Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$5 million for the Nordahl Bridge Widening at State Route 78. The entity to receive funding for this project is the city of San Marcos located at:

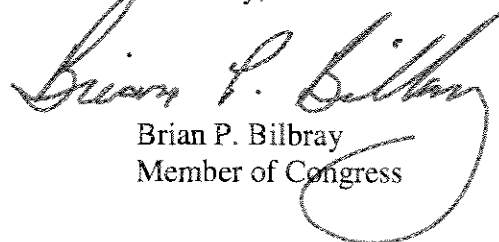

1 Civic Center Drive  
San Marcos, CA 92069

This proposal seeks to solve a regional infrastructure problem by funding improvements to the Nordahl Road/SR-78 interchange. Improvements to the Nordahl Road/SR-78 interchange will provide a sensible, long-term solution to the interchange by widening and lengthening the existing overpass bridge structure at Nordahl Road and SR-78 to accommodate capacity improvements planned for SR-78 while also addressing congestion on local streets.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The Honorable David Obey  
Chairman  
House Committee on Appropriations  
H218 The Capitol  
Washington, DC 20515

Dear Chairman Obey:

I am requesting funding for Partial Reconstruction of the General Aviation Apron, Gainesville, Florida, in fiscal year 2010. The entity to receive funding for this project is Gainesville-Alachua County Regional Airport Authority, located at 3880 NE 39<sup>th</sup> Avenue, Suite A, Gainesville, Florida, 32609. The funding would be used for the reconstruction of approximately 8,800 square yards of existing concrete apron, which was constructed in the 1940s. This portion of the GA pavement is nearest to the GA terminal and is most frequented by large jet transport charters and corporate aircraft. This pavement is vital to the airport as 32 percent of its revenue is derived from GA operations, which helps keep commercial air service affordable and viable in the Gainesville area. The existing concrete has been deteriorating rapidly and frequent efforts to repair it are no longer effective. The pavement is a source of a great deal of foreign object debris, which must be continually removed. The area to be reconstructed has been found to be in "very poor" condition per the 2008 Statewide Airfield Pavement Management Program completed by FDOT. The airport proposes a full concrete reconstruction of the area for longer life, less maintenance and to support larger transport aircraft. The project design will soon be complete and it is ready to have a stimulative impact immediately. I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Corrine Brown

Dear Chairman Obey:

I am requesting funding for Spring Hill Boys & Girls Club/Community Center, DeLand, Florida, in fiscal year 2010. The entity to receive funding for this project is City of DeLand, Florida, located at 120 S. Florida Avenue, DeLand, Florida, 32720. The funding would be used to build a 6,523 sq. ft. Boys & Girls Club / Community Center in the core of the Spring Hill Redevelopment Area in SW DeLand, Florida. The facility will house a variety of programs, support services, and opportunities for safe, healthy, and productive development of the local youth. Further, the facility and program services will address some of the issues experienced in the Spring Hill Redevelopment Area, due in part, to the blighted conditions in the neighborhood. Consequently, every key stakeholder has met and demonstrates their support of this project, as it will address the persons who are most vulnerable and in need of a sense of security in a blighted neighborhood -- the youth. I certify that neither I nor my spouse has any financial interest in this project.

**Purpose of Funding:**

In June 2007, the Central Florida Regional Commission on Homelessness (CFRCH) began its work to develop a roadmap to end homelessness in ten years in Orange, Seminole, and Osceola Counties, as well as the City of Orlando. The Commission estimates there are as many as 6,000 homeless people in the OC community on any given day. Veterans (as many as 40% of the chronically homeless) are counted in that number. There are also many children, most under the age of 5.

For the homeless, especially those suffering from chronic homelessness, approximately 68% report a disabling condition, including mental illness and/or substance abuse, HIV/AIDS, or other medical and physical disabilities. The CFRCH has made a recommendation to develop four drop-in centers in the various jurisdictions to begin to engage and offer support to those who are chronically homeless.

