13 **SEC. 308. INTEROPERABLE COMMUNICATIONS ASSIST-**
14 **ANCE.**

15 (a) FINDINGS.—The Congress finds the following:

16 (1) The 9/11 Commission determined that the
17 inability of first responders to communicate effec-
18 tively on September 11, 2001 was a critical obstacle
19 to an effective multi-jurisdictional response.

20 (2) Many jurisdictions across the country still
21 experience difficulties communicating that may con-
22 tribute to confusion, delays, or added risks when re-
23 sponding to an emergency.

24 (3) During fiscal year 2004, the Office for Do-
25 mestic Preparedness awarded over \$834,000,000 for

1 2,912 projects through Department of Homeland
2 Security grant programs for the purposes of improv-
3 ing communications interoperability.

4 (4) Interoperable communications systems are
5 most effective when designed to comprehensively ad-
6 dress, on a regional basis, the communications of all
7 types of public safety agencies, first responder dis-
8 ciplines, and State and local government facilities.

9 (5) Achieving communications interoperability
10 is complex due to the extensive training, system
11 modifications, and agreements among the different
12 jurisdictions that are necessary to implement effec-
13 tive communications systems.

14 (6) The Congress authorized the Department of
15 Homeland Security to create an Office for Interoper-
16 ability and Compatibility in the Intelligence Reform
17 and Terrorism Prevention Act of 2004 to, among
18 other things, establish a comprehensive national ap-
19 proach, coordinate federal activities, accelerate the
20 adoption of standards, and encourage research and
21 development to achieve interoperable communica-
22 tions for first responders.

23 (7) The Office for Interoperability and Compat-
24 ibility includes the SAFECOM Program that serves
25 as the umbrella program within the Federal govern-

1 ment to improve public safety communications inter-
2 operability, and has developed the RAPIDCOM pro-
3 gram, the Statewide Communications Interoper-
4 ability Planning Methodology, and a Statement of
5 Requirements to provide technical, planning, and
6 purchasing assistance for Federal departments and
7 agencies, State and local governments, and first re-
8 sponders.

9 (b) SENSE OF CONGRESS.—It is the sense of the
10 Congress that the Department of Homeland Security
11 should implement as expeditiously as possible the initia-
12 tives assigned to the Office for Interoperability and Com-
13 patibility under section 7303 of the Intelligence Reform
14 and Terrorism Prevention Act of 2004 (6 U.S.C. 194),
15 including specifically the following:

16 (1) Establishing a comprehensive national ap-
17 proach to achieving public safety interoperable com-
18 munications.

19 (2) Issuing letters of intent to commit future
20 funds for jurisdictions through existing homeland se-
21 curity grant programs to applicants as appropriate
22 to encourage long-term investments that may signifi-
23 cantly improve communications interoperability.

24 (3) Providing technical assistance to additional
25 urban and other high-risk areas to support the es-

1 tablishment of consistent, secure, and effective inter-
2 operable communications capabilities.

3 (4) Completing the report to the Congress on
4 the Department’s plans for accelerating the develop-
5 ment of national voluntary consensus standards for
6 public safety interoperable communications, a sched-
7 ule of milestones for such development, and achieve-
8 ments of such development, by no later than 30 days
9 after the date of enactment of this Act.

10 **SEC. 309. REPORT TO CONGRESS ON IMPLEMENTATION OF**
11 **RECOMMENDATIONS REGARDING PROTEC-**
12 **TION OF AGRICULTURE.**

15 section 2 of the Homeland Security Act of 2002 (6 U.S.C.
16 101)) by no later than 120 days after the date of the en-
17 actment of this Act regarding how the Department of
18 Homeland Security will implement the applicable rec-
19 ommendations from the Government Accountability Office

6 **TITLE V—MISCELLANEOUS**

7 **SEC. 501. BORDER SECURITY AND ENFORCEMENT COORDI-** 8 **NATION AND OPERATIONS.**

9 (a) FINDINGS.—The Congress makes the following
10 findings:

11 (1) As part of the creation of the Department
12 of Homeland Security, section 442 of the Homeland
13 Security Act of 2002 (Public Law 107–273) estab-
14 lished a Bureau of Border Security and transferred
15 into it all of the functions, programs, personnel, as-
16 sets, and liabilities pertaining to the following pro-
17 grams: the Border Patrol; alien detention and re-
18 moval; immigration-related intelligence, investiga-
19 tions, and enforcement activities; and immigration
20 inspections at ports of entry.

21 (2) Title IV of the Homeland Security Act of
22 2002 (Public Law 107–273) also transferred to the
23 new Department the United States Customs Service,
24 as a distinct entity within the new Department, to
25 further the Department’s border integrity mission.

1 (3) Utilizing its reorganization authority pro-
2 vided in the Homeland Security Act of 2002, the
3 President submitted a reorganization plan for the
4 Department on January 30, 2003.

5 (4) This plan merged the customs and immigra-
6 tion border inspection and patrol functions, along
7 with agricultural inspections functions, into a new
8 entity called United States Customs and Border
9 Protection.

10 (5) The plan also combined the customs and
11 immigration enforcement agents, as well as the Of-
12 fice of Detention and Removal Operations, the Of-
13 fice of Federal Protective Service, the Office of Fed-
14 eral Air Marshal Service, and the Office of Intel-
15 ligence, into another new entity called United States
16 Immigration and Customs Enforcement.

17 (6) The President's January 30, 2003, reorga-
18 nization plan did not explain the reasons for sepa-
19 rating immigration inspection and border patrol
20 functions from other immigration-related enforce-
21 ment functions, or to combine immigration-related
22 enforcement functions with customs and other func-
23 tions, contrary to the design of the Bureau of Bor-
24 der Security as prescribed by the Congress in section
25 442 of the Homeland Security Act of 2002.

1 (7) United States Immigration and Customs
2 Enforcement has faced major budgetary challenges
3 that are, in part, attributable to the inexact division
4 of resources upon the separation of immigration
5 functions. These budget shortfalls have forced
6 United States Immigration and Customs Enforce-
7 ment to impose hiring freezes and to release aliens
8 that otherwise should be detained.

9 (b) REPORT.—

10 (1) IN GENERAL.—Not later than 30 days after
11 the date of the enactment of this Act, the Secretary

18 Directorate of Border and Transportation Secu-
19 rity with respect to providing adequate direction

23 Marshals and the Federal Protective Service are
24 properly located within the Department within

8 including financial, programmatic, and other
9 costs, to the Department; and

11 operational and administrative problems that
12 have been caused by the division of United
13 States Custom and Border Protection and

15 forcement and by the combination of immigra-
16 tion-related enforcement functions with customs
17 and other functions in both entities, including
18 any appropriate reorganization plans.
