Washington, D.C. 20515

Dear *David* Chairman Obey and Ranking Member *Jerry* Lewis:

I am requesting funding for **Detection, Tracking, and Identification for ISRTE (Intelligence, Surveillance, Reconnaissance, Targeting and Engagement) of Mobile and Asymmetric Targets** in fiscal year 2010.

The entity to receive funding for this project is:

Pukoa Scientific
2800 Woodlawn Dr.
Suite 141
Honolulu, HI 96822

The funding would be used for **developing components to support multiple, simultaneous detections, tracking, identification and targeting of asymmetric and mobile threats in Intelligence, Surveillance, Reconnaissance, Targeting and Engagement.**

I certify that neither I nor my spouse has any financial interest in this project.

Signed

Dear Chairman Obey & Ranking Member Lewis:

I am requesting funding for Transitioning Stretch Broken Carbon Fiber to Production Programs in fiscal year 2010. The entity to receive funding for this project is Hexcel Corporation, located at Precursor Mfg: 3300 Mallard Fox Drive NW Decatur, AL 35601 and Carbon Fiber Mfg: 6700 W. 5400 South West Valley City, UT 84118. The funding would be used for SBCF technology affords major weight and cost reductions. Funding will go to fabricators to develop robust part molding processes. Funding will also generate a Mil-HdBk-17 database. Both tasks are necessary to take SBCF into production. Taxpayer Justification: On current DOD programs, such as the V22, F-22, and F-18 E/F, the composite content is limited to ~25% of the aircraft weight because other parts are not producible with today's materials. SBCF is a simple solution to this problem.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$funding for SWARMS DEFENSE SYSTEMS in fiscal year 2010. The entity to receive funding for this project is Computer Science Corporation, located at 4090 S. Memorial Parkway M/S 3427B Huntsville, Alabama 35801. The funding would be used to close the gap between current and future Air Defense Systems dealing with enemy mortars, rockets, UAV's, and cruise missiles. Future threats exceed all requirements of current system and future AD plans. Taxpayer Justification: Swarms Defense is designed to protect soldiers and critical assets against enemy fire, especially high volume small munitions such as mortars, rockets, UAV's, cruise missiles, developing the critical technologies required to close the gap in current asset protection plans.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$8,000,000 for Scenario Generation for IAMD Evaluation (SGIE) in fiscal year 2010. The entity to receive funding for this project is QinetiQ North America Systems Engineering Group, located at 890 Explorer Boulevard Huntsville AL 35806. The funding would be used for 54 ground test cases identified in the IAMD TEMP and 7 flight test cases derived from ground test matrix. A scenario for each test case is required to capture the design specification as it is intended to perform in a battlefield situation. Taxpayer Justification: This program will contribute to the work of establishing an Integrated Air & Missile Defense System protect against air breathing missile and cruise missile threats. This work will provide a network centric system to integrate a mix of sensors and shooters through a common IAMD battle command system.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$5,820,000 for Remote Monitoring and Troubleshooting (RMAT) Project in fiscal year 2010. The entity to receive funding for this project is Intergraph Corporation, located at 170 Graphics Drive Madison, AL 35758. The funding would be used to collectively support the entire Fleet with one office of experts, through the use of satellite uplinks connected to on board sensors. This provides a cost avoidance of redundant on-site support while raising the efficiency and effectiveness of the shore infrastructure. Taxpayer Justification: RMAT will increase the level of sensor data fusion, situational awareness, ship survivability, and the ability to successfully complete missions. The change from analog systems and manual data collection will save thousands of man-hours/year.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$3,000,000 for Army Responsive Tactical Space System Exerciser (ARTSSE) in fiscal year 2010. The entity to receive funding for this project is J2 Technologies Inc., located at 4801 University Square, Suite 31 Huntsville, AL 35816-1815. The funding would be used to provide the hardware-in-the-loop test capability designed to address the need to define performance requirements, evaluate and execute Operationally Responsive Space programs thus ensuring the warfighter's continued access to space. Taxpayer Justification: Army Responsive Tactical Space System Exerciser (ARTSSE) provides technologies critical to maintaining access to space. ARTSSE supports an unfunded Army need to provide a responsive surge for space based communication, surveillance, and reconnaissance, especially when a change in circumstances brought about by foreign-owned assets requires a response from the U.S. systems within hours or a few days in order to maintain protection of U.S. personnel and assets.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$6,000,000 for Autonomous Cargo Acquisition for Rotorcraft Unmanned Aerial Vehicles in fiscal year 2010. The entity to receive funding for this project is Advanced Optical Systems, Inc., located at 6767 Old Madison Pike, Suite 410 Huntsville, Alabama 35805. The funding would be used to demonstrate fully unmanned cargo pickup and delivery under operational conditions. The work will leverage current developments for manned systems, and will cooperate with TRADOC and logistics personnel at Ft. Rucker and Ft. Lee. Taxpayer Justification: The Army needs to leverage rotorcraft unmanned aerial systems to provide unmanned pickup and delivery for logistics supply and weapons placement. Unmanned cargo operations would reduce both aircrew losses and costs.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$7,500,000 for Enhanced Rapid Tactical Integration for Fielding of Systems (ERTIFS) in fiscal year 2010. The entity to receive funding for this project is PeopleTec, Doug Scalf, Linda Maynor, located at PeopleTec, Inc. 4901-D Corporate Drive Huntsville, AL 35805. The funding would be used to support early SoS testing to ensure that interoperability issues are corrected before software is released for formal AIC testing. The ABCS-BA will leverage and evolve ERTIFS to support four types of required Interoperability Tests: 1) Individual System, 2) System of Systems (e.g. Software Blocking), 3) Backwards Compatibility - Interoperability and 4) Regression Testing. Taxpayer Justification: The early identification of these issues will limit cost and schedule overruns on Aviation/Missile Systems prior to expensive hardware tests.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$4,000,000 for the Tactical UAV, Heavy Fuel Engine in fiscal year 2010. The entity to receive funding for this project is Science and Engineering Services, Inc., located at 4015 Pulaski Pike, Huntsville, AL 35810. The funding would be used for development of lightweight military fuel engine for UAVs. Scope includes building engines to perform platform integration and flight test for use in a military environment. Funding supports design and implementation of the process to military standards. Taxpayer Justification: Shadow UAS is ideal for providing direct information to commanders increasing awareness. Heavy fuel technology allows an engine to burn any fuel, diesel, JP5, JP8, gasoline, producing low emission, can be economically manufactured, and maintained

Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$5,400,000 for Adaptive Robotics Technology for Space, Air and Missiles [ART-SAM] in fiscal year 2010. The entity to receive funding for this project is Calhoun Community College, located at 6250 US Highway 31 North, Tanner, AL 35671. The funding would be used for a joint venture with leadership from the U.S. Army Space and Missile Defense Command (SMDC) and Alabama Industrial Development Training (AIDT), and will establish national robotics research and development capability at Calhoun Community College to leverage government, industry, and academia partnerships and their respective investments. Additionally, funds will be used to procure instrumentation, components and test fixtures to provide a hands-on laboratory for experiments and process testing in an unmanned environment. Taxpayer Justification: The ART-SAM project, once operational, will develop robotics technologies, systems and products for a variety of SMDC projects, programs, and core mission needs. It will serve as an economic development catalyst for robotic research and development, training, operations and manufacturing. It will also support workforce development initiatives throughout the state.

Dear Chairman Obey & Ranking Member Lewis:

I am writing to ask your support for the Senate defense appropriations bill funding provided for the Cooperative International Neuromuscular Research Group for \$4.1 million in the Army RDT&E, Medical Advanced Technology account. The entity to receive funding will be The Children's National Medical Center, at 111 Michigan Avenue, NW, Washington, DC 20010-2970. The funds will be used for ongoing research and testing using molecular patches, to see if the same improvements experienced by dogs in clinical trials can be extended to humans with muscle damage. This research benefits both warfighters (in terms of combating the effects of biological warfare attacks), and also potentially the civilian population who suffer from similar muscle tissue deterioration.

