

AMENDMENT

OFFERED BY MR. POLIS OF COLORADO

In section 221(e), strike “racial, ethnic, and other disparities in health and health care” and insert “disparities in health and health care based on race, ethnicity, primary language, sex, sexual orientation, gender identity, disability, socioeconomic status, rural, urban, or other geographic setting, and any other population or subpopulation as determined appropriate by the Secretary, but only if the data collection is conducted on a voluntary basis and consistent with the standards, including privacy protections, established pursuant to section 1709 of the Public Health Service Act”.
