## 107TH CONGRESS H.R. 2486

### AN ACT

To authorize the National Oceanic and Atmospheric Administration, through the United States Weather Research Program, to conduct research and development, training, and outreach activities relating to inland flood forecasting improvement, and for other purposes.

# 107TH CONGRESS H.R. 2486

### AN ACT

To authorize the National Oceanic and Atmospheric Administration, through the United States Weather Research Program, to conduct research and development, training, and outreach activities relating to inland flood forecasting improvement, and for other purposes.

1 Be it enacted by the Senate and House of Representa-2 tives of the United States of America in Congress assembled, 3 **SECTION 1. SHORT TITLE.** 4 This Act may be cited as the "Inland Flood Fore-5 casting and Warning System Act of 2002". SEC. 2. AUTHORIZED ACTIVITIES. 6 7 The National Oceanic and Atmospheric Administra-8 tion, through the United States Weather Research Program, shall— 9 10 (1) improve the capability to accurately forecast 11 inland flooding (including inland flooding influenced 12 by coastal and ocean storms) through research and 13 modeling; 14 (2) develop, test, and deploy a new flood warn-15 ing index that will give the public and emergency 16 management officials fuller, clearer, and more accu-17 rate information about the risks and dangers posed 18 by expected floods; 19 (3) train emergency management officials, Na-20 tional Weather Service personnel, meteorologists, 21 and others as appropriate regarding improved fore-22 casting techniques for inland flooding, risk manage-23 ment techniques, and use of the inland flood warn-

ing index developed under paragraph (2);

24

- 1 (4) conduct outreach and education activities 2 for local meteorologists and the public regarding the 3 dangers and risks associated with inland flooding 4 and the use and understanding of the inland flood 5 warning index developed under paragraph (2); and
- 6 (5) assess, through research and analysis of 7 previous trends, among other activities—
  - (A) the long-term trends in frequency and severity of inland flooding; and
- 10 (B) how shifts in climate, development, 11 and erosion patterns might make certain re-12 gions vulnerable to more continual or escalating 13 flood damage in the future.

#### 14 SEC. 3. AUTHORIZATION OF APPROPRIATIONS.

15 There are authorized to be appropriated to the National Oceanic and Atmospheric Administration for car-16 17 rying out this Act \$1,250,000 for each of the fiscal years 18 2003 through 2005, of which \$100,000 for each fiscal year 19 shall be available for competitive merit-reviewed grants to 20 institutions of higher education (as defined in section 101) 21 of the Higher Education Act of 1965 (20 U.S.C. 1001)) 22 to carry out the activities described in section 2(5), and 23 \$1,150,000 for each of the fiscal years 2006 and 2007. Of the amounts authorized under this section, \$250,000 for each fiscal year shall be available for competitive merit-

8

9

- 1 reviewed grants to institutions of higher education (as de-
- 2 fined in section 101 of the Higher Education Act of 1965
- 3 (20 U.S.C. 1001)) to develop models that can improve the
- 4 ability to forecast the coastal and estuary-inland flooding
- 5 that is influenced by tropical cyclones. The models should
- 6 incorporate the interaction of such factors as storm
- 7 surges, soil saturation, and other relevant phenomena.

#### 8 SEC. 4. REPORT.

- 9 Not later than 90 days after the date of the enact-
- 10 ment of this Act, and annually thereafter through fiscal
- 11 year 2007, the National Oceanic and Atmospheric Admin-
- 12 istration shall transmit to the Committee on Science of
- 13 the House of Representatives and the Committee on Com-
- 14 merce, Science, and Transportation of the Senate a report
- 15 on its activities under this Act and the success and accept-
- 16 ance of the inland flood warning index developed under
- 17 section 2(2) by the public and emergency management
- 18 professionals. The National Oceanic and Atmospheric Ad-
- 19 ministration shall also, not later than January 1, 2006,
- 20 transmit to the Committee on Science of the House of
- 21 Representatives and the Committee on Commerce,
- 22 Science, and Transportation of the Senate a report on the
- 23 likely long-term trends in inland flooding, the results of
- 24 which shall be used in outreach activities conducted under

- 1 section 2(4), especially to alert the public and builders to
- 2 flood hazards.

Passed the House of Representatives July 11, 2002. Attest:

Clerk.
