---

SEPTEMBER 10, 2009.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. PETERSON, from the Committee on Agriculture,  
submitted the following

R E P O R T

[To accompany H.R. 3175]

[Including cost estimate of the Congressional Budget Office]

The Committee on Agriculture, to whom was referred the bill (H.R. 3175) to direct the Secretary of Agriculture to convey to Miami-Dade County certain federally owned land in Florida, and for other purposes, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

BRIEF EXPLANATION

H.R. 3175 directs the Secretary of Agriculture to convey approximately 2 acres currently a part of the Subtropical Horticulture Research Station operated by the Agricultural Research Service to Miami-Dade County, Florida.

The bill requires Miami-Dade County to pay market value and transaction and administrative costs to the Secretary.

Consideration and receipts for costs shall be deposited in the Treasury, but will be credited for the operation, upkeep and maintenance of the Subtropical Horticulture Research Station without further appropriation.

The bill compels the County to build a security fence between the property conveyed and the adjacent Research Station lands using materials and standards approved by the Secretary.

PURPOSE AND NEED

H.R. 3175 was introduced by Congressman Lincoln Diaz-Balart of Florida. This bill would allow for the sale of approximately two

acres of land at the USDA Agricultural Research Service's Subtropical Horticulture Research Station in Miami-Dade County, Florida.

The Subtropical Horticulture Research Station was created in 1898, and has been at its current location since 1923. The 160 acre site conducts and supports environmentally sound research on tropical and subtropical crops.

The two-acre plot of land would be sold at market value to Miami-Dade County for the purpose of building a fire station in the village of Palmetto Bay, a community of 25,000. Palmetto Bay, along with that of neighboring South Coral Gables, is currently facing below-average fire-fighter response times as compared to other municipalities in the region.

ARS has worked with the County and the village in identifying land that could be used for the fire station, and USDA has indicated that the County has the funding to move forward with the purchase.

In addition to the sale allowance, H.R. 3175 directs that the proceeds from the sale go to the ARS budget for the station's operation, upkeep and maintenance. The County would also be responsible for all transaction and personnel costs associated with the conveyance of the property as well as a \$50,000 payment to cover administrative costs.

*H.R. 3175—A bill to direct the Secretary of Agriculture to convey to Miami-Dade County certain federally owned land in Florida*

H.R. 3175 would direct the U.S. Department of Agriculture (USDA) to sell a 2-acre portion of a horticultural research station in Florida to Miami-Dade County. Under the bill, the county would pay \$50,000 to the USDA to cover administrative costs and also would be responsible for all transaction costs such as appraisals. Proceeds from the sale of the property would be available to the USDA's Agricultural Research Service without further appropriation to operate and maintain the research station.

CBO estimates that implementing H.R. 3175 would have no net impact on the federal budget. The offsetting receipts earned from the sale—which we estimate would be less than \$2 million—would be offset by additional spending over the next few years. Moreover, because the property to be sold generates no receipts from commercial activities, selling it would not result in any loss of income to the federal government.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments. Enactment of this bill would benefit Miami-Dade County; any costs to the county would be incurred voluntarily.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.
