14 basis, the chairman of the Committee on the Budget may  
15 revise the appropriate committee allocations for such com-

14 **SEC. 204. RESERVE FUND FOR HIGHWAYS AND HIGHWAY**

16 (a) IN GENERAL.—In the House, if the Committee  
17 on Appropriations reports a bill or joint resolution, or if

21 programs, projects, and activities within the highway cat-  
22 egory (under section 251(c)(7)(A) of the Balanced Budget

1 allocation of outlays for such committee by the amount  
2 of outlays resulting from such excess, but—

3           (1) only if chairman of the Committee on the  
4           Budget determines that the bill or joint resolution,  
5           or amendment thereto or conference report thereon,  
6           that establishes such obligation limitation provides  
7           that the obligation limitation is made available solely  
8           for programs, projects, or activities as distributed  
9           under section 1102 of the Transportation Equity  
10          Act for the 21st Century;

11          (2) only if the total amount of obligation limita-  
12          tion for programs, projects, or activities distributed  
13          by such formula for fiscal year 2003 exceeds  
14          \$23,864,000,000; and

16          for fiscal year 2003.

17          (b) **RULE OF ENFORCEMENT.**—In the House, section

4             **PLUSES.**

5             In the House, if after the release of the report pursu-  
6     ant to section 202(e)(2) of the Congressional Budget Act  
7     of 1974 entitled the Budget and Economic Outlook: Up-  
8     date (for fiscal years 2003 through 2012), the chairman  
9     of the Committee on the Budget determines, in consulta-  
10    tion with the Directors of the Congressional Budget Office  
11    and of the Office of Management and Budget, that the  
12    estimated unified surplus for fiscal year 2003 and for the  
13    period of fiscal years 2003 through 2007 exceeds the esti-  
14    mated unified surplus for fiscal year 2003 and for that  
15    period as set forth in the report of the Committee on the  
16    Budget for this resolution, then the chairman of that com-  
17    mittee may increase the surplus or reduce the deficit, as  
18    applicable, and reduce the level of the public debt and debt  
19    held by the public by the difference between such esti-  
20    mates for that period.

4 **ING.**

5 In the House, the chairman of the Committee on the  
6 Budget may make the appropriate changes in section  
7 302(a) allocations of the Committee on Appropriations,  
8 the Committee on Armed Services, and the Committee on  
9 Government Reform and aggregates, if appropriate, to ef-

18 chairman of the Committee on the Budget may—

19 (1) increase the section 302(a) allocation for  
20 the Committee on Appropriations by the amount of

22 not to exceed \$797,000,000 for fiscal year 2003 and  
23 the outlays flowing therefrom; and

24 (2) make the appropriate adjustment in the sec-  
25 tion 302(a) allocation for the Committee on Edu-

1 cation and the Workforce resulting from the enact-  
 2 ment of the bill or joint resolution making the stu-  
 3 dent aid administration subject to annual appropria-

5 **Subtitle D—Implementation of**  
 6 **Reserve and Contingency Funds**

7 **SEC. 231. APPLICATION AND EFFECT OF CHANGES IN ALLO-**  
 8 **CATIONS AND AGGREGATES.**

 10 and aggregates made pursuant to this resolution shall—

11 (1) apply while that measure is under consider-  
 12 ation;

13 (2) take effect upon the enactment of that  
 14 measure; and

15 (3) be published in the Congressional Record as  
 16 soon as practicable.

17 (b) EFFECT OF CHANGED ALLOCATIONS AND AG-  
 18 GREGATES.—Revised allocations and aggregates resulting  
 19 from these adjustments shall be considered for the pur-  
 20 poses of the Congressional Budget Act of 1974 as alloca-  
 21 tions and aggregates contained in this resolution.

22 (c) BUDGET COMMITTEE DETERMINATIONS.—For  
 23 purposes of this resolution—

24 (1) the levels of new budget authority, outlays,  
 25 direct spending, new entitlement authority, revenues,

1       deficits, and surpluses for a fiscal year or period of  
 2       fiscal years shall be determined on the basis of esti-  
 3       mates made by the Committee on the Budget; and

4               (2) such chairman may make any other nec-  
 5       essary adjustments to such levels to carry out this  
 6       resolution.

