

DEPARTMENT OF AGRICULTURE

Invasive Species Control

\$500,000 requested from the Department of Agriculture

Funding will be used to inspect recreational boats to prevent the spread of harmful invasive species. The recipient of this funding is Santa Clara County, located at 70 W. Hedding St., Santa Clara, CA 95110.

Lodi Lake Area Flood Prevention

\$1,861,970 requested from the Department of Agriculture

Funding will protect an urban riparian habitat from flooding by rehabilitating an eroding riverbank. The recipient of this funding is the City of Lodi, located at 221 W. Pine St., Lodi, CA 95240.

San Joaquin County Agriculture Center Solar Energy Project

\$1,000,000 requested from the Department of Agriculture

Funding will be utilized to acquire and install solar energy panels which will result in the provision of approximately 100% of the expected annual electric usage at the Agricultural Center. The recipient of this funding is the San Joaquin County Robert J. Cabral Agriculture Center, located at 2101 East Earhart Ave., Stockton, CA 95206.

DEPARTMENT OF COMMERCE

Greenhouse Gas Monitoring and Verification Pilot Project

\$5,000,000 requested from the Department of Commerce

Funding will be used by the Lawrence Livermore National Laboratory to develop and demonstrate the capability to accurately measure, assess, and identify the sources of greenhouse gas emissions. This program will establish a verification capability for international climate treaties. The recipient of this funding is Lawrence Livermore National Laboratory, located at 7000 East Avenue, Livermore CA 94550.

DEPARTMENT OF DEFENSE

Counterproliferation Analysis and Planning System (CAPS)

\$20,100,000 requested from the Department of Defense

Funding will be used to support military planners and intelligence analysts in identifying facilities and buildings that are critical nodes in the weapons of mass destruction manufacturing process. The recipient of this funding is Lawrence Livermore National Laboratory, located at 7000 East Avenue, Livermore CA 94550.

DEPARTMENT OF EDUCATION

Community Based After School Education and Community Support Program

\$230,000 requested from the Department of Education

Funding for this project will be used to expand the current after school tutoring program and to purchase support materials. The recipient of this funding is the Village Community Resource Center, located at 633 Village Drive, Brentwood, CA 94513.

Library Equipment Improvement Upgrades

\$500,000 requested from Museums and Libraries

Funding will be used for library upgrades. These improvements will help the Stockton-San Joaquin Library better serve the public. The recipient of this funding is the City of Stockton, located at 605 N. El Dorado Street, Stockton, CA 95202.

San Joaquin Reads IV Program

\$500,000 requested from the Department of Education

Funding for this program will be used to create a reading program for elementary school children. The recipient of this funding is San Joaquin A Plus, located at 510 E. Magnolia Street, Stockton, CA 95202.

Satellite Community College Campus

\$500,000 requested from the Department of Education

Funding will be used for planning and development of a satellite campus of the Chabot Las Positas Community College District at the Pleasanton/Dublin and Hayward Bay Area Rapid Transit stations. The recipient of this funding is Chabot Las Positas Community College, located at 5020 Franklin Drive, Pleasanton, CA 94588.

Sustainable Education Curriculum

\$490,000 requested from the Department of Education

Funding for this project will be used to create a proven sustainable curriculum for local schools. This project will also fund materials and teacher training. The recipient of this funding is the City of Pleasanton, located at 123 Main Street, Pleasanton, CA 94566.

DEPARTMENT OF ENERGY

Automated Electric Meter Installation

\$2,000,000 requested from the Department of Energy

Funding will be used to install electric meters in Lodi households. The project will provide enhanced consumer information and contribute to energy efficiency. The recipient of this funding is the City of Lodi, located at 221 W. Pine St., Lodi, CA 95240.

Clean Fuel Locomotive Feasibility Study

\$300,000 requested from the Department of Energy

Funding will be used for a feasibility study to determine the best technology to replace a traditional locomotive with a clean fuel alternative. The recipient of this funding is the San Joaquin Regional Rail Commission, located at 949 East Channel St., Stockton, CA 95202.

Electric Cable Replacement

\$1,000,000 requested from the Department of Energy

Funding will be used to replace or repair old electric cabling in the Lodi area. The recipient of this funding is the City of Lodi, located at 221 W. Pine St., Lodi, CA 95240.

Green Forensics Lab Demonstration

\$420,000 requested from the Department of Energy

Funding will be used to convert a forensic lab to solar power. The recipient of this funding is the California Department of Justice, located at 1300 I St., Sacramento, CA 95814.

Historic Firehouse Arts Center Solar Panels

\$345,000 requested from the Department of Energy

Funding will be used to acquire solar panels for the City of Pleasanton's historic firehouse. This project will enhance the use of renewable energy in the City of

Pleasanton. The recipient of this funding is the City of Pleasanton, located at 123 Main St., Pleasanton, CA 94566.

