The Honorable David R. Obey, Chairman
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$6 million in Department of Homeland Security Science and Technology funding for the Cyber Conflict Research Consortium's (CCRC) Distributed Environment for Critical Infrastructure Decision-making Exercises (DECIDE) program in Fiscal Year 2010.

The entity to receive the funding is a consortium of educational research institutions, including Utah State University, at 1400 Old Main Hill, Logan, Utah 84322-1400.

Funding is needed to continue efforts begun last year to develop digital and informational technology tools to help private financial institutions and other private sector institutions vital to the U.S. economy to coordinate defenses against sophisticated growing cyber attack threats that, if not defended against, could have devastating implications for our economy as well as homeland security interests.

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge, this request: (1) is not directed to an entity or program named for, or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). I further certify that should this request be included in FY2010 Appropriations legislation that I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,
