12 “(A) either—

13 “(i) obtained their high school di-  
14 ploma; or

19       U.S. Citizenship and Immigration Services are based and  
20       are appropriate to the age, education, and experience of  
21       the program, among individuals enrolled in approved na-  
22       tional service positions and approved summer of service  
23       positions.

1 paragraph (B) may provide assistance in the  
2 form of fixed-amount grants in an amount de-  
3 termined by the Corporation under paragraph  
4 (2) rather than on the basis of actual costs in-

18 and necessary costs of administering the pro-  
19 gram receiving the grant; and

20 “(B) based on the amount per individual  
21 enrolled in the program receiving the grant,

22 **COMMISSION ON CIVIC SERVICE**

23 **SEC. 6101. SHORT TITLE.**

24 This title may be cited as the “Congressional Com-  
25 mission on Civic Service Act”.

1 **SEC. 6102. FINDINGS.**

2 Congress finds the following:

3 (1) The social fabric of the United States is  
4 stronger if individuals in the United States are com-  
5 mitted to protecting and serving our Nation by uti-  
6 lizing national service and volunteerism to overcome  
7 our civic challenges.

8 (2) A more engaged civic society will strengthen  
9 the Nation by bringing together people from diverse  
10 backgrounds and experiences to work on solutions to  
11 some of our Nation's major challenges.

12 (3) Despite declines in civic health in the past  
13 30 years, national service and volunteerism among  
14 the Nation's youth are increasing, and existing na-  
15 tional service and volunteer programs greatly en-  
16 hance opportunities for youth to engage in civic ac-  
17 tivity.

18 (4) In addition to the benefits received by non-  
19 profit organizations and society as a whole, volun-  
20 teering and national service provide a variety of per-  
21 sonal benefits and satisfaction and can lead to new  
22 paths of civic engagement, responsibility, and up-  
23 ward mobility.

24 **SEC. 6103. ESTABLISHMENT.**

25 There is established in the legislative branch a com-  
26 mission to be known as the "Congressional Commission

1 on Civic Service” (in this title referred to as the “Commis-  
2 sion”).

3 **SEC. 6104. DUTIES.**

4 (a) GENERAL PURPOSE.—The purpose of the Com-  
5 mission is to gather and analyze information in order to  
6 make recommendations to Congress to—

7 (1) improve the ability of individuals in the  
8 United States to serve others and, by doing so, to  
9 enhance our Nation and the global community;

10 (2) train leaders in public service organizations  
11 to better utilize individuals committed to national  
12 service and volunteerism as they manage human and  
13 fiscal resources;

14 (3) identify and offer solutions to the barriers  
15 that make it difficult for some individuals in the  
16 United States to volunteer or perform national serv-  
17 ice; and

18 (4) build on the foundation of service and vol-  
19 unteer opportunities that are currently available.

20 (b) SPECIFIC TOPICS.—In carrying out its general  
21 purpose under subsection (a), the Commission shall ad-  
22 dress and analyze the following specific topics:

23 (1) The level of understanding about the cur-  
24 rent Federal, State, and local volunteer programs

1 and opportunities for service among individuals in  
2 the United States.

3 (2) The issues that deter volunteerism and na-  
4 tional service, particularly among young people, and  
5 how the identified issues can be overcome.

6 (3) Whether there is an appropriate role for  
7 Federal, State, and local governments in overcoming  
8 the issues that deter volunteerism and national serv-  
9 ice and, if appropriate, how to expand the relation-  
10 ships and partnerships between different levels of  
11 government in promoting volunteerism and national  
12 service.

13 (4) Whether existing databases are effective in  
14 matching community needs to would-be volunteers  
15 and service providers.

16 (5) The effect on the Nation, on those who  
17 serve, and on the families of those who serve, if all  
18 individuals in the United States were expected to  
19 perform national service or were required to perform  
20 a certain amount of national service.

21 (6) Whether a workable, fair, and reasonable  
22 mandatory service requirement for all able young  
23 people could be developed, and how such a require-  
24 ment could be implemented in a manner that would  
25 strengthen the social fabric of the Nation and over-

1       come civic challenges by bringing together people  
2       from diverse economic, ethnic, and educational back-  
3       grounds.

4               (7) The need for a public service academy, a 4-  
5       year institution that offers a federally funded under-  
6       graduate education with a focus on training future  
7       public sector leaders.

8               (8) The means to develop awareness of national  
9       service and volunteer opportunities at a young age  
10      by creating, expanding, and promoting service op-  
11      tions for elementary and secondary school students,  
12      through service learning or other means, and by  
13      raising awareness of existing incentives.

14              (9) The effectiveness of establishing a training  
15      program on college campuses to recruit and educate  
16      college students for national service.

17              (10) The effect on United States diplomacy and  
18      foreign policy interests of expanding service opportu-  
19      nities abroad, such as the Peace Corps, and the de-  
20      gree of need and capacity abroad for an expansion.

21              (11) The constraints that service providers,  
22      nonprofit organizations, and State and local agencies  
23      face in utilizing federally funded volunteer programs,  
24      and how these constraints can be overcome.

1           (12) Whether current Federal volunteer pro-  
2           grams are suited to address the special skills and  
3           needs of senior volunteers, and if not, how these pro-  
4           grams can be improved such that the Federal Gov-