I am writing to support the Senate defense appropriations bill level of funding for the On-Board Vehicle Power (OBVP) in fiscal year 2010. The entity to receive funding for this project is DRS Training and Energy Management, located at 110 Wynn Drive Huntsville, AL 35805. The funding would be used for OBVP provides electric power for vehicles and mission electronics. OBVP fits the space inside the bell housing of vehicle transmissions. The system is capable of producing 30-70 kW. Increased power is needed for IED detection and weapon systems. Growth in energy requirements on the battlefield has created a critical need to accelerate this program to production readiness. The system can deliver mobile/exportable electric power from the vehicle engine for electric power gap requirements.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Defense Appropriations bill, Aircraft Procurement, Army, for air filtrations systems for helicopters. The entity to receive funding for this project is Aerospace Filtration Systems, Inc. at 4 Research Park, Suite 200, St.Charles, MO 63304. It is my understanding that the funding would be used to field air filtration systems to over two hundred Army National Guard helicopters. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$10 million in Defense Production Act Purchases (DPA Title III) funding for the Automated Composite Technologies and Manufacturing Center project for Fiscal Year 2010.

The entity to receive the funding is the Ogden Air Logistics Center, Hill AFB, Utah, in partnership with ATK Inc., Freepport Center Building H-8, Clearfield, Utah 84016.

Funding is needed to continue multi-year effort to develop high tech cutting-edge carbon fiber placement and equipment at the Ogden Air Logistics Center, Hill AFB, Utah, which will allow it to better support aviation platforms and weapons system repairs and maintenance involving composites.

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge, this request (1) is not directed to an entity or program named for, or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). I further certify that should this request be included in FY2010 Appropriations legislation that I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$5.5 million in Air Force Research & Development funding for the UAV Sensor and Maintenance Development Center for the Ogden Air Logistics Center.

The entity to receive the funding is the United States Air Force, and the Space Dynamics Laboratory at Utah State University, 1695 North Research Park Way, North Logan, Utah 84341.

Project would provide technical assistance to the Ogden Air Logistics Center at Hill AFB, Utah, in the areas of developing, calibrating, and integrating sensors and other payloads onto UAVs, which will facilitate future development of UAV capability within the military.

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge, this request (1) is not directed to an entity or program named for, or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). I am requesting \$2.5 million in Air Force Research & Development funding for the CAD/CAM Aircraft Structural Overhaul Work Center for the Ogden Air Logistics Center.

The entity to receive the funding is the United States Air Force, and Mission Support, Inc., P.O. Box 160135, Freepost Center Building Z-15, Clearfield, Utah 84016.

Project would provide computer aided design/computer aided manufacture (CAD/CAM) technology in workstations for the Ogden Air Logistics Center at Hill AFB, Utah, for use on legacy aircraft repairs of aviation component parts, such as on the A-10 weapons system, increasing accuracy and reducing repair costs.

I certify that neither I, nor my spouse, have any financial interest in this important project. Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$1.2 million in Army Research & Development funding for the Unserviceable Ammunition Demilitarization via Chemical Acid Dissolution program for Tooele Army Depot.

The entity to receive the funding is the United States Army, and the Battelle Memorial Institute, 4225 Lake Park Boulevard, Suite 200, West Valley City, Utah 84120.

Project would continue efforts begun last year to design and construct a prototype acid hydrolysis conventional munitions demilitarization system for the disposal of high-risk/high-cost unserviceable and obsolete ammunition stored at Tooele Army Depot, Utah, in a more environmentally responsible manner.

I certify that neither I, nor my spouse, have any financial interest in this important project. Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$4.7 million in Navy Research and Development funding for the Compliance Tools for Metals in Antifouling Paints and Sediments project for Fiscal Year 2010.