Manteca Solar Facility Project

\$621,000 requested from the Department of Energy

Funding will be used to construct covered parking with solar panels to provide the electrical needs of the City's Public Works Corporation yard. This project will enhance the use of renewable energy and reduce the city's utility costs. The recipient of this funding is the City of Manteca, located at 1001 W. Center St., Manteca, CA 95337.

Renewable Energy Project for San Joaquin County Correctional Facility

\$1,000,000 requested from the Department of Energy

Funding will be used for a solar energy project at a county correctional facility. This project will increase the use of renewable energy. The recipient of this funding is San Joaquin County, located at 222 E. Weber Ave., Courthouse Room 678, Stockton, CA 95202.

San Francisco Bay Area Regional Biosolids-to-Energy Project

\$1,000,000 requested from the Department of Energy

Funding will be used to develop a regional facility to convert biosolids into renewable energy. This project would reduce waste in landfills and increase renewable energy use in the greater Bay Area. The recipient of this funding is the Delta-Diablo Sanitation District, located at 2500 Pittsburgh-Antioch Highway, Antioch, CA 94509.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Domestic Violence and Sexual Assault Intervention Program

\$300,000 requested from Child Abuse Prevention and Treatment

Funding for this program will be used to expand services to abused children in San Joaquin County, including more beds, treatment and counseling. The recipient of this funding is the Women's Center of San Joaquin County, located at 620 N. San Joaquin Street, Stockton, CA 95202.

Electronic Health Records System

\$900,000 requested from the Department of Health and Human Services

Funding will be used to create an electronic record system for San Joaquin General Hospital. The recipient of this funding is the San Joaquin County General Hospital, located at 500 W. Hospital Road, French Camp, CA 95231.

Public Health Facility Expansion

\$1,000,000 requested from the Department of Health and Human Services

Funding would be used to plan, design, and construct a new San Joaquin County public health facility. This expansion will improve the County's public health services. The recipient of this funding is the County of San Joaquin Public Health Services, located at 1601 East Hazelton Avenue, Stockton, CA 95202

Public Health Laboratory

\$750,000 requested from the Department of Health and Human Services

Funding will be used to build a new laboratory in San Joaquin County. A new laboratory is needed to meet regulatory requirements for laboratory performance and safety. The recipient of this funding is the County of San Joaquin Public Health Services, located at 1601 East Hazelton Avenue, Stockton, CA 95205.

Residential Youth Treatment Facility

\$1,500,000 requested from the Department of Health and Human Services

Funding will be used to design and build a youth treatment center to treat methamphetamine and alcohol addiction. The recipient of this funding is the County of San Joaquin Public Health Services located at 1212 N. California Street, Stockton, CA 95202.

Safe and Bright Futures for Children Exposed to Domestic Violence

\$750,000 requested from the Department of Health and Human Services

Funding would be used to implement a federally approved plan to create a system in Contra Costa County to diminish the damaging effects of domestic violence on children and adolescents. The recipient of this funding is Contra Costa County, located at 651 Pine Street Martinez, CA 94553.

San Joaquin General Hospital Seismic-Facility Project

\$250,000 from the Department of Health and Human Services

Funding will be used to meet seismic standards. The recipient for this funding is San Joaquin General Hospital located at 500 W. Hospital Rd. French Camp CA 95231.

San Joaquin Valley Methamphetamine Recovery Project

\$119,990 requested from the Department of Health and Human Services

Funding will be used for a community-based training and technical assistance project to increase public awareness of the consequences of methamphetamine and other substance abuse and to improve the effectiveness of service delivery systems. The recipient of this funding is the Central California Social Welfare Evaluation, Research and Training Center, located at 2743 E. Shaw Ave #121 Fresno, CA 93710.

DEPARTMENT OF HOMELAND SECURITY

Fire Operations Complex Project

\$3,000,000 requested from the Department of Homeland Security

Funding would establish a centralized facility for the operations of the Alameda County Fire Department. The facility would provide space for Emergency Medical Services, Fleet Maintenance, Information Technologies, Public Affairs, Emergency Preparedness, Regional Dispatch and Urban Search and Rescue Programs. The recipient of this funding is the Alameda County Fire Department, located at 835 East 14th Street, Suite 200, San Leandro, CA 94577.

Fire Station Upgrades

\$5,000,000 requested from the Department of Homeland Security

Funding will be used to upgrade fire stations to handle staff and equipment and meet seismic requirements. The recipient of this funding is the Alameda County Fire Department, located at 835 East 14th Street, Suite 200, San Leandro, CA 94577.