Dear Chairman Obey:

I am requesting funding for AutoTrain Gateway Improvements, Sanford, Florida, in fiscal year 2010. The entity to receive funding for this project is the City of Sanford, Florida, located at 300 N. Park Avenue, Sanford, Florida, 32771. The funding would be used for the City of Sanford to improve access to the AutoTrain. Recently, the City completed a Rail Facility Access Study. The objective of the study was to lay the groundwork for federal funding to improve access to the AutoTrain Station through increased regional connectivity. The completed Technical Memorandum identified four alternatives that could be initiated at an average cost of \$16 million. Several scenarios call for the construction of a bridge overpass at both Pomegranite and McCracken Road. A McCracken Road overpass would facilitate traffic from the west and connect to the new stretch of M. L. King Boulevard that intersects with SR 46. In addition, it would also be recommended that through traffic on Persimmon Avenue be eliminated. This would improve safety as this area has 10 at-grade tracks that must be crossed for vehicular traffic. Part of the plan would also include redirecting Auto Train vehicular traffic to a new staging area to the west of the AutoTrain terminal.. I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Olver and Ranking Member Latham:

I am requesting funding for the Grade Separated Railroad Crossing for fiscal year 2010. The entity to receive funding for this project is the Town of Northlake, TX located at 1301 FM 407 Northlake, TX 76247. The funds will be used to create a railroad crossing for increased public safety, emergency response and regional mobility. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (exception must be justified here); (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Currently, I have established an internal process to ensure that these minimum requirements are met and believe that my criteria for evaluating these standards far exceed these GOP Conference standards. Should you require my internal forms I require any potential grantee to complete and certify or my own personal appropriations request criteria, please contact my staff and they will make them available to your staff.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Transportation, Housing and Urban Development Appropriations bill from the Federal Highway Administration's Surface Transportation Priorities account. The entity to receive funding for this project is Hendricks County Board of Commissioners, located at 355 South Washington Street, Danville, Indiana, 46122. It is my understanding that the funding will be used Hendricks's county to continue the Ronald Reagan Parkway construction, which ultimately connects I-70 and the Indianapolis International Airport to I-65. This project has previously received federal support, including \$570,000 in last year's Appropriation's cycle. I certify that neither I nor my spouse has any direct financial interest in this project and I have posted my request information online in compliance with Chairman Obey's new rules.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Transportation, Housing and Urban Development Appropriations bill from the Federal Highway Administration's Surface Transportation Priorities account. The entity to receive funding for this project is White County Board of Commissioners, located at 110 North Main Street, Monticello, Indiana, 47960. It is my understanding that the funding will be used for the Sixth Street Corridor Project in Monticello, Indiana. This is a corridor project that is a joint effort between the City of Monticello and White County, which consists of several smaller phases. The scope of the project is to widen existing road to a new, 3 lane major urban arterial street capable of serving traffic volumes forecast to occur during the 20 year design life of the improvements and to increase the safety of the roads for drivers and pedestrians. The project has received previous federal support, including \$1,250,000 in Fiscal Year 2005. I certify that neither I nor my spouse has any direct financial interest in this project and I have posted my request information online in compliance with Chairman Obey's new rules.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Transportation, Housing and Urban Development Appropriations bill from the Federal Transit Administration's Bus and Bus Facilities account. The entity to receive funding for this project is the Greater Lafayette Public Transportation Corporation ("CityBus"), located at 1251 Canal Rd, Lafayette, Indiana, 47902. It is my understanding that the funding will be used for a new transit transfer center for CityBus in Lafayette, Indiana. CityBus has received federal funds previously, although this is a new project. Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for "Jewett City Supportive Housing for Veterans" as part of the Fiscal Year 2010 appropriations process. The proposed recipient of funding for this project is:

**American Legion Veterans Housing, Inc**  
**7 South Main Street**  
**Jewett City, CT 06351**

The American Legion Veterans Housing, Inc. (TALVHI) is a 501(c)(3) non-profit organization dedicated to providing affordable housing for Veterans. They have developed architectural plans to renovate a 19th century, four-story American Legion LaFlamme-Kusek Post 15 building and to add on an additional building to provide a total of 18 single-unit dwellings for supportive housing for homeless and at-risk veterans. This project would meet the urgent needs of our veterans, especially those who have fallen on to hard times by providing them a safe, supportive location to get off the streets, as well as providing supportive services to address their unique challenges. In addition, this project would support job creation in the area through jobs connected to construction and renovation of the building, and would incorporate energy efficient technologies to reduce energy consumption.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of this request.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for "Safety Improvements - Salem and Montville CT Route 85 at CT Route 82" as part of the Fiscal Year 2010 appropriations process. The proposed recipient of funding for this project is:

