**LETTER OF TRANSMITTAL**

---

U.S. SENATE,  
COMMITTEE ON ARMED SERVICES,  
*Washington, DC, March 3, 2009.*

Hon. JOSEPH R. BIDEN, Jr.,  
*President of the Senate,*  
*Washington, DC.*

DEAR MR. PRESIDENT: Senate Rule XXVI.8(b) requires the submission of a report of the activities of the Senate Committee on Armed Services for the previous Congress.

In accordance with the requirements, I am submitting the report of the activities of the Committee during the 110th Congress. This report outlines the most noteworthy legislative achievements and other achievements and activities of our Committee.

Sincerely,

CARL LEVIN, *Chairman.*

## JURISDICTION

---

Part 1 of the Legislative Reorganization Act of 1946 (Public Law 601 of the Seventy-ninth Congress, approved August 2, 1946, as amended by Public Law 510 of the Ninety-first Congress, approved October 26, 1970) created the standing committees of the Senate and provided that the Committee on Armed Services should consist of 13 Senators. The history of changes in the Committee on Armed Services membership since 1946 is displayed below:

Congress:	Year:	Under Authority of:	Number of Senators:
82nd	1953	S. Res. 18	15
86th	1959	S. Res. 24	17
90th	1967	S. Res. 11	18
91st	1970	H.R. 17654	15
92nd	1971	S. Res. 15	16
93rd	1973	S. Res. 10	15
94th	1975	S. Res. 17	16
95th	1977	S. Res. 4 & S. Res. 82	18
100th	1987	S. Res. 14	20
103rd	1993	S. Res. 130	22
104th	1995	S. Res. 14	21
105th	1997	S. Res. 9	18
107th	2001	in part by S. Res. 8	25

The Committee on Armed Services' jurisdiction is set forth in Rule XXV(c) (1) and (2) of the Standing Rules of the Senate. It states that the Committee shall be referred all proposed legislation, messages, petition, memorials and other matters related to the following subjects:

- (1) 1. Aeronautical and space activities peculiar to or primarily associated with the development of weapons systems or military operations.
2. Common defense.
3. Department of Defense, the Department of the Army, the Department of the Navy, and the Department of the Air Force, generally.
4. Maintenance and operation of the Panama Canal, including administration, sanitation, and government of the Canal Zone.
5. Military research and development.
6. National security aspects of nuclear energy.
7. Naval petroleum reserves, except those in Alaska.
8. Pay, promotion, retirement, and other benefits and privileges of members of the Armed Forces, including overseas education of civilian and military dependents.
9. Selective service system.
10. Strategic and critical materials necessary for the common defense.

(2) Such committee shall also study and review, on a comprehensive basis, matters relating to the common defense policy of the United States, and report thereon from time to time.

## COMMITTEE ON ARMED SERVICES

(from January 12, 2007–July 17, 2007)

\*Date of appointment to Senate Committee on Armed Services

The Senate Committees on Military Affairs; on the Militia; and Naval Affairs were established on December 10, 1816. The Committee on the Militia was merged with the Committee on Military Affairs in 1858 to form the Military Affairs and Militia Committee. However, in 1872 the Committee dropped “Militia” from its name. The Military Affairs and Naval Affairs Committees existed until 1947 when they were combined by the Legislative Reorganization Act of 1946 into a new standing committee, the current Armed Services Committee.

\*Date of appointment to Senate Committee on Armed Services

### *Changes in Committee Membership during this Congress:*

On July 18, 2007, the Senate passed S. Res. 275, providing for minority membership on the Committee on Armed Services for the remainder of the 110th Congress, or until their successors are appointed. Senator John Ensign of Nevada, because of his recent appointment as a member of the Committee on Finance, was removed as a member of the Committee on Armed Services. Senator Bob Corker of Tennessee was appointed as a member of the Committee on Armed Services.

\*Date of appointment to Senate Committee on Armed Services

*Further changes in Committee Membership during this Congress:*

On January 24, 2008, the Senate passed S. Res. 425, a resolution making minority party appointments for the 110th Congress. These appointments were necessitated by the resignation of Senator Trent Lott of Mississippi on December 18, 2007. Senator Bob Corker of Tennessee was removed as a member of the Committee on Armed Services. Senator Roger F. Wicker of Mississippi was appointed as a member of the Committee on Armed Services.