Fire Training Facility Replacement

\$4,000,000 requested from the Department of Homeland Security

Funding would be used to establish a new training facility for the Alameda County Fire Department. The recipient of this funding is the Alameda County Fire Department, located at 835 East 14th Street, Suite 200, San Leandro, CA 94577.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Central Valley Regional Events Center Construction Project

\$750,000 requested from the Department of Housing and Urban Development

Funding will be used to plan, design, and begin construction of the Central Valley Regional Events Center and Festival Grounds. The recipient of this funding is the

Manteca Convention and Visitors Bureau, located at 1251 East Yosemite Avenue, Manteca, CA 95336.

Civic Center Renovation

\$1,000,000 requested from the Department of Housing and Urban Development
Funding will be used to rehabilitate the city's stadium in order to comply with the Americans with Disabilities Act as well as implement field and drainage improvements, stage and electrical improvements, and seating and lighting upgrades. The recipient of this funding is the City of Lodi, located at 221 West Pine Street, Lodi, CA 95240.

Downtown Stockton Promenade Improvements

\$450,000 requested from the Department of Housing and Urban Development
Funding will be used for the construction of a promenade, bridge, and marina located in downtown Stockton, CA. The project will connect the Morelli Boat Launch Facility with the rest of the marina and promenade and will allow direct access by pedestrians, cyclists, and boaters. The recipient of this funding is the City of Stockton, located at 425 North El Dorado Street, Second Floor, Stockton, CA 95202.

Historic Firehouse Arts Center

\$635,000 requested from the Department of Housing and Urban Development
Funding will be used to retain and restore the original historic brick firehouse, located in downtown Pleasanton. The recipient of this funding is the City of Pleasanton, located at 123 Main Street, Pleasanton, CA 94556.

Mokelumne River Discovery Center

\$1,000,000 requested from the Department of Housing and Urban Development
Funding will be used to build the Mokelumne River Discovery Center. The Mokelumne River Discovery Center is an element of the Mokelumne River Stewardship Plan that supports the preservation of the river's resources and educational opportunities. The recipient of this funding is the City of Lodi, located at 221 West Pine Street, Lodi, CA 95240.

Neighborhood Initiatives Program

\$1,000,000 requested from the Department of Housing and Urban Development
Funding would be used to establish a revolving loan fund to purchase and rehabilitate blighted or foreclosed properties and to provide housing opportunities to first-time homebuyers. The recipient of this funding is the Tri-Valley Housing Opportunity Center, located at 20 South L Street, Livermore, CA 94550.

Restoration of the Veterans Memorial Building for the San Ramon Valley
\$500,000 requested from the Department of Housing and Urban Development
Funding will be used to restore the Veterans Memorial Building to serve the regional veteran community and honor their service. The recipient of this funding is the Veterans Memorial Building Development Committee of San Ramon Valley, located at 400 Hartz Avenue, Danville, CA 94526.

San Joaquin County Historical Society for a Conservation Project
\$800,000 requested from the Department of Housing and Urban Development
Funding will be used to construct and outfit a building to properly store and conserve the collections of artifacts that preserve and reveal the history of San Joaquin County. The recipient of this funding is the San Joaquin County Historical Society, located at 11793 North Micke Road, Lodi, CA 95831.

San Joaquin County Historical Society for a Construction Project
\$1,000,000 requested from the Department of Housing and Urban Development
Funding will construct and outfit a building in which exhibits would reveal the transportation history of the region. The recipient of this funding is the San Joaquin County Historical Society, located at 11793 North Micke Road, Lodi, CA 95831.

DEPARTMENT OF JUSTICE

AC Transit District Bus Camera System
\$3,000,000 requested from the Department of Justice
Funding will be used to improve security on the AC Transit bus system by installing security cameras on its active fleet. The web-based viewing will connect AC Transit security personnel with the Alameda and Contra Costa County Sheriffs' Departments. The recipient of this funding is the Alameda-Contra Costa Transit District, located at 1600 Franklin St., Oakland, CA 94612.

California Methamphetamine Strategy – San Joaquin County
\$350,000 requested from the Department of Justice
Funding will enable teams within the California Methamphetamine Strategy program to specifically target methamphetamine operations in San Joaquin County and the surrounding area. The recipient of this funding is the California Department of Justice, located at 1300 I St., Sacramento, CA 95814.

City of Ripon License Plate Reader Project

\$250,000 requested from the Department of Justice

Funding will be used by the City of Ripon will acquire and install new fixed location License Plate Reader units at strategic locations entering the City of Ripon. These LPR units will assist in identifying and locating stolen vehicles, wanted subjects, armed and dangerous subjects, and Amber Alert vehicles. The recipient of this funding is the City of Ripon Police Department, located at 259 N. Wilma Ave., Ripon, CA 95366.

City of Ripon Police Video Camera Project

\$150,000 from the Department of Justice

Funding will be used by the City of Ripon Police Department to install additional Digital Security Video Camera Units at a number of strategic locations to reduce crime. The recipient of this funding is the City of Ripon Police Department, located at 259 N. Wilma Ave., Ripon, CA 95366.

