THIS WILL NOT BE TOLERATED!

No one, Democrat, Independent or Republican, is confused about what we watched unfold as the Pelosi/Obama henchmen forced a corrupt health care reform legislation down our throats. We watched the House of Representatives ruthlessly intimidate members of its own party to push through their corrupt agenda. They used the tactics of Sol Alinsky radicalism, thuggish scare tactics, corruption, vote payoffs, intimidation schemes, and high pressure ploys. Obama, Pelosi and their hoodlum mobsters brought everything they could to bear down on congressmen to switch their vote to a "Yes.". Just like the treatment of Bart Stupak, you used corruption to get him to accept a cynical, phony and clearly illegal and unconstitutional executive order on abortion. The bill is the law of the land, an executive order from Obama is NOT the law of the land.

The American people watch in horror as the rules were thrown away. Sunday was a pressured, bought, intimidated vote getting that is worthy of Hugo Chavez. Alcee Hastings said it best, "There ain't no rules here, we're trying to accomplish something.... All this talk about rules.... When the deal goes down.... we make 'em up as we go along." No wonder that Hastings was impeached and removed from the bench as a federal judge.

Americans now know how bad the leaders of the Democrat/Progressive party are. They will use any means to justify their outcomes. What we saw was the uncovering of a blatantly corrupt "Chicago Style" machine that disgusted democrats, independents and republicans alike. We saw unparalleled corruption, arrogance and cynicism. We witnessed the dirty filth of mobster style politics. We have now tasted tyranny and we will stop it, by stopping you. Have NO doubt!

Last Sunday was one more step for "Washington knows best" and "Washington should run everything" and "The Washington Elite" view of America. We will no longer have it!!!

Is there any doubt that this legislation is so bad that you must hire over 16,000 IRS agents to meddle in our private affairs. This is such a bad legislation that the only partisanship found was all votes against its passage. Overwhelmingly, the people did not want this bill!

You have rudely awakened Americans. We will no longer stand while you take away our liberties, our freedoms, our independence, and our ability to choose for ourselves. We will reign in this "Big Government" takeover of our lives. We will defeat the centralization of government. We will overthrow the pro-trial lawyer, bureaucratic and big tax that is now Washington DC. We will crush the intellectual elites who don't care what we think.

Here's how I will do my part. I will fight you with all my might. I will hound you. I will intimidate you and your family. I will scream at you. I will rewrite your history. I will physically out strong-arm you. I will shame you, your family and your friends. I will send you signs exclaiming what I think of you.... I will call you what you are; asshole, slut, whore, filth, fucker, cocksucker, cunt. Whatever it takes and as long as it takes. It will never stop until you are gone!

Each of you receives part of a shredded American flag. It represents Obama and your liberal filth. Open the bag, it's covered in the stench you've brought to our government. It represents what your corruption has done to soil the symbol of the United States of America. Because of you, we are now a country of dirt, shame, corruption, and slime.