The entity to receive the funding is the Navy, and Kennecott Copper (Rio Tinto), on behalf of the International Copper Association, 260 Madison Ave., New York, NY 10016.

Funding is needed to develop environmental modeling software tools to survey site-specific naval installations for build-up of harmful heavy metals in sediments caused by paints and coatings on navy vessels at port. This will allow the navy to measure and determine which coatings are the best and most cost-effective for anti-fouling paints (some of which contain copper), and allow the navy to remain in compliance with environmental standards.

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge, this request: (1) is not directed to an entity or program named for, or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). Dear ~~Chairman~~ Obey:

I am requesting funding for the Advanced SAM Hardware Simulator in FY2010. The contact name and address is Tom Horton, Chief of Staff, Georgia Tech Research Institute, 400 W. 10th Street, NW, Atlanta, GA 30332. The funding will be used to develop an advanced hardware Surface to Air Missiles (SAM) simulator system that will help the intelligence community make an in-depth assessment of the Chinese and Russian SAM systems and how to counter them.

I certify that neither I nor my spouse has any financial interest in this project.

With warmest regards, I remain

Sincerely yours,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for **Next Generation Casting Initiative** in fiscal year 2010.

The entity to receive funding for this project is:

Precision Castparts Corporation
4650 South Macadam Ave. Suite 300
Portland, OR 97239

The funding would be used for **refining the casting supply chain to meet Department of Defense (DoD) demands for complex cast components in legacy and advanced engines and airframes as well as meet demands for lighter aerospace materials and greater fuel efficiency.**

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Department of Defense Appropriations bill, Air Force – RDT&E account for the Thunder Radar Pod (TRP) program. The entity to receive funding for this project is the Air Force -- one of the subcontractors Mid-American Precision Products, is located in my district at 1927 West 4th Street, Joplin, MO 64801. It is my understanding that the funding would be to fulfill the Air National Guard's unfunded requirement for a true "all-weather" targeting pod. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Washington DC 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY10 Defense Appropriations Act for Joint Fires and Effects Trainer Systems (JFETS). The entity to receive funding for this project is the Stanley Associates, 111 SW "C" Avenue, Lawton, Oklahoma, 73501, with the funding executed through Fort Sill, Oklahoma. It is my understanding that the funding would be used to augment existing JFETS architecture and create a system that will provide mobile training for joint fires observation and fires coordination. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds. I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

This certification is not meant to exclude an Executive Agency from engaging in a competitive process in determining the obligation of funds should it be required applicable laws or regulations.

Sincerely,

Tom Cole

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Marksmanship Skills Trainer for the Texas Army National Guard in the Defense Appropriations bill in fiscal year 2010. The entity to receive funding for this project is Texas National Guard, 2200 West 35th Street, Austin, TX 78763. The funding would be used for procuring a portable self contained system that allows for multiple scenarios from training to combat skills. This is a multiple user system allowing for high output during times of training constraints. The trainers will be stationed at the various Texas Army National Guard facilities allowing for maximum use for the soldiers. The system allows for ongoing marksmanship training in a simulated environment without the expenditure of ammunition or need to travel to a weapons range. I certify that this project does not have a direct and foreseeable effect on the financial interests of my spouse of me.

I hereby certify that this request will be made publicly available on my Official Website as required by the new Appropriations Committee policy that only posted requests will be considered. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* justifying the use of federal taxpayer funds.