City of Tracy After-School Programs

\$150,000 requested from the Department of Justice

Funding will enable the City of Tracy to operate after-school programs designed to reduce juvenile crime and delinquency. The recipient of this funding is the City of Tracy, located at 333 Civic Center Plaza, Tracy, CA 95376.

Digital Connectors At-Risk Youth Program Expansion

\$600,000 from the Department of Justice

Funding will expand Eden Housing's program that trains at-risk youth in affordable housing developments to bridge the digital divide in low-income communities in Alameda, Contra Costa, Santa Clara, San Mateo, San Joaquin, and Sonoma Counties. The recipient of this funding is Eden Housing, located at 409 Jackson St., Hayward, CA 94544.

East Bay Regional Communications System

\$3,000,000 requested from the Department of Justice

Funding will be used for the purchase of communications equipment that will allow for shared public-safety communications between the five Tri-Valley cities in Alameda and Contra Costa Counties: Danville, Dublin, Livermore, Pleasanton, and San Ramon. The system will also allow for communications with emergency personnel in San Francisco and Oakland. The recipient of this funding is the East Bay Regional Communications Authority, located at 4985 Broder Blvd., Dublin, CA 94568.

Lodi Police Department Rescue Vehicle

\$250,000 from the Department of Justice

Funding will be used to acquire a Lenco BearCat Rescue Vehicle for use by the City of Lodi and neighboring cities. The recipient of this funding is the Lodi Police Department, located at 215 W. Elm St., Lodi, CA 95240.

Operation Peacekeeper Youth Gang Outreach Program

\$350,000 requested from the Department of Justice

Funding will be used by the Stockton Police Department to conduct Operation Peacekeeper, a youth gang outreach program to help young individuals get out of gangs. The program helps youth identify career opportunities and safe recreational activities in the community and works to prevent gang affiliation. The recipient of this funding is the City of Stockton, located at 425 North El Dorado St., 2nd Floor, Stockton, CA 95202.

Pleasanton High School Drug and Alcohol Abuse Prevention Program

\$250,000 requested from the Department of Justice

Funding will be used to create an intervention program for alcohol and drug counseling through a partnership of the Pleasanton Unified School District and Axis Community Health. The project will reduce illegal teenage drug and alcohol use. The recipient of this funding is the City of Pleasanton, located at 123 Main St., Pleasanton, CA 94566.

Police Methamphetamine Suppression Project

\$250,000 requested from the Department of Justice

Funding will be used to support the investigation, arrest, and prosecution of those involved in the manufacture, distribution, and sales of methamphetamine in the City of Stockton. The recipient of this funding is the City of Stockton, located at 425 North El Dorado St., 2nd Floor, Stockton, CA 95202.

Public Safety Communication Project

\$3,000,000 requested from the Department of Justice

Funding will be used by San Joaquin County public safety organizations to obtain equipment for an effective radio system that supports the essential needs of the region's first responders. The recipient of this funding is the San Joaquin County Information Systems Division, located at 24 South Hunter St., Stockton, CA 95202.

San Joaquin County Juvenile Camp

\$5,000,000 from the Department of Justice

Funding will be used to allow San Joaquin County to construct a new juvenile facility. The current facility is limited in size and unable to house females. The recipient of this funding is the San Joaquin County Probation Department, located at 575 W. Mathews Rd., French Camp CA 95231.

DEPARTMENT OF LABOR

Give Every Child a Chance Job Mentoring Program

\$1,000,000 requested from the Department of Labor

Funding will be used for a job mentoring program. This program will provide students the opportunity to experience a work environment in careers of interest. The recipient of this funding is Give Every Child a Chance, located at 322 Sun West Place Suite A, Manteca, CA 95337.

Park Conservation Crews

\$460,000 requested from the National Park Service

Funding will be used to establish a conservation work force for park projects that enhance parks, improve the environment, and provide job training. The recipient of this funding is the East Bay Regional Park District, located at 2950 Peralta Oaks Ct., Oakland, CA 94605.

DEPARTMENT OF TRANSPORTATION

Altamont Commuter Express (ACE) Alignment Project

\$1,000,000 requested from the Department of Transportation

Funding will be used to improve the Altamont Commuter Express (ACE) rail service between the Central Valley and the Silicon Valley. This project will identify a joint use alignment between California's Central Valley and the San Francisco Bay Area. The recipient of this funding is the San Joaquin Council of Governments, located at 555 East Weber Avenue, Stockton, CA 95202.

Altamont Commuter Express Equipment Maintenance and Layover Facility

\$1,000,000 requested from the Department of Transportation

Funding will be used to help with construction of a facility that will house rail maintenance equipment. The recipient of this funding is the San Joaquin Regional Rail Commission, located at 949 East Channel Street, Stockton, CA 95202.

