submitted the following

R E P O R T

[To accompany H. Res. 645]

The Committee on Rules, having had under consideration House Resolution 645, by a record vote of 7 to 4, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 3183, the Energy and Water Development and Related Agencies Appropriations Act, 2010, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of the bill except those arising under clauses 9 or 10 of rule XXI. The resolution provides that the bill shall be considered as read through page 63, line 12. The resolution waives points of order against provisions in the bill for failure to comply with clause 2 of rule XXI.

The resolution makes in order (1) the amendments printed in part A of this report; (2) not to exceed one of the amendments printed in part B of this report if offered by Representative Campbell of California or his designee; (3) not to exceed six of the amendments printed in part C of this report if offered by Representative Flake of Arizona or his designee; and (4) not to exceed three of the amendments printed in part D of this report if offered by Representative Hensarling of Texas or his designee. The resolution provides that each such amendment may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for 10 minutes equally divided and controlled by the proponent and an opponent, and shall not be subject to a demand for division

of the question in the House or in the Committee of the Whole. All points of order against such amendments are waived except those arising under clause 9 or 10 of rule XXI.

The resolution provides that for those amendments reported from the Committee of the Whole, the question of their adoption shall be put to the House en gros and without demand for division of the question. The resolution provides one motion to recommit with or without instructions.

The resolution provides that after disposition of the amendments specified in the first section of the resolution, the chair and ranking minority member of the Committee on Appropriations or their designees each may offer one pro forma amendment to the bill for the purpose of debate, which shall be controlled by the proponent. The resolution provides that the Chair may entertain a motion that the Committee rise only if offered by the chair of the Committee on Appropriations or his designee and that the Chair may not entertain a motion to strike out the enacting words of the bill (as described in clause 9 of rule XVIII). The resolution provides that during consideration of the bill, the Chair may reduce to two minutes the minimum time for electronic voting. Finally, the resolution lays House Resolution 618 on the table.

#### EXPLANATION OF WAIVERS

The waiver of all points of order against the consideration of the bill (except those arising under clauses 9 or 10 of rule XXI), includes a waiver of section 302(f) of the Congressional Budget Act regarding consideration of legislation providing new budget authority in excess of a subcommittee's 302(b) allocation of such authority, and a waiver of clause 4(c) of rule XIII (requiring a three-day layover of printed committee hearings).

The rule waives clause 2 of rule XXI (prohibiting unauthorized appropriations or legislative provisions in an appropriations bill) because the bill contains unauthorized appropriations and legislative provisions.
