Congresswoman Gabrielle Giffords
502 Cannon House Office Building
Washington, DC 20515

Dear Honorable Congresswoman Giffords,

RE: Letter of Support for Esperanza en Escalante (EEE) request for funding

Esperanza en Escalante, a transitional housing complex for American Veterans, has existed within my Ward boundaries since it's inception in 1993.

They do heroic work with homeless veterans. EEE has continued to grow over the years, and so does the waiting list for those that need their services.

It is my understanding that EEE is attempting to secure funds to construct a five bedroom building to house five more individual homeless veterans.

Any assistance that your office can give in securing those funds for EEE would be much appreciated. As I am sure you are aware, there is always need for more housing for homeless veterans.

Sincerely,

Shirley C. Scott
Ward IV Council Member