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for "Future Dry Deck Shelter" as part of the Fiscal Year 2010 appropriations process. The proposed recipient of funding for this project is:

**General Dynamics Electric Boat
75 Eastern Point Road
Groton, CT 06340**

Requested funding would be used to design This project will design new Dry Deck Shelter (DDS) to support larger Swimmer Delivery Vehicles and other large payloads from submarines. Current Dry Deck Shelters are approaching end of life, and the design of a new DDS will allow a larger number of submarines to be able to deploy these vital forces and other tactical payloads, as well as providing a significant operational capability to Combatant Commanders.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of this request.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Defense Appropriations bill, Navy, Research, Development, Test and Evaluation for the E-6B Strategic Communications Upgrade Block 1A (VLF-TX & HPTS). The entity to receive funding for this project is Rockwell Collins, 400 Collins Road, Cedar Rapids, IA 52498. It is my understanding that the funding would be used to upgrade Block 1A of the E-6B to allow it to perform its command and control mission until 2040. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY10 Defense Appropriations bill, Army, Research, Development, Test & Evaluation, Combat Vehicle and Automotive Advanced Technology Account for Simulation Based Reliability and Safety (SimBRS) Program. The entity to receive funding for this project is Mississippi State University, P.O. Box 5405, Starkville, MS 39759. It is my understanding that the funding would be used for continued research to develop experimentally validated cradle-to-grave modeling and simulation capabilities to optimize reliability in vehicular components and systems with consideration of uncertainties in input loads, manufacturing, operations and maintenance, and material properties to decrease weight and cost, and yet increase the performance, durability, and safety of the warfighter. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me. I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for CH-47F Common Avionics Architecture System PVI in fiscal year 2010.

The entity to receive funding for this project is:
Rockwell Collins, Inc.
33 Lewis Road
Binghamton, NY 13905

The funding would be used to create a safer, more usable pilot cockpit for the CH-47F helicopter. The focus will be on the accessibility and display of data received from the Aircraft Survivability Equipment (ASE). Specifically, it will reduce cockpit clutter and allow the pilot to remain head-up and thus improve situational awareness.

I certify that neither I nor my spouse has any financial interest in this project. Thank you for your consideration of my request.

The entity to receive funding for this project is the Federal Technology Group, located at 11C Industrial Way, Building 6A, Salem, New Hampshire 03079. The funding would be used to test and validate Lattice Block Structures matting as a replacement for Air Field Matting to rapidly expand parking aprons, taxiways, and runways for temporary airfields in severe terrain. I certify that neither I nor my spouse has any financial interest in this project.

If you have any questions, please contact Lisa Levine of my staff at 603-223-9814 or Lisa.Levine@mail.house.gov. Thank you for your consideration of this request.

Dear Chairman Obey:

I am requesting funding for **4th Generation Wireless** in Fiscal Year 2010. The entity to receive funding for this project is BAE Systems, located at 95 Canal Street, Nashua, New Hampshire 03064. The funding would be used to facilitate the rapid development and fielding of advanced SIGINT/COMINT ground and airborne equipment that will provide the warfighter with a significant battlefield "detect, identify, and locate" advantage by depriving our adversaries their current "4G LTE technological safe haven." I certify that neither I nor my spouse has any financial interest in this project.

If you have any questions, please contact Lisa Levine of my staff at 603-223-9814 or Lisa.Levine@mail.house.gov. Thank you for your consideration of this request.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Department of Defense Appropriations bill for Aircraft Evaluation Readiness Initiative in Fiscal Year 2010. The entity to receive funding for this project is Iowa State University located at 1750 Beardshear Hall, Ames, IA 50011. It is my understanding that the funding will be used to transition recent inspection advances into implementation by the U.S. Air Force to improve fleet readiness and extend the life of our military systems. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

Consistent with the Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey:

I am requesting funding in the Defense Appropriations bill, Rdtc, A Research, Development, Test And Evaluation, Army, 82 0604601A Infantry Support Weapons, for the Lightweight Caliber .50 Machine Gun (LW50MG) Army R&D. The entity to receive funding for this project is US SOCOM, 2941 Fairview Park Drive Suite 100, Falls Church, VA 22042. It is my understanding that the funding would be used to incorporate new machine gun technology to provide a lighter, more accurate variant of the current M211B machine gun. I certify that this project does not have a direct and foreseeable effect on the financial interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered. Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Mike Michaud

The entity to receive funding for this project is:
University of Maine
5703 Alumni Hall
Orono, ME 04468

The funding would be used for developing Integrated Forest Products Refinery processes and technologies to efficiently and cost effectively replace petroleum-derived JP-8 with woody biomass alternatives to support DoD compliance with governing Energy Policy Acts and Executive Orders.

