One of the great pleasures I have serving in Congress is the opportunity to nominate outstanding students from the 4th District of Minnesota to the United States Service Academies. Attending one of the academies allows you the opportunity to serve your country while furthering your education.

The academy selection process is very competitive. It is based on scholastic achievements, as well as your involvement in school and community activities, leadership achievements and

potential, and athletic achievements. I am given a limited number of slots to recommend to the academies, so any information regarding your character and past achievements would be appreciated.

Requirements:

To be considered for a nomination, there are a few minimum requirements you must meet:

- Applicants must be between the ages of 17 and 22 (or 17 and 24 for the Merchant Marine Academy) **as of July 1 of the year the applicant would enter the academy.**
- Applicants must be unmarried.
- Applicants must not be pregnant or have a legal obligation to support children or other dependents.
- Applicants must be U.S. citizens.