Austin Road Interchange

\$1,000,000 requested from the Department of Transportation

Funding will be used to complete preliminary engineering and to initiate the environmental documentation that must be completed. The purpose of the project is to replace the aged and geometrically deficient interchange and to provide capacity for proposed development of the adjacent area. The recipient of this funding is the City of Manteca, located at 1251 East Yosemite Avenue, Manteca, CA 95336.

Bay Area Rapid Transit (BART) Rail Car Acquisition

\$1,000,000 requested from the Department of Transportation

Funding will be used to replace and expand the Bay Area Rapid Transit (BART) fleet of almost 700 rail cars in order to continue serving growing rider demand. The recipient of this funding is the Bay Area Rapid Transit District, located at 300 Lakeside Drive, 18th Floor, Oakland, CA 94612.

Cherokee Lane Curb and Sidewalk Rehabilitation

\$1,000,000 requested from the Department of Transportation

Funding will be used to revitalize the old state highway route along Cherokee Lane. This project will improve commerce along Cherokee Lane. The recipient of this funding is the City of Lodi, located at 221 West Pine Street, Lodi, CA 95240.

DeWitt Avenue S-Curve Realignment

\$200,000 requested from the Department of Transportation

Funding will be used to straighten the existing horizontal curve and flatten the vertical curve by extending it and widening the travel lanes, enhancing the line of sight for motorists, bicyclists, pedestrians, and improving overall safety. The recipient of this funding is Santa Clara County, located at 70 West Hedding Street, East Wing, San Jose, CA 95110.

Diesel-Electric Hybrid Buses

\$1,000,000 requested from the Department of Transportation

Funding for this project will be used to acquire advanced buses. This project will improve service to meet current and future mobility needs, improve quality of life, improve air quality, decrease traffic congestion, and assist in the development of a strong, integrated, and diverse economy. The recipient of this funding is the San Joaquin Regional Transit District, located at 421 East Weber Street, Stockton, CA 95202.

Eastside Lodi Asphalt Rubber Overlays

\$1,000,000 requested from the Department of Transportation

Funding will be used to reduce the backlog of street maintenance work in the older residential areas on the east side of Lodi. Funding will provide for the paving of all streets within a 15-block area and will improve transportation for a large geographical area. The recipient of this funding is the City of Lodi, located at 221 West Pine Street, Lodi, CA 95240.

Eleventh Street Corridor

\$1,000,000 requested from the Department of Transportation

Funding will be utilized for initial phases of the Eleventh Street Corridor Improvements Project, specifically advanced planning and environmental analysis. The recipient of this funding is the County of San Joaquin Public Works Department, CA, located at 1810 East Hazelton Avenue, Stockton, CA 95205.

Interchange at 1-5 and French Camp Road and Arch-Sperry Road Construction

\$1,000,000 requested from the Department of Transportation

Funding will be used to connect the Interstate-5/French Camp Road Interchange to Performance Drive and the Stockton Metropolitan Airport. The Arch Road-Sperry Road arterial serves as an important link to the Stockton Metropolitan Airport and State Route 99. The recipient of this funding is the San Joaquin Council of Governments, located at 555 East Weber Avenue, Stockton, CA 95202.

Interchange Reconstruction at State Route 99 and Harney Lane

\$1,000,000 requested from the Department of Transportation

Funding will be used for the reconstruction of the interchange at State Route 99 and Harney Lane, a needed improvement to the SR 99 trade corridor and the regional circulation plan. The recipient of this funding is the City of Lodi, located at 221 West Pine Street, Lodi, CA 95240.

Interstate 5 Widening Project

\$1,000,000 requested from the Department of Transportation

Funding will be utilized for the I-5 Widening Project, which will relieve traffic congestion and improve the flow of transportation in Stockton, CA. Specifically, the project will widen I-5 from six to eight lanes between Country Club Boulevard and Eight Mile Road. The recipient of this funding is the San Joaquin Council of Governments, located at 555 East Weber Avenue, Stockton, CA 95202.

Interstate-205/Lammers Road Interchange Improvements

\$1,000,000 requested from the Department of Transportation

Funding will be used for the construction of the interchange at Lammers Road and I-205, which is necessary to relieve traffic congestion from the I-205 corridor to the City of Tracy and Mountain House area. The recipient of this funding is the San Joaquin Council of Governments, located at 555 East Weber Avenue, Stockton, CA 95202.

Interstate 580 Corridor Improvements

\$1,000,000 requested from the Department of Transportation

Funding will be used to reduce daily congestion, improve the flow of transportation for a large geographical area, and to improve the I-580/I-680 interchange. The recipient of this funding is the Alameda County Congestion Management Agency, located at 1333 Broadway, Suite 220, Oakland, CA 94612.

Interstate 580 Corridor/Vasco Road Interchange Improvements

\$1,000,000 requested from the Department of Transportation

Funding will be used to initiate capital construction of interim phase improvements. This project will help reduce traffic congestion. The recipient of this funding is the City of Livermore, located at 1052 South Livermore Avenue, Livermore, CA 94550.

