

**CONGRESSIONAL BUDGET OFFICE  
COST ESTIMATE**

August 12, 2010

**H.R. 5494**

**A bill to direct the Secretary of the Interior to transfer certain  
properties to the District of Columbia**

*As ordered reported by the House Committee on Natural Resources  
on July 22, 2010*

H.R. 5494 would direct the Secretary of the Interior to issue a quitclaim deed conveying all right, title, and interest (if any) of the federal government to six properties in the District of Columbia. CBO estimates that implementing H.R. 5494 would have no significant effect on the federal budget. Enacting the legislation would not affect revenues or direct spending; therefore, pay-as-you-go procedures do not apply.

The properties to be conveyed under H.R. 5494 include school recreation fields, a traffic island, and educational facilities. None of the properties is used by the federal government, no income is generated from them, and CBO expects that none of the parcels would otherwise be sold under current law.

The legislation contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