7       (d) SPECIAL RULE.—In the House, there shall be a  
 8       separate section 302(a) allocation to the appropriate com-  
 9       mittees for medicare. For purposes of enforcing such sepa-  
 10      rate allocation under section 302(f) of the Congressional  
 11      Budget Act of 1974, the “first fiscal year” and the “total  
 12      of fiscal years” shall be deemed to refer to fiscal year 2003  
 13      and the total of fiscal years 2003 through 2012 included  
 14      in the joint explanatory statement of managers accom-  
 15      panying this resolution, respectively. Such separate alloca-  
 16      tion shall be the exclusive allocation for medicare under  
 17      section 302(a).

## 18                               **TITLE III—BUDGET**

## 19                                       **ENFORCEMENT**

### 20      **SEC. 301. RESTRICTIONS ON ADVANCE APPROPRIATIONS IN** 21                               **THE HOUSE.**

22               (a) IN GENERAL.—(1) In the House, except as pro-  
 23      vided in subsection (b), an advance appropriation may not  
 24      be reported in a bill or joint resolution making a general

1 appropriation or continuing appropriation, and may not  
2 be in order as an amendment thereto.

3 (2) Managers on the part of the House may not agree  
4 to a Senate amendment that would violate paragraph (1)  
5 unless specific authority to agree to the amendment first  
6 is given by the House by a separate vote with respect  
7 thereto.

8 (b) EXCEPTION.—In the House, an advance appro-  
9 priation may be provided—

10 (1) for fiscal year 2004 for programs, projects,  
11 activities or accounts identified in the joint explana-  
12 tory statement of managers accompanying this reso-  
13 lution under the heading “Accounts Identified for  
14 Advance Appropriations” in an aggregate amount  
15 not to exceed \$23,178,000,000 in new budget au-  
16 thority; and

17 (2) for the Corporation for Public Broad-  
18 casting.

19 (c) DEFINITION.—In this section, the term “advance  
20 appropriation” means any discretionary new budget au-  
21 thority in a bill or joint resolution making general appro-  
22 priations or continuing appropriations for fiscal year 2003  
23 that first becomes available for any fiscal year after 2003.

1 **SEC. 302. COMPLIANCE WITH SECTION 13301 OF THE BUDG-**  
2 **ET ENFORCEMENT ACT OF 1990.**

3 (a) IN GENERAL.—In the House, notwithstanding  
4 section 302(a)(1) of the Congressional Budget Act of  
5 1974 and section 13301 of the Budget Enforcement Act  
6 of 1990, the joint explanatory statement accompanying  
7 the conference report on any concurrent resolution on the  
8 budget shall include in its allocation under section 302(a)  
9 of such Act to the Committee on Appropriations amounts  
10 for the discretionary administrative expenses of the Social  
11 Security Administration.

12 (b) SPECIAL RULE.—In the House, for purposes of  
13 applying section 302(f) of the Congressional Budget Act  
14 of 1974, estimates of the level of total new budget author-  
15 ity and total outlays provided by a measure shall include  
16 any discretionary amounts provided for the Social Security  
17 Administration.

18 **SEC. 303. REPORTING REQUIREMENTS FOR THE CONGRES-**  
19 **SIONAL BUDGET OFFICE.**

20 The report submitted by the Director of the Congres-  
21 sional Budget Office on or before February 15 of each  
22 year pursuant to section 202(e)(1) of the Congressional  
23 Budget Act of 1974 shall include the following information  
24 for the preceding fiscal year—

25 (1) a comparison of the different impact be-  
26 tween forecasted economic variables used to model

1 projections for that fiscal year and what actually  
2 happens;

3 (2) an identification of the technical factors  
4 that contributed to the forecasting inaccuracies for  
5 that fiscal year;

6 (3) a variance analysis between forecasted and  
7 actual budget results for that fiscal year; and

8 (4) recommendations on how to improve fore-  
9 casting accuracies.

10 **TITLE IV—SENSE OF CONGRESS**  
11 **AND SENSE OF HOUSE PROVI-**  
12 **SIONS**

13 **SEC. 401. COMBATING INFECTIOUS DISEASES.**

14 (a) FINDINGS.—Congress finds that—

15 (1) the United States has historically taken an  
16 unparalleled leadership role in providing humani-  
17 tarian assistance and relief to the world’s poorest  
18 people;

19 (2) that role has included initiatives to expand  
20 trade, relieve debt of countries pursuing structural  
21 economic reforms, and provide medical technology to  
22 improve health and life expectancy around the globe;  
23 and

24 (3) good governance and continued economic re-  
25 forms are essential to eliminating poverty, encour-

1 aging economic growth, and ensuring stability in de-  
2 veloping countries.