I certify that I have no financial interest in this project.

I am requesting funding for MK47 MOD 0 Advanced Lightweight Grenade Launcher (ALGL) in fiscal year 2010.

The entity to receive funding for this project is:
General Dynamics Armament and Technical Products
Burlington Technology Center
Burlington, VT 05041

The funding would be used for the MK47 ALGL which supports the USSOCOM requirement for a vehicle and man-portable high velocity grenade launcher to replace aging MK19 40mm Grenade Machine Guns fielded in operational units.

I certify that I have no financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Lightweight Caliber .50 Machine Gun (LW50MG) in fiscal year 2010.

The entity to receive funding for this project is:
General Dynamics Armament and Technical Products
Burlington Technology Center
Burlington, VT 05041

The funding would be used for the LW50MG program which incorporates new machine gun technology to provide a lighter and more accurate variant of the current M2HB machine gun to reduce Warrior load, provide for more rapid emplacement and displacement, increase dismounted portability, reduce the recoil on vehicle mounts, reduce weight for air transportable applications and reduce sustainment requirements and will have a total system weight of only 62 pounds (gun is only 40 pounds) and has a cyclic rate of fire of 270 shots per minute.

I certify that I have no financial interest in this project.

Sincerely,

Re: Electronics & Materials for Flexible Sensors and Transponders

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Electronics & Materials for Flexible Sensors and Transponders in fiscal year 2010. The entity to receive funding for this project is North Dakota State University (NDSU) located at NDSU Dept. 4000, PO Box 6050, Fargo, ND 58108-6050. In response to Department of Defense's identification of flexible electronics as a vital transformational technology, NDSU will employ its expertise in new materials discovery and wireless electronics design and fabrication toward the development of flexible and conformal sensor arrays and RFID transponders that are covert and ultra-lightweight, consume low-power, and, where desired, disposable. I certify that I do not have any financial interest in this project.

Re: Energy Education Accredited Training for Military Personnel

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Energy Education Accredited Training for Military Personnel in fiscal year 2010. The entity to receive funding for this project is Bismarck State College located at PO Box 5587, Bismarck, ND 58506. This project will establish a web-based energy education accreditation program for Navy personnel. Bismarck State College (BSC) has been designated by the U.S. Department of Energy as the National Power Plant Operations Technology and Education Center. Under this project, BSC will provide Navy personnel with an online curriculum which will give them an accredited education specifically related to power plant operations and technology. The Navy hopes the proposed curriculum will improve recruiting and retention by allowing sailors to complete Navy-relevant higher education without having to attend an in-residence institution. I certify that I do not have any financial interest in this project.

Re: Advanced Tactical Fuels for the U.S. Military

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Advanced Tactical Fuels for the U.S. Military program in fiscal year 2010. The entity to receive funding for this project is the University of North Dakota Energy & Environmental Research Center, located at 15 North 23rd Street, Stop 9018, Grand Forks, ND 58202. The University of North Dakota Energy & Environmental Research Center is developing advanced tactical fuels for the U.S. military. The Energy & Environmental Research Center is proposing to continue the development and demonstration of the innovative JP-8-based hydrogen-production process and fuel cell vehicles and the development of drop-in-capable synthetic JP-8 from domestic resources (coal and biomass). JP-8 is the U.S. military's choice for the single-fuel concept which significantly enhances the overall logistics of military operations in both times of peace and war. The hydrogen production activities are also focused on producing hydrogen from JP-8 for both a standard refueling station platform as well as application to battlefield scenarios. I certify that I do not have any financial interest in this project.