**Connecticut Department of Transportation**  
**2800 Berlin Turnpike**  
**Newington, CT 06131**

Requested funding would be used for the preliminary design and engineering of improvements to the Route 82/Route 85 corridor to help relieve the congestion and associated accident problems. The funds from this appropriation would allow for an expeditious right of way acquisition process, including a substantial public involvement component, and also provide funding for the construction of the roundabout. Current schedules indicate that if a breakout project is initiated, the roundabout could be built in 2012. This project would address serious local concerns with the safety of this intersection, reduce accidents and lower congestion in this critical corridor.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of this request.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the **Larry Holmes Drive Traffic Calming** project in fiscal year 2010. The entity to receive funding for this project is the City of Easton, located at 1 South Third Street, Easton, PA 18042. The funding would be used to improve the traffic flow and safety of a Delaware River waterfront gateway between Pennsylvania and New Jersey. The project will enhance access to one of the only remaining steel truss suspension bridges in the nation near the City of Easton's National Register Historic District. These modifications will reduce vehicular speeds and benefit local economic development by allowing disabled pedestrians and bicyclists to more easily access adjacent trails and parks, and the city's downtown area. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on Congressionally Directed Projects, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the project; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Highway Administration, TCSP account. The entity to receive funding for this project is the City of Hialeah, located at 501 Palm Avenue, Hialeah, FL 33010.

It is my understanding that the funding will be used to enable the city's Streets & Engineering Department to develop and implement the City's 5-year Capital Improvement Program. Specifically, funding will be used to improve the West 24<sup>th</sup> Avenue corridor between 52<sup>nd</sup> Street and 76<sup>th</sup> Street. The City of Hialeah has a rapidly aging infrastructure with some areas facing more than 50 years since any work has been done in repairs/reconstruction. Areas have been chosen throughout the city, based on roadway need, drainage concerns, areas that have not been reconstructed for over three decades.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Highway Administration, TCSP account. The entity to receive funding for this project is the City of Doral, located at 8300 NW 53<sup>rd</sup> Street, Suite 100, Doral, FL 33166.

It is my understanding that the funding will be used for property acquisition, design, permitting, and construction of roadway gaps and intersections identified to be in need of capacity improvements. This will help to alleviate roadway sections that are failing due to large traffic volumes. In addition, there are several roadway gaps where development has expanded the grid pattern of the City roadways surrounding small parcels that have not been developed. The completion of these small sections of roadway would complete the City's grid pattern and provide additional options for increasing traffic to avoid already congested intersections.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Transit Administration, New Starts account. The entity to receive funding for this project is the City of Miramar, located at 2300 Civic Center Place, Miramar, FL 33025.

It is my understanding that the funding would be used for the Miramar Multi Service Center which will provide high quality community and transit services to the community. The project will reduce vehicle miles traveled by as much as 133,900 annually by making bus transit more accessible and pedestrian movement more feasible, thereby reducing auto utilization, reducing congestion, reducing travel time delay, and reducing pollutants. The Transit Hub will house; bus drop-off and pick-up area for City of Miramar community buses; four bus parking spaces; air-conditioned passenger waiting area for both Miramar community buses as well as BCT buses; restrooms; transit related information booth and administrative offices; 12 transit-related employees parking spaces.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Transit Administration, Buses and Bus Facilities account. The entity to receive funding for this project is Broward County, Florida, located at 115 South Andrews Avenue, Fort Lauderdale, FL 33301.