3 (b) SENSE OF CONGRESS.—It is the sense of Con-  
4 gress that the United States should continue to assist,  
5 through expanded international trade, debt relief, and  
6 medical assistance to combat infectious diseases, those  
7 countries that reform their economies, promote democratic  
8 institutions, and respect basic human rights.

9 **SEC. 402. ASSET BUILDING FOR THE WORKING POOR.**

10 (a) FINDINGS.—Congress finds the following:

11 (1) For the vast majority of United States  
12 households, the pathway to the economic main-  
13 stream and financial security is not through spend-  
14 ing and consumption, but through savings, investing,  
15 and the accumulation of assets.

16 (2) One-third of all Americans have no assets  
17 available for investment and another 20 percent  
18 have only negligible assets. The situation is even  
19 more serious for minority households; for example,  
20 60 percent of African-American households have no  
21 or negative financial assets.

22 (3) Nearly 50 percent of all children in America  
23 live in households that have no assets available for  
24 investment, including 40 percent of Caucasian chil-  
25 dren and 73 percent of African-American children.

1           (4) Up to 20 percent of all United States  
2 households do not deposit their savings in financial  
3 institutions and, thus, do not have access to the  
4 basic financial tools that make asset accumulation  
5 possible.

6           (5) Public policy can have either a positive or  
7 a negative impact on asset accumulation. Traditional  
8 public assistance programs based on income and  
9 consumption have rarely been successful in sup-  
10 porting the transition to economic self-sufficiency.  
11 Tax policy, through \$288,000,000,000 in annual tax  
12 incentives, has helped lay the foundation for the  
13 great middle class.

14           (6) Lacking an income tax liability, low-income  
15 working families cannot take advantage of asset de-  
16 velopment incentives available through the Federal  
17 tax code.

18           (7) Individual Development Accounts have prov-  
19 en to be successful in helping low-income working  
20 families save and accumulate assets. Individual De-  
21 velopment Accounts have been used to purchase  
22 long-term, high-return assets, including homes, post-  
23 secondary education and training, and small busi-  
24 nesses.

1 (b) SENSE OF CONGRESS.—It is the sense of Con-  
2 gress that the Federal tax code should support a signifi-  
3 cant expansion of Individual Development Accounts so  
4 that millions of low-income, working families can save,  
5 build assets, and move their lives forward; thus, making  
6 positive contributions to the economic and social well-  
7 being of the United States, as well as to its future.

8 **SEC. 403. FEDERAL EMPLOYEE PAY.**

9 (a) FINDINGS.—The House finds the following:

10 (1) Members of the uniformed services and ci-  
11 vilian employees of the United States make signifi-  
12 cant contributions to the general welfare of the Na-  
13 tion.

14 (2) Increases in the pay of members of the uni-  
15 formed services and of civilian employees of the  
16 United States have not kept pace with increases in  
17 the overall pay levels of workers in the private sec-  
18 tor, so that there now exists (A) a 32 percent gap  
19 between compensation levels of Federal civilian em-  
20 ployees and compensation levels of private sector  
21 workers, and (B) an estimated 10 percent gap be-  
22 tween compensation levels of members of the uni-  
23 formed services and compensation levels of private  
24 sector workers.

1           (3) The President's budget proposal for fiscal  
2 year 2003 includes a 4.1 percent pay raise for mili-  
3 tary personnel.

4           (4) The Office of Management and Budget has  
5 requested that federal agencies plan their fiscal year  
6 2003 budgets with a 2.6 percent pay raise for civil-  
7 ian Federal employees.

8           (5) In almost every year during the past two  
9 decades, there have been equal adjustments in the  
10 compensation of members of the uniformed services  
11 and the compensation of civilian employees of the  
12 United States.

13       (b) SENSE OF THE HOUSE.—It is the sense of the  
14 House that rates of compensation for civilian employees  
15 of the United States should be adjusted at the same time,  
16 and in the same proportion, as are rates of compensation  
17 for members of the uniformed services.

