to your state and local officials if you are unsure of who they are. In addition, Members of Congress are prohibited from getting involved in court cases.
