PURPOSE OF THE BILL

The purpose of H.R. 1769 is to expand the Alpine Lakes Wilderness in the State of Washington, to designate the Middle Fork Snoqualmie River and Pratt River as wild and scenic rivers, and for other purposes.

BACKGROUND AND NEED FOR LEGISLATION

The Alpine Lakes Wilderness was originally designated by Congress in 1976. It sits 45 minutes east of downtown Seattle and has become one of the most visited wilderness areas in the country. The proposed wilderness additions, which total approximately 22,000 acres, are low elevation lands that provide important habitat for wildlife during times of the year when high elevation lands are covered by snow. Elk, deer, cougars, and bobcats all live in the mountain valleys that comprise the wilderness additions proposed by H.R. 1769.

The bill would also designate 27.4 miles of the Middle Fork Snoqualmie River and the entire Pratt River as wild and scenic rivers. In 1990, the U.S. Forest Service recommended these rivers for designation because of their outstanding recreation, fisheries, wildlife, and ecological values. The Pratt River is a major tributary of the Middle Fork Snoqualmie River, and both rivers are a source of clean water for the fisheries of the Snohomish River system.

COMMITTEE ACTION

H.R. 1769 was introduced on March 26, 2009 by Representative Dave Reichert (R-WA). The bill was referred to the Committee on Natural Resources, and within the Committee to the Subcommittee on National Parks, Forests and Public Lands. On November 5, 2009, the Subcommittee held a hearing on the bill, during which a representative of the Forest Service testified that the Administration is in favor of the bill with some technical changes regarding two trails that impact the proposed wilderness additions.

On February 24, 2010, the Subcommittee was discharged from further consideration of H.R. 1769 and the full Natural Resources Committee met to consider the bill. Subcommittee Chairman Raúl Grijalva (D-AZ) offered an amendment in the nature of a substitute to address the boundary issues raised by the Forest Service. The amendment was adopted by voice vote. The bill, as amended, was then ordered favorably reported to the House of Representatives by voice vote.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Natural Resources' oversight findings and recommendations are reflected in the body of this report.

CONSTITUTIONAL AUTHORITY STATEMENT

Article I, section 8 and Article IV, section 3 of the Constitution of the United States grants Congress the authority to enact this bill.

COMPLIANCE WITH HOUSE RULE XIII

1. Cost of Legislation. Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs which would be incurred in carrying out this bill. However, clause 3(d)(3)(B) of that rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974.

2. Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, spending authority, credit authority, or an increase or decrease in revenues or tax expenditures.

3. General Performance Goals and Objectives. As required by clause 3(c)(4) of rule XIII, the general performance goal or objective of this bill is to expand the Alpine Lakes Wilderness in the State of Washington, to designate the Middle Fork Snoqualmie River and Pratt River as wild and scenic rivers, and for other purposes.

4. Congressional Budget Office Cost Estimate. Under clause 3(c)(3) of rule XIII of the rules of the House of Representatives and section 403 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for this bill from the Director of the Congressional Budget Office:

H.R. 1769—Alpine Lakes Wilderness Additions and Pratt and Middle Fork Snoqualmie Rivers Protection Act

H.R. 1769 would add more than 22,000 acres of public land in the state of Washington to the Alpine Lakes Wilderness. The bill also would designate about 27 miles of waterways in the area as wild or scenic rivers. Based on information provided by the Forest Service, which administers most of the affected land, CBO estimates that implementing H.R. 1769 would have no significant effect on the federal budget. Enacting the legislation would not affect revenues or direct spending; therefore, pay-as-you-go procedures would not apply.

The acreage and waterways to be added by the legislation to the National Wilderness Preservation System and the Wild and Scenic Rivers System are currently administered by the Forest Service or owned by the state. CBO estimates that no additional resources would be required to manage the affected areas as a result of the new designations. We expect that any costs to revise brochures, maps, and signs would be minimal because most such revisions would take place in conjunction with scheduled reprinting and routine maintenance.

Finally, we estimate that enacting the legislation would have no effect on offsetting receipts because the affected lands, which are already managed for conservation purposes, currently produce no income, and are not expected to in the future.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

On January 21, 2010, CBO transmitted a cost estimate for S. 721, the Alpine Lakes Wilderness Additions and Pratt and Middle Fork Snoqualmie Rivers Protection Act as ordered reported by the Senate Committee on Energy and Natural Resources on December 16, 2009. The two versions of the legislation are nearly identical, and the estimated costs are the same.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.

COMPLIANCE WITH PUBLIC LAW 104–4

This bill contains no unfunded mandates.

EARMARK STATEMENT

H.R. 1769 does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI.

PREEMPTION OF STATE, LOCAL OR TRIBAL LAW

This bill is not intended to preempt any State, local or tribal law.
