NOV 30 RECD

November 23rd, 2009

Hon. Louise M. Slaughter
3120 Federal Building
100 State Street
Rochester, N.Y. 14614

Dear Congresswoman Slaughter:

The purpose of this letter is to request your assistance to create a specific Lake Ontario funding program to allow the Corps of Engineers to dredge federally-designated shallow draft harbors such as our unique harbor in Wilson.

Funding provided to dredge the shallow draft recreation harbors along the shore of Lake Ontario at full Federal expense would improve public safety and would certainly enhance recreational access to the lake and would aid us in our efforts to improve tourism.

Any support you could lend to this endeavor would be greatly appreciated.

Yours truly,

Joseph A. Jastrzemski
Supervisor
Town of Wilson