18 **SEC. 404. SENSE OF THE HOUSE ON MEDICARE+CHOICE RE-**  
19 **GIONAL DISPARITIES.**

20       (a) FINDINGS.—The House finds that—

21           (1) one of the goals of the Balanced Budget Act  
22 of 1997 was to expand options for Medicare bene-  
23 ficiaries under the Medicare+Choice program;

1           (2) the funding formula in that Act was in-  
2           tended to make these choices available to all Ameri-  
3           cans; and

4           (3) despite attempts by Congress to equalize re-  
5           gional disparities in Medicare+Choice payments in  
6           the Balanced Budget Refinement Act of 1999 and  
7           the medicare, medicaid, and SCHIP Benefits and  
8           Improvement and Protection Act of 2000, rural and  
9           other low-payment areas have continued to lag sig-  
10          nificantly behind their higher-payment counterparts  
11          in average adjusted per capita (AAPCC) reimburse-  
12          ments.

13          (b) SENSE OF THE HOUSE.—It is the sense of the  
14          House that if the Committee on Ways and Means reports  
15          a bill to reform medicare, it should apply all new funds  
16          directed to the Medicare+Choice program to increase  
17          funding to counties receiving floor or blended rates relative  
18          to counties receiving the minimum update.

19          **SEC. 405. BORDER SECURITY AND ANTI-TERRORISM.**

20          It is the sense of the House that this resolution as-  
21          sumes \$380 million in new budget authority and a cor-  
22          responding level of outlays in functional category 750 (Ad-  
23          ministration of Justice) for the Immigration and Natu-  
24          ralization Service to implement a visa tracking system as

1 part of a comprehensive plan to protect the United States  
2 and its territories from threats of terrorist attack.

3 **SEC. 406. PACIFIC NORTHWEST SALMON RECOVERY.**

4 (a) FINDINGS.—Congress finds that—

5 (1) Pacific Salmon are historically, culturally,  
6 and economically important to the people of the  
7 Northwest;

8 (2) the United States Government has nego-  
9 tiated treaties with the Columbia River Indian  
10 tribes;

11 (3) the National Marine Fisheries Service in  
12 December 2000 issued a biological opinion on the  
13 Federal Columbia River Power System calling for  
14 greater efforts by the Federal Government, to satisfy  
15 the ESA standards of section 7(a)(2) of the Endan-  
16 gered Species Act; and

17 (4) the citizens of the Pacific Northwest are  
18 committed to salmon recovery and their hard work  
19 in communities throughout the region to advance  
20 local solutions deserves Federal assistance.

21 (b) SENSE OF CONGRESS.—It is the sense of Con-  
22 gress that this resolution assumes that the Pacific North-  
23 west salmon recovery program, administered by Federal  
24 agencies on the Federal Columbia River Power System

1 and Pacific coast, should be made a high-priority item for  
2 funding.

3 **SEC. 407. FEDERAL FIRE PREVENTION ASSISTANCE.**

4 (a) FINDINGS.—Congress finds the following:

5 (1) Increased demands on firefighting and  
6 emergency medical personnel have made it difficult  
7 for local governments to adequately fund necessary  
8 fire safety precautions.

9 (2) The Government has an obligation to pro-  
10 tect the health and safety of the firefighting and  
11 emergency medical personnel of the United States  
12 and to ensure that they have the financial resources  
13 to protect the public.

14 (3) The high rates in the United States of  
15 death, injury, and property damage caused by fires  
16 demonstrates a critical need for Federal investment  
17 in support of firefighting and emergency medical  
18 personnel.

19 (b) SENSE OF CONGRESS.—It is the sense of Con-  
20 gress that—

21 (1) the Assistance to Firefighters Grant Pro-  
22 gram, administered by the Federal Emergency Man-  
23 agement Agency, has successfully provided financial  
24 resources for basic firefighting needs since its incep-  
25 tion; and

1           (2) in the wake of the terrorist attacks of Sep-  
2           tember 11, 2001, the ultimate sacrifice paid by over  
3           300 firefighters, that as Congress makes funding de-  
4           cisions regarding the proposed grants for first re-  
5           sponders, local firefighters receive at least as much  
6           funding as they did under the Assistance to Fire-  
7           fighters Grant Program.

          Passed the House of Representatives March 20,  
2002.
