

Project Name: Campbell County Waterline Improvements Phase II

Request Amount: \$500,000

Intended Recipient: Campbell County Government

Full Street Address of the Intended Recipient: P.O. Box 435, Jacksboro, TN 37757-0435

Explanation of the request: Funding would be used to install piping to provide safe public drinking water to households in the Pioneer area who currently are served by water wells. The project will also provide an emergency connection between three utility districts to allow an alternate water source in the event of contamination or drought.

The project will benefit the 4th District/U.S. Government by contributing to Campbell County's goals of supplying a potable water system to low and moderate income residents of rural communities.
