Scott Moore, Deputy Director
Office of International Programs
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Subject: Withdrawal of Applications for Import and Export, IW023 and XW013

Dear Mr. Moore:

EnergySolutions hereby withdraws its application for a specific license to import potentially radioactively contaminated material from Italy to our licensed disposal facility in Clive, Utah (IW023) and the companion application for a specific license for return shipment back to Italy (XW013).

Please direct any questions to me at temagette@energysolutions.com or (240) 565-6148.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas E. Magette".

Thomas E. Magette, P.E.
Senior Vice President
Nuclear Regulatory Strategy