It is my understanding that the funding will be used for transit infrastructure improvements to 500 bus stops county-wide. The improvements may include, depending on the stop location, concrete pad, shelter, construction, permitting, lighting, real time signage, connectivity for ADA purposes, and other amenities as needed. The purpose of these projects is not only to add new shelters, but also to ensure that existing shelters and other amenities (such as real-time information) are ADA accessible.

Broward County is the second largest county in the State of Florida and has the second largest transit system in the State. Steady growth over the last four decades can be attributed to Broward's commitment to add more fixed routes, increase bus frequency, expand community bus programs, and partner with other transit agencies throughout the region. However, Broward's burgeoning population has created a situation where no additional expansion can occur and instead must focus on infrastructure enhancements.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Federal Transit Administration, New Starts account. The entity to receive funding for this project is Miami-Dade County, Florida, located at 111 NW 1<sup>st</sup> Street, Suite 1032, Miami, FL 33128.

It is my understanding that the funding would be used for Phases II and III of the Miami-Dade County Transit Authority's Metrorail Orange Line Expansion. Primarily, in Phase II, Miami-Dade County Department of Transit is in the final planning stage for the construction of a 9.2-mile Metrorail extension along NW 27th Avenue between the existing Dr. Martin Luther King, Jr. Metrorail station and the Broward County line. Phase III, the County's East-West Corridor Rapid Transit Project proposes to extend Metrorail some 10-13- miles from the Miami Intermodal Center to Florida International University and points west. As fewer than 48% of the County's residents live outside incorporated Miami, this Orange Line expansion project will allow for more options for commuting and travel around Miami-Dade County.

*I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2010 Transportation, Housing and Urban Development and Related Agencies Appropriations bill, Housing and Urban Development, EDI account. The entity to receive funding for this project is the National Council of La Raza, located at 1126 16<sup>th</sup> Street, NW, Washington, DC 20036.

The funding would be used to provide development assistance and financing for much needed housing and community revitalization projects in primarily Hispanic neighborhoods. The capital will be invested in a revolving loan fund to provide financing for affordable housing, community health clinics and other essential community facilities in low-income Hispanic communities.

To date these funds have been used to provide 170 loans and over \$85 million to affiliates and Latino-serving organizations in 20 states. The capital has been used for affordable housing, community health clinics and other essential community facilities, charter schools and related projects in low-income Hispanic communities leveraging more than \$300,000 in private investment. The impact to individuals and communities is noteworthy: 46 charter schools, 1,964 housing units, over 15,000 students helped, and 84,721 families and patients positively affected.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 THUD Appropriations bill, FTA, Buses & Bus Facilities account for the City of Doral Transit Circulator Program. The entity to receive funding for this project is City of Doral located at 8300 NW 53<sup>rd</sup> Street suite 100 Doral, FL 33166. Dear Chairman Olver and Ranking Member Latham:

I am requesting funding for the Nicetown Court project in fiscal year 2010. The entity to receive funding for this project is Nicetown Commercial Development Corporation (CDC), located at 4414 Germantown Avenue, Philadelphia, Pennsylvania, 19140-1727. The funding would be used to support a low-income housing tax credit project that will yield 37 units of affordable rental housing and 4,000 square feet of retail space at the street level. The project will be a destination point and gateway that will bring connectivity to Nicetown's commercial corridor. Mixed use projects that contain commercial space are prohibited from using tax credit equity in their development. This rule creates a gap in project financing for construction of the commercial space. This funding request will be used to close this gap.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY2010 Transportation-HUD Appropriations bill for Dismal Swamp Interpretive Center. The entity to receive funding for this project is Suffolk, VA at 524 N. Main St., Suffolk, Virginia, 23434. It is my understanding that the funding would be used to design and construct the Dismal Swamp Interpretive Center within the new Suffolk Visitor Center. The City of Suffolk recognizes the great potential for developing extensive partnerships in the Dismal Swamp region and in capitalizing on its potential as a significant nature-based and cultural tourism magnet.