## **RELATIONSHIP OF ANNUAL AUTHORIZATION TO DEPARTMENT OF DEFENSE APPROPRIATIONS**

### **History of Section 114, Title 10, United States Code**

The jurisdiction of the committee so far as specific annual authorizations are concerned was increased significantly in 1959 by the enactment of section 412(b) of Public Law 86-149 which required annual congressional authorization of appropriations for the procurement of aircraft, missiles and naval vessels. That law was amended and expanded as follows:

- In 1962 (Public Law 88-436) to require similar authorization of appropriations for research, development, test, or evaluation associated with aircraft, missiles and naval vessels;
- In 1963 (Public Law 88-174) to require similar authorization of appropriations for all research, development, test, or evaluation carried on by the Department of Defense;
- In 1965 (Public Law 89-37) to require authorization of appropriations for the procurement of tracked combat vehicles;
- In 1967 (Public Law 90-168) to require annual authorization of the personnel strengths of each of the Selected Reserves of the Reserve components as a prior condition for the appropriation of funds for the pay and allowances for the Reserve components;
- In 1969 (Public Law 91-121) to require authorization of appropriations for the procurement of other weapons to or for the use of any armed force of the United States. (Essentially, heavy, medium, and light artillery, anti-aircraft artillery, rifles, machine-guns, mortars, small arms weapons, and any crew-fired piece using fixed ammunition);
- In 1970 (Public Law 91-441) to require authorization of appropriations to or for the use of the Navy for the procurement of torpedoes and related support equipment; and to require authorization of the average annual active duty personnel strength for each component of the Armed Forces as a condition precedent to the appropriation of funds for this purpose;
- In 1971 (Public Law 92-436) to require annual authorization for the average military training student loads for each component of the Armed Forces, and modified the provision relating to authorization for active duty personnel strength;
- In 1973 (Public Law 93-155) to require authorization for end strength civilian employment for each component of the Defense Department in each fiscal year;
- In 1975 (Public Law 94-106) to require the annual authorization of military construction of ammunition facilities;
- In 1980 (Public Law 96-342) to require the annual authorization of appropriations of funds for the operation and maintenance

nance of any armed force of the activities and agencies of the Department of Defense (other than the military departments) for fiscal years beginning after September 30, 1981; and

- In 1982 (Public Law 97–86) to require the annual authorization of appropriations of funds for procurement of ammunition or other procurement for any armed force or for agencies of the Department of Defense (other than military departments).

Also, in 1973 these enactments were codified by section 803(a) of Public Law 93–155 into Title 10, United States Code, as section 138. Section 138 was amended on several occasions and, in 1986, was divided into two sections redesignated as sections 114 and 115 of title 10, United States Code, by the Goldwater-Nichols Department of Defense Reorganization Act of 1986 (Public Law 99–433). Both sections have subsequently been amended several times. The law today reads as follows:

**§ 114. Annual authorization of appropriations**

(a) No funds may be appropriated for any fiscal year to or for the use of any armed force or obligated or expended for—

- (1) procurement of aircraft, missiles, or naval vessels;
- (2) any research, development, test, or evaluation, or procurement or production related thereto;
- (3) procurement of tracked combat vehicles;
- (4) procurement of other weapons;
- (5) procurement of naval torpedoes and related support equipment;
- (6) military construction;
- (7) the operation and maintenance of any armed force or of the activities and agencies of the Department of Defense (other than the military departments);
- (8) procurement of ammunition; or
- (9) other procurement by any armed force or by the activities and agencies of the Department of Defense (other than the military departments); unless funds therefor have been specifically authorized by law.

(b) In subsection (a)(6), the term “military construction” includes any construction, development, conversion, or extension of any kind which is carried out with respect to any military facility or installation (including any Government-owned or Government-leased industrial facility used for the production of defense articles and any facility to which section 2353 of this title [10 USCS § 2353] applies), any activity to which section 2807 of this title [10 USCS § 2807] applies, any activity to which chapter 1803 of this title [10 USCS §§ 18231 et seq.] applies, and advances to the Secretary of Transportation for the construction of defense access roads under section 210 of title 23. Such term does not include any activity to which section 2821 or 2854 of this title [10 USCS § 2821 or 2854] applies.

(c) (1) The size of the Special Defense Acquisition Fund established pursuant to chapter 5 of the Arms Export Control Act (22 U.S.C. 2795 et seq.) may not exceed \$1,070,000,000.

(2) Notwithstanding section 37(a) of the Arms Export Control Act (22 U.S.C. 2777(a)), amounts received by the United States pursu-

ant to subparagraph (A) of section 21(a)(1) of that Act (22 U.S.C. 2761(a)(1))—

(A) shall be credited to the Special Defense Acquisition Fund established pursuant to chapter 5 of that Act (22 U.S.C. 2795 et seq.), as authorized by section 51(b)(1) of that Act (22 U.S.C. 2795(b)(1)), but subject to the limitation in paragraph (1) and other applicable law; and

(B) to the extent not so credited, shall be deposited in the Treasury as miscellaneous receipts as provided in section 3302(b) of title 31.

(d) Funds may be appropriated for the armed forces for use as an emergency fund for research, development, test, and evaluation, or related procurement or production, only if the appropriation of the funds is authorized by law after June 30, 1966.