Re: Parts-on-Demand for CONUS Operations

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Parts-on-Demand for CONUS Operations in fiscal year 2010. The entity to receive funding for this project is Alion Science and Technology located at 106 Yates Street PO Box 478, Fort Yates, North Dakota 58538. This project is setting up a precision manufacturing facility on the Standing Rock Reservation to provide specially fabricated replacement parts to Army units in the U.S. It is an expanded and more capable version of the Mobile Parts Hospitals now operating in Kuwait and Iraq. This facility will significantly reduce the idle days that result when vehicles have to wait for needed parts from the standard supply network, particularly for parts that are in short supply or no longer manufactured. This is shown by the fact that the overseas Mobile Parts Hospitals have produced over 18,000 parts and prevented at least 55,000 vehicle down days. I certify that I do not have any financial interest in this project.

Re: MEMS Antenna for Wireless Communications Supporting UAVs in the Battlefield

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the MEMS Antenna for Wireless Communications Supporting UAVs in the Battlefield in fiscal year 2010. The entity to receive funding for this project is the University of North Dakota located at Campus Road Stop 8637, Grand Forks, ND 58202. This project will design, test and demonstrate microswitch-based antennas that meet the requirements of DOD's Transformational Communications Architecture for UAV-based wireless communications and radar sensing. The Naval Research Laboratory recently confirmed that the proprietary MEMS switch that is the basis of this project is one of the very few that has met the critical and very-challenging milestone of operating for 100 billion cycles with no degradation in RF performance at 35GHz. Re: Dynamic Data Flow Management System

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Dynamic Data Flow Management System in fiscal year 2010. The entity to receive funding for this project is Pedigree Technologies located at 1805 NDSU Research Park Drive, Fargo, ND 58105. The project will develop a data flow management system that will automatically regulate data flow within tactical IP networks. This will help to optimize network resources by automatically prioritizing the type of data that is sent to a user. For example a ground soldier would require a different resolution than a command center which would require maximum resolution. These funds will be used to implement the project on tactical wireless networks dedicated to Intelligence, Surveillance and Reconnaissance Programs. Re: Productization of Anti-fouling and Fouling Release Coating Systems

