

Project: Chickamauga Lock, Tennessee River, TN

Amount requested: \$4,000,000

Recipient: U.S Army Corps of Engineers, Nashville District

Address: P.O. Box 1070, Nashville, Tennessee 37202

Project description: Funding for this project would be used by the U.S Army Corps of Engineers to support Operations and Maintenance on the Chickamauga Lock located just north of Chattanooga. The current Lock moves 2.4 million tons of cargo up and down the Tennessee River every year, and has an unmet cargo demand of an additional 4.3 million tons annually.