(e) In each budget submitted by the President to Congress under section 1105 of title 31, amounts requested for procurement of equipment for the reserve components of the armed forces (including the National Guard) shall be set forth separately from other amounts requested for procurement for the armed forces.

(f) In each budget submitted by the President to Congress under section 1105 of title 31, amounts requested for procurement of ammunition for the Navy and Marine Corps, and for procurement of ammunition for the Air Force, shall be set forth separately from other amounts requested for procurement.

**§ 115. Personnel strengths: requirement for annual authorization**

(a) Active-duty and Selected Reserve end strengths to be authorized by law. Congress shall authorize personnel strength levels for each fiscal year for each of the following:

(1) The end strength for each of the armed forces (other than the Coast Guard) for (A) active-duty personnel who are to be paid from funds appropriated for active-duty personnel unless on active duty pursuant to subsection (b), and (B) active-duty personnel and full-time National Guard duty personnel who are to be paid from funds appropriated for reserve personnel unless on active duty or full-time National Guard duty pursuant to subsection (b).

(2) The end strength for the Selected Reserve of each reserve component of the armed forces.

(b) Certain reserves on active duty to be authorized by law.

(1) Congress shall annually authorize the maximum number of members of a reserve component permitted to be on active duty or full-time National Guard duty at any given time who are called or ordered to—

(A) active duty under section 12301(d) of this title [10 USCS § 12301(d)] for the purpose of providing operational support, as prescribed in regulation issued by the Secretary of Defense;

(B) full-time National Guard duty under section 502(f)(2) of title 32 for the purpose of providing operational support when authorized by the Secretary of Defense;

(C) active duty under section 12301(d) of this title [10 USCS § 12301(d)] or full-time National Guard duty under section 502(f)(2) of title 32 for the purpose of preparing for

and performing funeral honors functions for funerals of veterans under section 1491 of this title [10 USCS § 1491];

(D) active duty or retained on active duty under sections 12301(g) of this title [10 USCS § 12301(g)] while in a captive status; or

(E) active duty or retained on active duty under 12301(h) or 12322 of this title [10 USCS § 12301(h) or 12322] for the purpose of medical evaluation or treatment.

(2) A member of a reserve component who exceeds either of the following limits shall be included in the strength authorized under subparagraph (A) or subparagraph (B), as appropriate, of subsection (a)(1):

(A) A call or order to active duty or full-time National Guard duty that specifies a period greater than three years.

(B) The cumulative periods of active duty and full-time National Guard duty performed by the member exceed 1095 days in the previous 1460 days.

(3) In determining the period of active service under paragraph (2), the following periods of active service performed by a member shall not be included:

(A) All periods of active duty performed by a member who has not previously served in the Selected Reserve of the Ready Reserve.

(B) All periods of active duty or full-time National Guard duty for which the member is exempt from strength accounting under paragraphs (1) through (8) of subsection (i).

(4) As part of the budget justification materials submitted by the Secretary of Defense to Congress in support of the end strength authorizations required under subparagraphs (A) and (B) of subsection (a)(1) for fiscal year 2009 and each fiscal year thereafter, the Secretary shall provide the following:

(A) The number of members, specified by reserve component, authorized under subparagraphs (A) and (B) of paragraph (1) who were serving on active duty or full-time National Guard duty for operational support beyond each of the limits specified under subparagraphs (A) and (B) of paragraph (2) at the end of the fiscal year preceding the fiscal year for which the budget justification materials are submitted.

(B) The number of members, specified by reserve component, on active duty for operational support who, at the end of the fiscal year for which the budget justification materials are submitted, are projected to be serving on active duty or full-time National Guard duty for operational support beyond such limits.

(C) The number of members, specified by reserve component, on active duty or full-time National Guard duty for operational support who are included in, and counted against, the end strength authorizations requested under subparagraphs (A) and (B) of subsection (a)(1).

(D) A summary of the missions being performed by members identified under subparagraphs (A) and (B).

(c) Limitation on appropriations for military personnel. No funds may be appropriated for any fiscal year to or for—

(1) the use of active-duty personnel or full-time National Guard duty personnel of any of the armed forces (other than the Coast Guard) unless the end strength for such personnel of that armed force for that fiscal year has been authorized by law;

(2) the use of the Selected Reserve of any reserve component of the armed forces unless the end strength for the Selected Reserve of that component for that fiscal year has been authorized by law; or

(3) the use of reserve component personnel to perform active duty or full-time National Guard duty under subsection (b) unless the strength for such personnel for that reserve component for that fiscal year has been authorized by law.

(d) Military technician (dual status) end strengths to be authorized by law. Congress shall authorize for each fiscal year the end strength for military technicians (dual status) for each reserve component of the Army and Air Force. Funds available to the Department of Defense for any fiscal year may not be used for the pay of a military technician (dual status) during that fiscal year unless the technician fills a position that is within the number of such positions authorized by law for that fiscal year for the reserve component of that technician. This subsection applies without regard to section 129 of this title [10 USCS § 129]. In each budget submitted by the President to Congress under section 1105 of title 31, the end strength requested for military technicians (dual status) for each reserve component of the Army and Air Force shall be specifically set forth.