Interstate 580 Trail Undercrossing

\$1,000,000 requested from the Department of Transportation

Funding will be used to construct a trail undercrossing between Dublin and Pleasanton under Interstate 580. This project will provide safer access for pedestrians to travel underneath the Interstate 580/680 interchange. The recipient of this funding is the Easy Bay Regional Parks District, located at 2950 Peralta Oaks Ct., Oakland, CA, 94605.

Lower Sacramento Road Corridor Improvements

\$1,000,000 requested from the Department of Transportation

Funding will be used for the advanced planning and initial engineering phases of the Lower Sacramento Road Corridor Improvement Project. The recipient of this funding is the County of San Joaquin Public Works Department, CA, located at 1810 East Hazelton Avenue, Stockton, CA 95205.

MacArthur Drive Above Grade Crossing

\$1,000,000 requested from the Department of Transportation

Funding will be used for construction of a new above grade crossing over the railroad line at the MacArthur Drive alignment to eliminate interruption to

vehicular traffic from the increased use of the Mococo line and the switch yard. The recipient of this funding is the City of Tracy, located at 333 Civic Center Plaza, Tracy, CA 95376.

Metro Express-Airport Way Corridor Bus Rapid Transit (BRT) project

\$1,000,000 requested from the Department of Transportation

Funding will be used for engineering, design, and costs associated with anticipated construction including the placement of shelters, paving of sidewalks, paving of roads, striping, and signage. The purpose of this project is to expand existing BRT services south to the Stockton Airport from downtown Stockton. The recipient of this funding is the San Joaquin Regional Transit District, located at 421 East Weber Street, Stockton, CA 95202.

Lodi Avenue Rehabilitation Project

\$1,000,000 requested from the Department of Transportation

Funding will be used to rehabilitate Lodi Avenue into a pedestrian-friendly commercial roadway. The recipient of this funding is the City of Lodi, located at 221 West Pine Street, Lodi, CA 95240.

North County 1-5 Interchanges and Arch-Sperry Road

\$1,000,000 requested from the Department of Transportation

Funding will be used to reconstruct the I-5 interchange improvements that facilitate traffic flow on I-5. The recipient of this funding is the City of Stockton, located at 425 North El Dorado Street, Second Floor, Stockton, CA 95202.

Ripon-Manteca Regional Bikeway Connection

\$1,000,000 requested from the Department of Transportation

Funding will be used for design of the proposed three mile Ripon-Manteca Regional Bikeway Connection. The purpose of this project is to connect the existing Ripon and Manteca bikeways to provide a safe connection between these communities for bicyclists. The recipient of this funding is the City of Ripon, located at 259 North Wilma Avenue, Ripon, CA 95366.

San Joaquin Regional Operations Facility Construction

\$1,000,000 requested from the Department of Transportation

Funding is being requested for property acquisition, design, and construction for the Regional Operations Center to enhance the Regional Transit District's operations. The new facility will consist of three major components: an operating garage, heavy maintenance shops, and a three-story administration block. The

recipient of this funding is the San Joaquin Regional Transit District, located at 421 East Weber Street, Stockton, CA 95202.

Satellite Maintenance, Operations, and Administrative Facility

\$1,000,000 requested from the Department of Transportation

Funding will be used for the Livermore Amador Valley Transit Authority's new center of operations for its growing fleet and staff in order to accommodate annual passenger growth and to keep up with future demand. The recipient of this funding is the Livermore Amador Valley Transit Authority, located at 1362 Rutan Court, Suite 100, Livermore, CA 94551.

State Route 4 Corridor Improvements

\$1,000,000 requested from the Department of Transportation

Funding will be used for planning and engineering studies and project design. The project will widen State Route 4 from two to four lanes and will provide for increased capacity on State Route 4 in and near San Joaquin County. The recipient of this funding is the County of San Joaquin Public Works Department, located at 1810 East Hazelton Avenue, Stockton, CA 95205.

State Route 4/Old River Bridge Study

\$1,000,000 requested from the Department of Transportation

Funding will be used to study preferred options for expanding or replacing an existing drawbridge on State Route 4, the major route between the Port of Stockton in San Joaquin County and the Bay Area. The recipient of this funding is the Contra Costa County, located at 651 Pine Street, Martinez, CA 94553.

State Route 12/State Route 88 Improvements Project

\$1,000,000 requested from the Department of Transportation

Funding will be utilized for initial phases of the State Route 12/State Route 88 Improvements Project, specifically studies and environmental analysis. The recipient of this funding is the County of San Joaquin Public Works Department, CA, located at 1810 East Hazelton Avenue, Stockton, CA 95205.