I hereby certify that to the best of my knowledge, this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I also hereby certify that this request will be made publicly available on my official website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY2010 Transportation-HUD Appropriations bill for Great Bridge Battlefield and Waterways Park and Visitors Center. The entity to receive funding for this project is Chesapeake, VA at 306 Cedar Rd, Chesapeake, Virginia, 23322. It is my understanding that the funding would be used to construct, in partnership with public and private agencies, a museum/visitor center and historic park to commemorate the Battle of Great Bridge (12/9/1775). This will further the project's ultimate objectives of historical preservation, public education and tourism development. The Great Bridge battlefield site is listed as a Principal Site, Priority II, Class C in the National Park Service's "Report to Congress on the Historic Preservation of Revolutionary War and War of 1812 Sites in the United States" (September, 2007). As stated in the report, "Class C sites in this category should be the focus of immediate and direct preservation measures by state and local governments and organizations. These sites may not survive without immediate intervention."

I hereby certify that to the best of my knowledge, this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I also hereby certify that this request will be made publicly available on my official website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. The funding would be used for the LYNX's Central Station to establish a demonstration, state-of-the-art "green", energy-efficient parking lot at LYNX's intermodal center in downtown Orlando. This site will feature improved handicapped and pedestrian access to the facility, with expanded parking for disabled persons and Drop-off/Pick-up capability for commuters, and simplified access to bus platforms for seniors and para-transit users. It will include solar 911 police call capability, and security lighting and "plug in" outlets for future alternative fuel or electric powered vehicles relying on solar panels, a 100% renewable, carbon free energy source. Increasing ridership and handicap accessibility to ridership will be good for the environment, and energy-efficient. This project is a good use of tax-payers dollars because it provides an environmentally-conscience parking facility for public and private commuters.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting \$6,000,000 in funding for the Sharpes Ferry Bridge in Marion County, Florida in fiscal year 2010. The entity to receive funding for this project is Marion County Government located at 601 S.E. 25<sup>th</sup> Avenue, Ocala, Florida 34471.

The funding would be used for the Sharpes Ferry Bridge in Marion County, FL located on CR 314 crossing the Ocklawaha River. The Sharpes Ferry Bridge is a single-lane bridge in a high-incidence hurricane area—serving as the only operationally safe travel route to and from Ocala from the East. The CR 314 route serves as an alternate evacuation corridor and is desperately requires significant maintenance due to the numerous areas that are rusted through and to minimize potential negative environmental impacts from the lead base paint flaking off and falling directly into the Ocklawaha River. The Sharpes Ferry Bridge Replacement project has been identified as a number one public safety and operational priority by the Ocala/Marion County Transportation Planning Organization and the Marion County Transportation Improvement Plan for several years. The State of Florida has prioritized this bridge and committed \$1,300,000 in State funds. These funds will assist in the final completion of this project. This project is a good use of tax-payers dollars because it will provide a safe travel route for communities in Marion County, specifically Ocala, to evacuate in the event of a hurricane or various natural disasters.

I certify that neither I nor my spouse has any financial interest in this project.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting \$150,000 in funding for the West Orlando Rotary Club in fiscal year 2010. The entity to receive funding for this project is the West Orlando Rotary Club located at 475 S. Kirkman Road, Orlando, Florida 32811.

The funding would be used for the West Orlando Rotary Club to purchase and construct free wheelchair ramps throughout Orange, Lake and Marion Counties. These funds would purchase the wood and construction supplies to build wheelchair ramps for people who need handicap accessibility to their homes. Each ramp can cost up to \$1,000, and the West Orlando Rotary Club has built more than 2,000 in the club's history. This project is good use taxpayers' dollars because it provides access and mobility to thousands of residents throughout Florida's eighth district.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Olver and Ranking Member Latham:

I am requesting funding for the I-69 Texas in fiscal year 2010. The entity to receive this program is the Alliance for I-69 Texas, located 1200 Smith, Suite 700, Houston, TX 77002.