(e) End-of-quarter strength levels.

(1) The Secretary of Defense shall prescribe and include in the budget justification documents submitted to Congress in support of the President's budget for the Department of Defense for any fiscal year the Secretary's proposed end-of-quarter strengths for each of the first three quarters of the fiscal year for which the budget is submitted, in addition to the Secretary's proposed fiscal-year end-strengths for that fiscal year. Such end-of-quarter strengths shall be submitted for each category of personnel for which end strengths are required to be authorized by law under subsection (a) or (d). The Secretary shall ensure that resources are provided in the budget at a level sufficient to support the end-of-quarter and fiscal-year end-strengths as submitted.

(2) (A) After annual end-strength levels required by subsections (a) and (d) are authorized by law for a fiscal year, the Secretary of Defense shall promptly prescribe end-of-quarter strength levels for the first three quarters of that fiscal year applicable to each such end-strength level. Such end-of-quarter strength levels shall be established for any fiscal year as levels to be achieved in meeting each of those annual end-strength levels authorized by law in accordance with subsection (a) (as such levels may be adjusted pursuant to subsection (f)) and subsection (d).

(B) At least annually, the Secretary of Defense shall establish for each of the armed forces (other than the Coast Guard) the maximum permissible variance of actual strength for an armed force at the end of any given quarter from the end-of-quarter strength established pursuant to subparagraph (A). Such variance shall be such that it promotes the maintaining of the strength necessary to achieve the end-strength levels authorized in accordance with subsection (a) (as adjusted pursuant to subsection (f)) and subsection (d).

(3) Whenever the Secretary establishes an end-of-quarter strength level under subparagraph (A) of paragraph (2), or modifies a strength level under the authority provided in subparagraph (B) of paragraph (2), the Secretary shall notify the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives of that strength level or of that modification, as the case may be.

(f) Authority for Secretary of Defense variances for active-duty and Selected Reserve strengths. Upon determination by the Secretary of Defense that such action is in the national interest, the Secretary may—

(1) increase the end strength authorized pursuant to subsection (a)(1)(A) for a fiscal year for any of the armed forces by a number equal to not more than 3 percent of that end strength;

(2) increase the end strength authorized pursuant to subsection (a)(1)(B) for a fiscal year for any of the armed forces by a number equal to not more than 2 percent of that end strength;

(3) vary the end strength authorized pursuant to subsection (a)(2) for a fiscal year for the Selected Reserve of any of the reserve components by a number equal to not more than 3 percent of that end strength; and

(4) increase the maximum strength authorized pursuant to subsection (b)(1) for a fiscal year for certain reserves on active duty for any of the reserve components by a number equal to not more than 10 percent of that strength.

(g) Authority for service Secretary variances for active-duty end strengths. Upon determination by the Secretary of a military department that such action would enhance manning and readiness in essential units or in critical specialties or ratings, the Secretary may increase the end strength authorized pursuant to subsection (a)(1)(A) for a fiscal year for the armed force under the jurisdiction of that Secretary or, in the case of the Secretary of the Navy, for any of the armed forces under the jurisdiction of that Secretary. Any such increase for a fiscal year—

(1) shall be by a number equal to not more than 2 percent of such authorized end strength; and

(2) shall be counted as part of the increase for that armed force for that fiscal year authorized under subsection (f)(1).

(h) Adjustment when Coast Guard is operating as a service in the Navy. The authorized strength of the Navy under subsection (a)(1) is increased by the authorized strength of the Coast Guard during any period when the Coast Guard is operating as a service in the Navy.

(i) Certain personnel excluded from counting for active-duty end strengths. In counting personnel for the purpose of the end strengths authorized pursuant to subsection (a)(1), persons in the following categories shall be excluded:

(1) Members of a reserve component ordered to active duty under section 12301(a) of this title [10 USCS 12301(a)].

(2) Members of a reserve component in an active status ordered to active duty under section 12301(b) of this title [10 USCS § 12301(b)].

(3) Members of the Ready Reserve ordered to active duty under section 12302 of this title [10 USCS § 12302].

(4) Members of the Selected Reserve of the Ready Reserve or members of the Individual Ready Reserve mobilization category described in section 10144(b) of this title [10 USCS § 10144(b)] ordered to active duty under section 12304 of this title [10 USCS § 12304].

(5) Members of the National Guard called into Federal service under section 12406 of this title [10 USCS 12406].

(6) Members of the militia called into Federal service under chapter 15 of this title [10 USCS §§ 331 et seq.].

(7) Members of the National Guard on full-time National Guard duty under section 502(f)(1) of title 32.