Stockton Metropolitan Airport Instrument Landing System Upgrades

\$1,000,000 requested from the Department of Transportation

Funding for this project will upgrade the Airport's Instrument Landing System from a Category I to a Category II system and will maximize the Airport's ability to increase accessibility during inclement weather conditions and reduce landing limits. The recipient of this funding is the San Joaquin County, located at 1810 East Hazelton Avenue, Stockton, CA 95205.

Stockton Metropolitan Airport Taxiway D and Associated Cross Taxiways

\$1,000,000 requested from the Department of Transportation

Funding will be used for the planning, engineering, and construction of a new Taxiway D and associated cross taxiways. The taxiway infrastructure will increase the safety and utility of the airport and will be a critical catalyst for commercial aviation development. The recipient of this funding is the County of San Joaquin, CA, located at 1810 East Hazelton Avenue, Stockton, CA 95205.

Tri-Delta Transit Park-and-Ride Lots

\$1,000,000 requested from the Department of Transportation

Funding will be used for developing a Park-and-Ride lot serving public bus transit systems in the Byron/Discovery Bay area. This project will alleviate traffic congestion in the Bay Area. The recipient of this funding is the Eastern Contra Costa County Transit Authority, located at 801 Wilbur Avenue, Antioch, CA 94509.

ENVIRONMENTAL PROTECTION AGENCY

City of Lodi Wastewater Collector Piping Reconstruction

\$2,000,000 requested from the Environmental Protection Agency

Funding will be used to repair wastewater pipes and prevent contamination of the City's water supply. The recipient of this funding is the City of Lodi, located at 221 W. Pine St., Lodi, CA 95240.

Industrial Wastewater Outfall Rehabilitation

\$2,000,000 requested from the Environmental Protection Agency

Funding will be used to restore the useful life of a 60-year-old plus critical element of the City's industrial infrastructure. The recipient of this funding is the City of Lodi, located at 221 W. Pine St., Lodi, CA 95240.

Irrigation Distribution System Improvements

\$2,000,000 requested from the Environmental Protection Agency

Funding will be used to replace portions of the North San Joaquin Water Conservation District's irrigation distribution system. Specifically, the project would replace obsolete cast-in-place concrete pipe irrigation distribution system with pre-cast reinforced concrete pipe. This project will improve the district's

operations. The recipient of this funding is the North San Joaquin Water Conservation District at P.O. Box 428, Clements, CA 95227.

Manteca Arsenic Reduction

\$434,500 requested from the Environmental Protection Agency

Funding will be used to reduce arsenic in Manteca's groundwater supply and meet federal standards. The recipient of this funding is the City of Manteca, located at 1001 W. Center St., Manteca CA 95337.

Manteca Sewer Line Replacement and Rehabilitation

\$2,000,000 requested from the Environmental Protection Agency

Funding will be used to replace aging sewer systems to better serve Manteca residents. The recipient of this funding is the City of Manteca located at 1001 W. Center St., Manteca, CA 95337.

Morgan Hill Wastewater Treatment

\$1,980,000 requested from the Environmental Protection Agency

Funding will be used to design and build sewer infrastructure in Morgan Hill. This project will address current failures. The recipient of this funding is the City of Morgan Hill, located at 17575 Peak Avenue, Morgan Hill, CA 95037.

Ripon Surface Water Supply Project

\$2,000,000 requested from the Environmental Protection Agency

Funding would be used to install piping that will allow the City to improve water treatment. The recipient of this funding is the City of Ripon, located at 259 N. Wilma Ave., Ripon, CA 95366.

San Joaquin Valley Emissions Reduction Program

\$10,000,000 requested from the Environmental Protection Agency

Funding will be used for incentive programs administered by the San Joaquin Valley Air Pollution Control District to provide for mobile source reductions. The recipient of this funding is the San Joaquin Valley Air Pollution Control District located at 1990 East Gettysburg Ave., Fresno, CA 93726.

University of the Pacific Natural Resources Institute

\$225,000 requested from the Environmental Protection Agency

Funding will be used to coordinate flood control and water use planning in the San Joaquin County Area. The recipient of this funding is the University of the Pacific, located at 3601 Pacific Ave., Stockton, CA 95211.

SMALL BUSINESS ADMINISTRATION

University of the Pacific Business Forecasting Center

\$400,000 requested from the Small Business Administration

Funding will be used by the Business Forecasting Center to produce data and analysis that will assist economic development projects in San Joaquin County. The recipient of this funding is the University of the Pacific, located at 3601 Pacific Ave., Stockton, CA 95211.

