

**House Committee on Armed Services  
FY10 Member Request Form**

**Requestor Information**

**Member:** Bordallo, Madeleine, gu00

**Member's Signature**

**Staff Contact:** Matthew Herrmann

Member of Congress

**Project Information**

**Name of Project:** Study of Renewable and Alternative Energy Options for Military Build-Up

**Project Description:** Funding for this project would be provided through the Office of Naval Research (ONR) working in partnership with the University of Guam (UOG). The project would allow the University of Guam to competitively source industry and research partners for assistance in conducting a comprehensive study of alternative and renewable energy options on Guam. The study would further investigate which alternative and renewable energy sources are most cost-effective and that could produce adequate power and energy on Guam to be self sustaining. The results of the study should be applied to all power generation options for the military build-up on Guam.