(8) Members of reserve components on active duty for training or full-time National Guard duty for training.

(9) Members of the Selected Reserve of the Ready Reserve on active duty to support programs described in section 1203(b) of the Cooperative Threat Reduction Act of 1993 (22 U.S.C. 5952(b)).

(10) Members of the National Guard on active duty or full-time National Guard duty for the purpose of carrying out drug interdiction and counter-drug activities under section 112 of title 32.

(11) Members of a reserve component on active duty under section 10(b)(2) of the Military Selective Service Act (50 U.S.C. App. 460(b)(2)) for the administration of the Selective Service System.

(12) Members of the National Guard on full-time National Guard duty for the purpose of providing command, administrative, training, or support services for the National Guard Challenge Program authorized by section 509 of title 32.

(13) Members of the National Guard on full-time National Guard duty involuntarily and performing homeland defense activities under chapter 9 of title 32 [USCS §§ 901 et seq.].

## **KEY ACTIVITIES OF THE COMMITTEE ON ARMED SERVICES DURING THE 110TH CONGRESS (2007 AND 2008)**

The following is a summary of key activities of the Committee on Armed Services during the 110th Congress:

### **National Defense Authorization Act for Fiscal Year 2008**

The committee began the First Session of the 110th Congress with a series of oversight and review hearings and briefings on a variety of issues, including the continuing U.S. military involvement in Iraq and Afghanistan, the current and future worldwide threats to our national security, the current and future readiness of the Army and Marine Corps, and the care, living conditions, and administration of outpatients at the Walter Reed Army Medical Center.

The committee's 26 hearings, with a total of 86 witnesses, on the President's budget request for national defense for fiscal year 2008 were structured to address the following seven committee priorities to:

- provide fair compensation and first rate health care, and improve the quality of life of the men and women in the armed forces (active duty, National Guard and Reserves) and their families;

- provide our servicemen and women with the resources, training, technology, equipment (especially force protection) and authorities they need to participate in combat and stability operations, particularly in Iraq and Afghanistan;

- reduce our Nation's strategic risk by starting and, if possible, accelerating the restoration of the readiness of the military services to conduct the full range of their assigned missions;

- improve the efficiency of Defense Department programs and activities, and apply the savings toward high-priority programs;

- improve the ability of the armed forces to meet nontraditional threats, including terrorism and weapons of mass destruction;

- promote the transformation of the armed forces to meet the threats of the 21st century; and

- conduct aggressive oversight of the Department's programs and activities to ensure proper stewardship of taxpayer dollars and compliance with relevant laws and regulations. Improve the efficiency of Defense Department programs and activities, and apply the savings toward high-priority programs.

Following a 3-day committee markup in late May, the committee reported the National Defense Authorization Act to the Senate on June 7, 2007. The Senate debate on the bill began on June 28 and

concluded on October 1. During the 19 days of debate, the Senate considered 216 amendments.

A 63-day conference with the House of Representatives resulted in a bill authorizing a total of \$507 billion for the President's base budget, plus a war-related funding authorization of \$189.3 billion. In addition, the conference report also incorporated the provisions of the House-passed Wounded Warrior Assistance Act of 2007 and the Senate-passed Dignified Treatment of Wounded Warriors Act in a comprehensive package of reforms, policies and studies to ensure the proper care of our wounded service members.

Following passage of the conference report by both the House of Representatives and the Senate, the bill, H.R. 1585, was vetoed by the President on December 28, 2007. The President objected to Section 1083 of the bill, a provision providing a terrorism exception to the jurisdictional immunity of a foreign state. In mid-January 2008 both the House and Senate passed identical versions of a revised National Defense Authorization Act for Fiscal Year 2008, H.R. 4986, which was signed by the President into law on January 28, 2008.

#### **National Defense Authorization Act for Fiscal Year 2009**

The 2nd Session of the 110th Congress also began with a series of oversight and review hearings on various topics, ranging from the report of the Commission on the National Guard and Reserves, to Air Force nuclear security, to progress on the implementation of legislation to improve the treatment of wounded service members, to Afghanistan strategy, and to the situation in Iraq and progress made by the Iraqi Government in meeting benchmarks and achieving reconciliation.

These hearing set the stage for the committee's 30 hearings (with testimony from 64 witnesses) on the National Defense Authorization Act for Fiscal Year 2009. These hearings were aimed at addressing the following seven committee's priorities on this legislation to:

- provide fair compensation and first-rate health care, and improve the quality of life of the men and women in the armed forces (active duty, National Guard and Reserves) and their families;
- provide our servicemen and women with the resources, training, technology, equipment (especially force protection) and authorities they need to succeed in combat and stability operations in Iraq and Afghanistan;
- seek to reduce our Nation's strategic risk by taking action aimed at restoring, as soon as possible, the readiness of the military services to conduct the full range of their assigned missions;
- improve the efficiency of Defense Department programs and activities, and apply the savings toward high-priority programs;
- improve the ability of the armed forces to counter non-traditional threats, including terrorism and the proliferation of weapons of mass destruction;
- promote the transformation of the armed forces to deal with the threats of the 21st Century; and

—ensure aggressive and thorough oversight of the Department’s programs and activities to ensure proper stewardship of taxpayer dollars and compliance with relevant laws and regulations.