U.S. ARMY CORPS OF ENGINEERS

CALFED Delta Levee Stability Project

\$6,000,000 requested from the Army Corps of Engineers

Funding will be used to identify and prioritize levee needs in the Sacramento-San Joaquin Delta. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Contra Costa Canal Improvements Project

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used to eliminate certain levees and replace the unlined portion of the Contra Costa Canal with buried pipeline. This project will protect water supplies from potential levee failure. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

Delta Islands and Levee Feasibility Study

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used for a comprehensive study to develop a long-term Army Corps strategy for levees in the Sacramento-San Joaquin Delta. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Desalinization Project

\$4,000,000 requested from the Army Corps of Engineers

Funding will be used to further the Bay Area Regional Desalinization Project. This project will develop regional desalinization facilities to increase available

water supplies. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

Farmington Groundwater Recharge Demonstration Program

\$3,700,000 requested from the Army Corps of Engineers

Funding will be used to improve San Joaquin County's water supplies by constructing groundwater recharge facilities. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Integrated Recycling Water Project

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used to expand the availability of recycled water in the greater Bay Area. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

Llagas Creek Flood Protection Project

\$2,000 requested from the Army Corps of Engineers

Funding will be used to enhance flood protection efforts along Llagas Creek in Morgan Hill, CA. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

Lower San Joaquin River Projects Study

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used for studies to determine necessary projects in the Sacramento-San Joaquin Delta such as flood control and ecosystem restoration. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Pinole Shoal Management Project

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used for sediment management to enhance levee repair and environmental protection efforts in the Sacramento-San Joaquin Delta. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

Port of Stockton and Rough and Ready Island Infrastructure Development

\$3,000,000 requested from the Army Corps of Engineers

Funding will be used for wastewater improvements at Rough and Ready Island. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Sacramento and San Joaquin River Basins Comprehensive Study

\$1,000,000 requested from the Army Corps of Engineers

Funding will be used to develop a flood management plan for the Central Valley. The project will reduce flood risks to people, ecosystems, and property. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Sacramento River Bank Protection Project

\$5,000,000 requested from the Army Corps of Engineers

Funding will be used to preserve the integrity of the Sacramento River Flood Control Project's levee system by protecting river banks from erosion. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

San Francisco Bay to Stockton Project

\$2,500,000 requested from the Army Corps of Engineers

Funding will be used to improve ship passage between the San Francisco Bay and the Port of Stockton. This project will increase commercial shipping traffic at the Port of Stockton. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

San Pablo and Mare Island Strait

\$2,000,000 from the Army Corps of Engineers

Funding will be used for dredging activities. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

San Ramon Valley Recycled Water Project

\$3,000,000 requested from the Army Corps of Engineers

Funding will be used for the continued development of the San Ramon Valley Recycled Water Project. This project enhances the available water supply in Alameda and Contra Costa Counties. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

Stockton Metropolitan Area Flood Reimbursement Project

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used to reimburse flood control expenditures on the Stockton Metropolitan Area Flood Control Project, which was completed in 1998. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Stockton Ship Channel Maintenance

\$11,000,000 requested from the Army Corps of Engineers

Funding will be used for maintenance dredging of the Port of Stockton's ship channel on the San Joaquin River. This dredging is essential to the Port's day-to-day operations. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Stockton Water Infrastructure Improvement Project

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used to develop new water supplies for the City of Stockton to enhance water availability and protect groundwater resources. The recipient of this funding is the U.S. Army Corps of Engineers, Sacramento District, located at 1325 J St., Sacramento, CA 95814.

Suisun Channel Project

\$2,000,000 requested from the Army Corps of Engineers

Funding will be used for dredging activities. The recipient of this funding is the U.S. Army Corps of Engineers, San Francisco District, located at 1455 Market St., San Francisco, CA 94103.

U.S. BUREAU OF RECLAMATION

Contra Costa Canal Intake Fish Screening Project

\$2,000,000 requested from the Bureau of Reclamation

Funding will be used to install a fish screen that will protect fish species in the Sacramento-San Joaquin Delta. The recipient of this funding is the U.S. Bureau of Reclamation, Mid Pacific Region, located at 2800 Cottage Way, Sacramento, CA 95825.

Los Vaqueros Reservoir Expansion Project

\$2,000,000 requested from the Bureau of Reclamation

Funding will be used for a reservoir expansion project that will improve water availability in the Bay Area. The project will also benefit habitat restoration and environmental protection efforts. The recipient of this funding is the U.S. Bureau of Reclamation, Mid Pacific Region, located at 2800 Cottage Way, Sacramento, CA 95825.

Mokelumne River Regional Water Storage and Conjunctive Use Project

\$1,500,000 from the Bureau of Reclamation

Funding will be used to capture unappropriated flows from the Mokelumne River for conjunctive use projects. This project improves the available water supply in San Joaquin County. The recipient of this funding is the U.S. Bureau of Reclamation, Mid Pacific Region, located at 2800 Cottage Way, Sacramento, CA 95825.

Regional Water Recycling Program

\$2,000,000 requested from the Bureau of Reclamation

Funding will be used to design and construct recycled water projects throughout the greater Bay Area. This project will enhance the availability of water resources. The recipient of this funding is the U.S. Bureau of Reclamation, Mid Pacific Region, located at 2800 Cottage Way, Sacramento, CA 95825.
