

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

January 12, 2010

H.R. 1945 **Tule River Tribe Water Development Act**

*As ordered reported by the Senate Committee on Energy and Natural Resources
on December, 16, 2009*

H.R. 1945 would require the Bureau of Reclamation to conduct a feasibility study to evaluate alternatives for providing a dedicated water supply for the Tule River Tribe of California. Assuming appropriation of the authorized amount, CBO estimates that implementing H.R. 1945 would cost \$3 million over the next two years. Enacting the legislation would not affect direct spending or revenues.

H.R. 1945 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Aurora Swanson. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