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for Productization of Anti-fouling and Fouling Release Coating Systems in fiscal year 2010. The entity to receive funding for this project is North Dakota State University (NDSU) located at NDSU Dept. 4000, PO Box 6050, Fargo, ND 58108-6050. This project will fund the development of environmentally safe anti-corrosion and anti-fouling coatings for use on Navy vessels. This research supports the Navy's goal of achieving 12 years between dry-docking of vessels. NDSU has developed a number of very promising candidates for the next-generation of Naval coatings which have the potential to save hundreds of millions of dollars a year by improving fuel economy through reduced drag, lowering maintenance coats and reducing the time between dry dockings. This project will further develop, formulate, scale-up and field test these coating systems. I certify that I do not have any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Enhanced Military Vehicle Maintenance System Demonstration Project in the fiscal year (FY) 2010 Defense Appropriations bill. The entities to receive funding for this project are Frontier Technology, Inc., located at 4141 Col. Glenn Highway, #140, Beaver Creek, OH 45431, and Auburn University, located at 202 Samford Hall, Auburn University, Auburn, AL 36849. Funding for this program will be used to identify difficult to detect failure modes that must be serviced while the vehicle is undergoing maintenance. It models vehicle conditions to ensure that the vehicle is restored to an optimum state of operation prior to return to service. The system successfully verifies that vehicles repaired at the Anniston Army Depot have been restored to an optimum state of operation prior to redeployment. Auburn and FTI are now starting to implement the system at ANAD. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Enhanced Rapid Tactical Integration for Fielding of Systems (ERTIFS) in the fiscal year (FY) 2010 Defense Appropriations bill. The entity to receive funding for this project is PeopleTec, Inc. located at 4901-D Corporate Drive, Huntsville, AL 35806. Funding for this project will develop the ABCS-BA and support SoS testing early and often with Army Aviation/Missile communities and will ensure that interoperability issues are detected and corrected before software is released for formal AIC test events. The ABCS-BA at the SED will support testing with co-located Missile Defense labs and other products supported at Redstone Arsenal within the ABCS community. This effort will be utilized to staff the project with engineers, test and evaluation personnel and subject matter experts in distributed interoperability testing thus providing a critical technical base and persistent ability for Alabama to contribute to national defense. Approximately 40-45 new high tech jobs will be created if the project is fully funded. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for ART-SAM (Adaptive Robotics Technology for Space, Air and Missiles) in the fiscal year (FY) 2010 Defense Appropriations bill. The entity to receive funding for this project is John C. Calhoun Community College located at PO Box 2216, Decatur, AL 35609. Funding for this project would establish a national robotics Research and Development center at the Robotics Technology Park, located at Calhoun Community College, to develop robotics capability for space, air, and missile defense missions for a variety of the U.S. Army Space and Missile Defense Command (SMDC) projects, programs, and core mission needs. This amount is for implementation of the infrastructure and development of robotic hardware and software. This request is consistent with the intended and authorized purpose of the U.S. Army, RDT&E account. This is the first year funding will be needed; this project will be accomplished over a three year funding cycle. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress [OR: was named after Representative John Doe in 1983]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for Scenario Generation for Integrated Air and Missile Defense Evaluation in the fiscal year (FY) 2010 Defense Appropriations bill. The entity to receive funding for this project is QinetiQ North America- Systems Engineering Group located at 890 Explorer Boulevard, Huntsville, AL 35806. Funding for this project will be used for development of ground test scenarios required to execute the Integrated Air and Missile Defense (IAMD) Battle Command System Milestone B Test and Evaluation Master Plan (TEMP). Funding for this scenario development effort addresses a portion of a documented AMD UFR associated with System of Systems development and acquisition funding profile. Investment in this scenario development during FY10 will maintain the critical milestone schedule, including Milestone C and Initial Operational Capability (IOC). This FY10 effort will fully develop the scenarios required for ground test and evaluation of the IAMD Battle Command System (IBCS). In addition to the ultimate benefits this provides to our soldiers, it will impact the workforce in Northern Alabama. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the FY10 Defense, Other Procurement, Navy, Enterprise Information Technology account. The entity to receive funding for this project is SSC Atlantic New Orleans, SPAWAR, Navy, 2251 Lakeshore Drive, New Orleans, LA 70145. It is my understanding that the funding is for the Space and Naval Warfare Systems Center (SSC) Atlantic New Orleans Office that will provide technology services and support to the Department of the Navy, Department of Defense, and other Federal agencies. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress [*OR: was named after Representative John Doe in 1983*]; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

I am requesting funding in the FY10 Defense, Research, Development, Test and Evaluation, Navy, account Warfighter Sustainment Applied Research. The entity to receive funding for this project is Tulane University, 6823 St. Charles Avenue, New Orleans, LA, 70118. It is my understanding that the funding is for Tulane and Xavier to work with ONR and other DoD partners on a biosensors and risk assessment technologies program and biosensors developed through this program provide real-time information about the threats from bioterrorism and environmental pollutants, allowing DoD to respond more effectively and at less expense than other analytical methods. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

The Honorable David Obey, Chairman
The Honorable Jerry Lewis, Ranking Member
Committee on Appropriations
H-218, The Capitol
Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Tactical Unmanned Aerial Vehicle (UAV) Heavy Fuel Engine in Fiscal Year 2010.

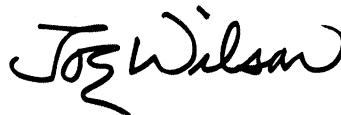

The entity to receive funding for this project is:
XRD Inc. (XRDi)
103 Industrial Village Road
Beaufort, SC 29906

It is my understanding that the funding would be used for implementing a light weight military fuel engine for a tactical UAV program. I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of my spouse or me.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request: (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

JOE WILSON
Member of Congress