For more than 15 years, the I-69 Corridor has been under development and has been consistently recognized by Congress as a national transportation priority. The development of the I-69 route in Texas will help expand interstate highways 77, 281, and 59, to support local, interregional and international traffic. It will provide direct access to the Port of Houston and relieve congestion for the communities all along the route, providing the most direct route from Mexico and Canada for major commercial centers in the U.S., easing traffic on I-35. Funds are also requested to ensure FHWA and in turn the resource agencies with responsibility for environmental clearances – US Fish & Wildlife and the Army Corps of Engineers—have additional staff to expedite the environmental reviews of projects along congressionally designated High Priority Corridors, including I-69 in Texas which is defined by statute as US 59, 77 and 281. Without such resources, the ongoing delay of environmental clearances will continue to significantly increase the cost of construction of I-69 and other High Priority Corridors. I certify that neither I nor my spouse has any financial interest in this project. With kindest regards, I am

Dear Chairman Olver and Ranking Member Latham:

I am requesting funding for the Texarkana Regional Airport in fiscal year 2010. The entity to receive this program is the Texarkana Regional Airport, located at 201 Airport Drive, Texarkana, TX 71854.

The purpose of this project would be used to construct an aircraft rescue fire station to save lives in the event of an aircraft accident. This project would complete an Aircraft Rescue and Fire Fighting (ARFF) station that has been constructed in four phases using incremental funding (continuing resolutions). Without the remaining funds, the facility is not useable. Until recently, airport firefighters shared an off-airport station with city fire crews. Response times to the airfield from the city station did not meet FAA standards for a commercial service airport. The ARFF crews have been temporarily relocated to a maintenance hangar to meet response timing, but the hangar does not meet FAA standards for an ARFF station. The hangar is located in an area where taxiing aircraft may delay ARFF response and aircraft engine noise limits the firefighters' training, rest and ability to hear the crash phone. I certify that neither I nor my spouse has any financial interest in this project. With kindest regards, I am

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of this request, and please feel free to contact me if you have any questions or concerns.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY2010 House Subcommittee on Transportation, Housing and Urban Development and Related Agencies Appropriations bill, FHWA, TCSP account for the Fairforest at N. Blackstock Rd Intersection and Rail Crossing project. The entity to receive funding for this project is City of Spartanburg located at 366 N. Church Street, Suite 700, Spartanburg, SC 29303. The funding would be used for the realignment of the rail line. The Fairforest Rd. at N. Blackstock Rd. intersection is directly adjacent to a major Norfolk Southern rail line that is also used by Amtrak for passenger service. Because of the present alignment of the rail line and adjacent roadways, two signals control traffic on either side of the at-grade rail crossing, increasing the possibility of a vehicle becoming trapped on the rail line between the two signals. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I hereby certify that this request will be made publicly available on my official website as required by the new committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge these requests (1) are not directed to any entity or program that will be named after a sitting Member of Congress; (2) are not intended to be used by any entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meet or exceed all statutory requirements for matching funds where applicable. I further certify that should any of the requests I have submitted be included in the bill, I will place a statement in the Congressional Record describing how the funds in each of the included requests will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for **Iowa Highway 100 Extension and Improvements, Cedar Rapids, Iowa** in fiscal year 2010.

The entity to receive funding for this project is:

**City of Cedar Rapids**  
1206 6th St. NW  
Cedar Rapids, IA 52404

The project will significantly reduce congestion and associated problems on the existing metropolitan area transportation network. It will also provide an alternative route for through traffic, truck traffic, and emergency traffic when stoppages or other conflicts occur on Edgewood Road and Interstate 380. In addition the extension and upgrade will provide a much needed additional crossing of the Cedar River during extreme flood events like in June 2008, when 9 of 10 metro area river crossings were closed due to inundation, with the sole exception being I-380.**

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Transportation Appropriations bill for the State Route 99 Interchange Improvement Project. The entity to receive funding for this project is the City of Galt at 495 Industrial Drive, Galt, CA 96632. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY 10 Transportation, Housing and Urban Development, and Related Agencies Appropriations bill from the Surface Transportation account for the widening of Rakow Road in McHenry County, Illinois.

