

**United States House of Representatives
Committee on Appropriations
Project Request Summary**

Subcommittee, Agency and Account Information

Subcommittee

Energy and Water

Agency

Department of Energy

Account

EERE - Wind Energy

Project Information

Project Name:

Village of Alsip

Amount Requested:

\$675,000

Project Description:

Energy Park which will create green energy from wind turbines and solar arrays

Intended Recipient of Funds

Village of Alsip

4500 W. 123rd Street

Alsip, IL 60803

Explanation of the request:

The Energy Park will create green energy from wind turbines and solar arrays. The constituents of IL-01 will benefit from this in that it will provide green energy for the surrounding community/industry and it will reduce the municipalities energy cost allowing the municipality to better utilize their funding for more community oriented services.