Following a 2-day subcommittee and full committee markup, the committee reported S. 3001, the National Defense Authorization Act for Fiscal Year 2009, to the Senate on May 12, 2008. The committee recommended funding for national defense programs totaling \$612.5 billion in budget authority, which was consistent with the President’s budget request and with the funding levels for national defense in the Concurrent Resolution on the Budget for Fiscal Year 2009 adopted earlier in the year by the Senate.

Senate action on the bill did not begin until September 9, 2008. Cloture was invoked on the bill on September 16 and the bill was passed by a vote of 88–8 on September 17. Nine amendments were considered during debate on the bill.

The Senate bill was sent to the House and on September 24 the House agreed to suspend the rules and passed the bill with amendments. The House Committee on Armed Services issued Committee Print No. 10, a joint explanatory statement of the House and Senate managers on the bill—Senators Levin and Warner and Congressmen Skelton and Hunter. On September 27, 2008, the Senate agreed to the House amendment to the Senate bill by unanimous consent. President Bush signed S. 3001, the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009, on October 14, 2008 and it became Public Law 110–417.

### **Wounded Warrior Act**

In February, 2007, a series of press articles described unacceptable shortfalls in Department of Defense and Department of Veterans Affairs systems for caring for wounded warriors in an outpatient status at the Walter Reed Army Medical Center. Subsequent independent investigations and hearings by congressional committees revealed the need for system-wide improvements in outpatient care, transition of recovering service members between the Department of Defense and Department of Veterans Affairs health care systems, and performance of the physical disability evaluation system.

To address this shortfall, both the House and the Senate passed the Wounded Warrior Act, a comprehensive package of reforms, policies, and studies to ensure the proper care of our wounded service members. The Wounded Warrior Act was ultimately included as Title XVI of H.R. 4986, the National Defense Authorization Act for Fiscal Year 2008 (Public Law 110–181).

Key provisions of the Wounded Warrior Act:

- Require DOD and VA to jointly develop a comprehensive policy on improvements to care, management, and transition of recovering service members in an outpatient status;
- Require DOD to develop a comprehensive plan on prevention, diagnosis, mitigation, treatment, and rehabilitation of, and research on, traumatic brain injury, Post-Traumatic Stress Disorder (PTSD), and other mental health conditions in members of the armed forces;

- Authorize Centers of Excellence in the prevention, diagnosis, mitigation, treatment, and rehabilitation of traumatic brain injury, post-traumatic stress disorder, and traumatic eye injuries;
- Authorize extended care comparable to care for active-duty members to recovering service members with severe injuries, if not reasonably available from the VA;
- Authorize reimbursement of travel expenses of retired members with combat-related disabilities for the purpose of follow-on specialty care at a military hospital;
- Authorize respite care and other extended care benefits for seriously injured service members;
- Require the establishment of a Wounded Warrior hotline for reporting of care or facility problems;
- Extend transitional health benefits for service members pending resolution of service-related medical conditions;
- Require fully interoperable electronic personal health information systems or capabilities for DOD and VA, and establish a joint DOD/VA program office to develop and implement interoperable systems;
- Authorize enhanced civilian personnel authorities for DOD for health care professionals for care and treatment of wounded, injured, and other members of the armed forces;
- Require DOD to use VA presumption of sound condition standard in establishing eligibility of service members for disability retirement;
- Require DOD to use the VA Schedule for Rating Disabilities in determining service member disabilities;
- Require the establishment of an independent review board to review the separation of service members with a disability rating of 20 percent or less since September 11, 2001;
- Authorize increase of disability severance pay for certain service members;
- Require establishment of standards for military medical treatment facilities, specialty medical care facilities, and military quarters housing patients;
- Require certifications that medical capabilities at Walter Reed Army Medical Center (WRAMC) will be maintained during transition directed by the 2005 round of base realignment and closure, and guaranteed continued funding of WRAMC;
- Require a National Academy of the Sciences independent study on physical and mental health and other readjustment needs of members and former members of the armed forces who deployed to Iraq and Afghanistan; and
- Authorize the use of leave transfer program by wounded veterans who are federal civilian employees.

### **Investigation into the Treatment of Detainees in U.S. Custody**

During the 110th Congress, the committee conducted an extensive investigation into the treatment of detainees in U.S. custody. Over the course of the investigation, committee staff reviewed more than 200,000 pages of classified and unclassified documents. Staff conducted interviews of more than 70 individuals, including senior

civilian and military officials. The committee also sent written questions to more than 200 individuals. The committee issued two subpoenas to compel witness testimony.