The entity to receive funding for the Rakow Road widening project is the County of McHenry, Illinois located at 2200 Seminary Avenue in Woodstock, Illinois, 60098. Mr. Peter B. Austin, who is the County Administrator of McHenry County, has advised me that the funding would be used for the actual construction of the road widening project. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.* I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I further hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely yours,

The entity to receive funding for this project is:

**City of Malden**  
200 Pleasant St

The city is using a multi-faceted approach at revitalization including the recruitment of new restaurants and niche retail to the downtown, rezoning initiatives to encourage artists loft space on second and third floors over first floor retail, the recent investment by major developers in commercial and residential developments, and the beautification of the streetscape with period lighting, new facades, and street trees..**

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the U.S. Highway 12, Burbank to Walla Walla, Phase 7 project in the FY10 Transportation-HUD Appropriations bill. The amount requested for this project is \$2,000,000. The entity to receive funding for this project is Port of Walla Walla, located at 310 A Street, Walla Walla, WA 99362.

This request seeks funding for right-of-way acquisition for Phase 7A of the Highway 12 Project which is being constructed from Burbank to Walla Walla, Washington. This project phase is the fifth of seven construction phases on corridor improvement project that will upgrade the U.S. 12 corridor. Expanding U.S. 12 from two lanes to a four-lane, divided highway is critical for improving safety, fostering economic development throughout southeast Washington, and addressing growing congestion.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered. I also attest that this project does not have a direct or foreseeable effect on the financial interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge the request: (1) is not directed to any entity or program that will be named after a sitting Member of Congress (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the U.S. 395 North Spokane Corridor project in the FY10 Transportation-HUD Appropriations bill. The amount requested for this project is \$5,000,000. The entity to receive funding for this project is Washington State Department of Transportation, located at 310 Maple Park Drive, SE, Olympia, WA 98504.

It is my understanding that this funding will help advance project design, purchase critical right of ways and supplement project construction in the corridor from Interstate 90 to U.S. 395 at Wandermere in Spokane, Washington. When completed, this 60 mile per hour freeway facility will connect Interstate 90 on the South with U.S. 2 and U.S. 395 north of Spokane. The U.S. 395 North Spokane Corridor will move freight and other traffic off of existing congested surface streets. The completed facility will accommodate the current and growing freight traffic annually through Spokane.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered. I also attest that this project does not have a direct or foreseeable effect on the financial interests of me or my spouse.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Transportation/HUD Appropriations, Federal Highway Administration, Interstate Maintenance Discretionary account for the expansion of Interstate 69 in the State of Texas. The entity to receive funding for this project is the Federal Highway Administration at 1200 New Jersey Ave. SE, Washington, DC 20590-9898. It is my understanding that the funding would be used to work to obtain environmental clearances so as not to further delay ongoing construction of the corridor. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Very respectfully,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Regional Intermodal Transit Facility in fiscal year 2010.

The entity to receive the funding for this project is:

Corpus Christi Regional Transportation Authority  
5658 Bear Lane  
Corpus Christi, TX 78405

The funding for this project will improve mobility options for all residents of the Corpus Christi region. RTA recognizes that expanding and enhancing travel choices takes time – while there are clear actions we can take today to improve our transportation system, many other actions are incremental and can only be accomplished over a long period of time with the proper funding. RTA's ultimate goal is to link people with jobs, recreation, medical facilities, education, shopping, cultural, and other daily activities by offering transportation choices consistent with the region's long range needs.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Olver and Ranking Member Latham:

I am requesting funding in the FY10 Transportation, HUD, and Related Agencies Appropriations bill, for the Texas Department of Transportation, located at: 125 East 11<sup>th</sup> Street, Austin, TX 78701. Funding is needed to upgrade Loop 494 from Sorters McClellan Road through Northpark Drive in Kingwood, TX. The goal would be to widen the existing two-lane road into a four-lane concrete boulevard with medians, curbs and appropriate drainage similar to the existing streets in Kingwood. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Olver and Ranking Member Latham:

I am requesting funding in the FY10 Transportation, HUD, and Related Agencies Appropriations bill, for the Texas Department of Transportation, located at: 125 East 11<sup>th</sup> Street, Austin, TX 78701. Funding is needed to construct a flyover connecting State Highway 146 to Spur 330 in Baytown, TX. Baytown, TX is in a hurricane storm surge zone making evacuation mandatory, not voluntary. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.
