

Dear Congressman Don Young,

Thank you for letting us look at your office, even though you weren't there. Your staff member who talked with us did an excellent job. He was very knowledgeable about your history and your opinions on current issues. I really appreciate all the hard work you've dedicated to our state. You've done a great job and I hope you continue to represent us and to fight for our rights. By the way, I love your office. It is amazing. It was really cool seeing all of your trophies and all of the Presidents you've worked with. Keep up the good work!

Sincerely,
Mark Jackson