The committee held two open hearings relating to the investigation. The first hearing, held on June 17, 2008, looked into the origins of aggressive interrogation techniques. The second hearing, held on September 25, 2008, discussed the authorization of Survival Evasion Resistance and Escape (SERE) techniques for use in interrogations in Iraq. On November 20, 2008, the committee approved an extensive report of the investigation. The executive summary and conclusions of that report were released on December 11, 2008.

A focus of the investigation was the influence of SERE resistance training techniques on U.S. interrogation policies and practices. SERE training is intended to be used to teach our soldiers how to resist interrogation. In SERE school, troops who are at risk of capture are exposed in a controlled environment to techniques adapted from abusive tactics used against American soldiers by enemies such as the Communist Chinese during the Korean War. SERE training techniques include stress positions, forced nudity, use of fear, sleep deprivation and, until recently, the Navy SERE school used the waterboard. These techniques were designed to expose soldiers to what they might be subjected to if captured by an enemy that refused to follow the Geneva Conventions and international law. The techniques were not intended to be used against detainees in U.S. custody. The committee's investigation revealed, however, that senior military and civilian officials authorized the use of SERE training techniques in interrogations.

Detainee abuses have been described by some as the result of a few individuals acting on their own. The committee's investigation found otherwise, concluding that: "The abuse of detainees at Abu Ghraib in late 2003 was not simply the result of a few soldiers acting on their own. Interrogation techniques such as stripping detainees of their clothes, placing them in stress positions, and using military working dogs to intimidate them appeared in Iraq only after they had been approved for use in Afghanistan and at GTMO. Secretary of Defense Donald Rumsfeld's December 2, 2002 authorization of aggressive interrogation techniques and subsequent interrogation policies and plans approved by senior military and civilian officials conveyed the message that physical pressures and degradation were appropriate treatment for detainees in U.S. military custody. What followed was an erosion in standards dictating that detainees be treated humanely."

A summary of the committee's actions during the 110th Congress on the annual national defense authorization acts and on nominations follows:

	110th Congress

Quirk V from Security Clerk to Professional Staff Member on October 16, 2008. Christine G. Lang from Receptionist to Staff Assistant on December 1, 2008.

## **RULES OF PROCEDURE OF THE COMMITTEE ON ARMED SERVICES**

(Adopted January 30, 2007)

1. *Regular Meeting Day.* The Committee shall meet at least once a month when Congress is in session. The regular meeting days of the Committee shall be Tuesday and Thursday, unless the Chairman, after consultation with the Ranking Minority Member, directs otherwise.

2. *Additional Meetings.* The Chairman, after consultation with the Ranking Minority Member, may call such additional meetings as he deems necessary.

3. *Special Meetings.* Special meetings of the Committee may be called by a majority of the members of the Committee in accordance with paragraph 3 of Rule XXVI of the Standing Rules of the Senate.

4. *Open Meetings.* Each meeting of the Committee, or any subcommittee thereof, including meetings to conduct hearings, shall be open to the public, except that a meeting or series of meetings by the Committee or a subcommittee thereof on the same subject for a period of no more than fourteen (14) calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated below in clauses (a) through (f) would require the meeting to be closed, followed immediately by a record vote in open session by a majority of the members of the Committee or subcommittee when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings—

(a) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(b) will relate solely to matters of Committee staff personnel or internal staff management or procedure;

(c) will tend to charge an individual with a crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy or will represent a clearly unwarranted invasion of the privacy of an individual;

(d) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(e) will disclose information relating to the trade secrets or financial or commercial information pertaining specifically to a given person if—

(1) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(2) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(f) may divulge matters required to be kept confidential under other provisions of law or Government regulations.

5. *Presiding Officer.* The Chairman shall preside at all meetings and hearings of the Committee except that in his absence the Ranking Majority Member present at the meeting or hearing shall preside unless by majority vote the Committee provides otherwise.

6. *Quorum.* (a) A majority of the members of the Committee are required to be actually present to report a matter or measure from the Committee. (See Standing Rules of the Senate 26.7(a)(1)).

(b) Except as provided in subsections (a) and (c), and other than for the conduct of hearings, nine members of the Committee, including one member of the minority party; or a majority of the members of the Committee, shall constitute a quorum for the transaction of such business as may be considered by the Committee.

(c) Three members of the Committee, one of whom shall be a member of the minority party, shall constitute a quorum for the purpose of taking sworn testimony, unless otherwise ordered by a majority of the full Committee.

(d) Proxy votes may not be considered for the purpose of establishing a quorum.

7. *Proxy Voting.* Proxy voting shall be allowed on all measures and matters before the Committee. The vote by proxy of any member of the Committee may be counted for the purpose of reporting any measure or matter to the Senate if the absent member casting such vote has been informed of the matter on which the member is being recorded and has affirmatively requested that he or she be so recorded. Proxy must be given in writing.

8. *Announcement of Votes.* The results of all roll call votes taken in any meeting of the Committee on any measure, or amendment thereto, shall be announced in the Committee report, unless previously announced by the Committee. The announcement shall include a tabulation of the votes cast in favor and votes cast in opposition to each such measure and amendment by each member of the Committee who was present at such meeting. The Chairman, after consultation with the Ranking Minority Member, may hold open a roll call vote on any measure or matter which is before the Committee until no later than midnight of the day on which the Committee votes on such measure or matter.

9. *Subpoenas.* Subpoenas for attendance of witnesses and for the production of memoranda, documents, records, and the like may be issued, after consultation with the Ranking Minority Member, by the Chairman or any other member designated by the Chairman, but only when authorized by a majority of the members of the Committee. The subpoena shall briefly state the matter to which the witness is expected to testify or the documents to be produced.

10. *Hearings.* (a) Public notice shall be given of the date, place and subject matter of any hearing to be held by the Committee, or

any subcommittee thereof, at least 1 week in advance of such hearing, unless the Committee or subcommittee determines that good cause exists for beginning such hearings at an earlier time.

(b) Hearings may be initiated only by the specified authorization of the Committee or subcommittee.

(c) Hearings shall be held only in the District of Columbia unless specifically authorized to be held elsewhere by a majority vote of the Committee or subcommittee conducting such hearings.

(d) The Chairman of the Committee or subcommittee shall consult with the Ranking Minority Member thereof before naming witnesses for a hearing.

(e) Witnesses appearing before the Committee shall file with the clerk of the Committee a written statement of their proposed testimony prior to the hearing at which they are to appear unless the Chairman and the Ranking Minority Member determine that there is good cause not to file such a statement. Witnesses testifying on behalf of the Administration shall furnish an additional 50 copies of their statement to the Committee. All statements must be received by the Committee at least 48 hours (not including weekends or holidays) before the hearing.

(f) Confidential testimony taken or confidential material presented in a closed hearing of the Committee or subcommittee or any report of the proceedings of such hearing shall not be made public in whole or in part or by way of summary unless authorized by a majority vote of the Committee or subcommittee.

(g) Any witness summoned to give testimony or evidence at a public or closed hearing of the Committee or subcommittee may be accompanied by counsel of his own choosing who shall be permitted at all times during such hearing to advise such witness of his legal rights.

(h) Witnesses providing unsworn testimony to the Committee may be given a transcript of such testimony for the purpose of making minor grammatical corrections. Such witnesses will not, however, be permitted to alter the substance of their testimony. Any question involving such corrections shall be decided by the Chairman.

11. *Nominations.* Unless otherwise ordered by the Committee, nominations referred to the Committee shall be held for at least seven (7) days before being voted on by the Committee. Each member of the Committee shall be furnished a copy of all nominations referred to the Committee.

12. *Real Property Transactions.* Each member of the Committee shall be furnished with a copy of the proposals of the Secretaries of the Army, Navy, and Air Force, submitted pursuant to 10 U.S.C. 2662 and with a copy of the proposals of the Director of the Federal Emergency Management Agency, submitted pursuant to 50 U.S.C. App. 2285, regarding the proposed acquisition or disposition of property of an estimated price or rental of more than \$50,000. Any member of the Committee objecting to or requesting information on a proposed acquisition or disposal shall communicate his objection or request to the Chairman of the Committee within thirty (30) days from the date of submission.

13. *Legislative Calendar.* (a) The clerk of the Committee shall keep a printed calendar for the information of each Committee

member showing the bills introduced and referred to the Committee and the status of such bills. Such calendar shall be revised from time to time to show pertinent changes in such bills, the current status thereof, and new bills introduced and referred to the Committee. A copy of each new revision shall be furnished to each member of the Committee.

(b) Unless otherwise ordered, measures referred to the Committee shall be referred by the clerk of the Committee to the appropriate department or agency of the Government for reports thereon.

14. Except as otherwise specified herein, the Standing Rules of the Senate shall govern the actions of the Committee. Each subcommittee of the Committee is part of the Committee, and is therefore subject to the Committee's rules so far as applicable.

15. *Powers and Duties of Subcommittees.* Each subcommittee is authorized to meet, hold hearings, receive evidence, and report to the full Committee on all matters referred to it. Subcommittee chairmen, after consultation with Ranking Minority Members of the subcommittees, shall set dates for hearings and meetings of their respective subcommittees after consultation with the Chairman and other subcommittee chairmen with a view toward avoiding simultaneous scheduling of full Committee and subcommittee meetings or hearings whenever possible.
