submitted the following

R E P O R T

[To accompany S. 407]

[Including cost estimate of the Congressional Budget Office]

The Committee on Veterans' Affairs (hereinafter, "Committee"), to which was referred the bill (S. 407) to increase, effective as of December 1, 2009, the rates of compensation for veterans with service-connected disabilities and the rates of dependency and indemnity compensation for the survivors of certain disabled veterans, and for other purposes, having considered the same, reports favorably thereon with an amendment in the nature of a substitute, and recommends that the bill, as amended, do pass.

INTRODUCTION

On February 10, 2009, Committee Chairman Daniel K. Akaka introduced S. 407, a bill to increase, effective as of December 1, 2009, the rates of compensation for veterans with service-connected disabilities and the rates of dependency and indemnity compensation for the survivors of certain disabled veterans, and for other purposes. Committee Ranking Minority Member Richard Burr is an original cosponsor of S. 407, as are Committee Members John D. Rockefeller IV, Patty Murray, Bernard Sanders, Sherrod Brown, Jim Webb, Jon Tester, Mark Begich, Roland Burris, Arlen Specter, Johnny Isakson, Roger F. Wicker, Mike Johanns, and Lindsey Graham. Senators Frank R. Lautenberg, Blanche Lincoln, and Olympia J. Snowe were later added as cosponsors. The bill was referred to the Committee.

COMMITTEE HEARING

On April 29, 2009, the Committee held a hearing on legislation pending before the Committee. Among the measures on which the Committee received testimony was S. 407. Testimony on S. 407, among other bills, was offered by: Bradley G. Mayes, Director, Compensation and Pension Service, Veterans Benefits Administration, Department of Veterans Affairs; Raymond C. Kelley, National Legislative Director, AMVETS; Robert Jackson, Assistant Director, National Legislative Service, Veterans of Foreign Wars of the United States; and Ian DePlanque, Assistant Director, Veterans Affairs and Rehabilitation Commission, The American Legion.

COMMITTEE MEETING

On May 21, 2009, the Committee met in open session to consider legislation pending before the Committee. Among the measures so considered was S. 407. The Committee voted, without dissent, to report favorably S. 407, as amended, to the Senate.

SUMMARY OF THE COMMITTEE BILL AS REPORTED

The Committee bill contains freestanding provisions that would require the Secretary of Veterans Affairs to increase, effective December 1, 2009, the rates of, and limitations on, certain benefits paid by the Department of Veterans Affairs (hereinafter, "VA") by the same percentage as the cost-of-living adjustment (hereinafter, "COLA") provided to Social Security recipients and VA pension beneficiaries that become effective on the same date. The COLA would apply to:

1. basic compensation rates for veterans with service-connected disabilities and the rates payable for certain severe disabilities;
2. the allowance for spouses, children, and dependent parents paid to service-connected disabled veterans rated 30 percent or more disabled;
3. the annual clothing allowance paid to veterans whose compensable disability requires the use of a prosthetic or orthopedic appliance (including a wheelchair) that tends to tear or wear out clothing or requires the use of a medication prescribed by a physician for a service-connected skin condition if the medication causes irreparable damage to the veteran's outer garments; and
4. the dependency and indemnity compensation (hereinafter, "DIC") rates paid to:
 - (a) surviving spouses of veterans whose deaths were service-connected;
 - (b) surviving spouses for dependent children below the age of 18;
 - (c) surviving spouses who are so disabled that they need aid and attendance or are permanently housebound;
 - (d) surviving spouses covered under section 1318 of title 38, United States Code; and
 - (e) the children of veterans whose deaths were service-connected if no surviving spouse is entitled to DIC, the child is age 18 through 22 and attending an approved educational institution, or the child is age 18 or over and be-

came permanently incapable of self-support prior to reaching age 18.

The Committee bill would also codify benefit rates that were increased as a result of the Veterans' Compensation Cost-of-Living Adjustment Act of 2008, Public Law 110-324.

BACKGROUND AND DISCUSSION

A. Disability compensation

The service-connected disability compensation program under chapter 11 of title 38, United States Code, provides monthly cash benefits to veterans who have disabilities incurred or aggravated during active duty in the Armed Forces.

The amount of compensation paid depends on the nature and severity of the veteran's disability or combination of disabilities. VA rates compensable disabilities according to its Schedule for Rating Disabilities on a graduated scale ranging from 10 to 100 percent, in 10 percent increments. VA pays higher monthly rates (known as "special monthly compensation") to disabled veterans with certain specific, very severe disabilities or combinations of disabilities.

According to VA, as set forth in its fiscal year 2010 budget, the department estimates that it will provide disability compensation to 3,154,217 veterans with service-connected disabilities in fiscal year 2010. Among the veterans estimated to receive such compensation are: 1 World War I veteran; 243,697 World War II veterans; 157,427 Korean-conflict veterans; 1,058,883 Vietnam-era veterans; 1,070,162 veterans of the Persian Gulf War era; and 612,172 veterans who served during peacetime.

A veteran with a disability rated at 30 percent or more may receive additional compensation on behalf of the veteran's spouse, children, and dependent parents. These dependents' allowances are prorated according to the percentage of disability.

B. Dependency and indemnity compensation

Under chapter 13 of title 38, United States Code, VA pays DIC to the survivors of servicemembers or veterans who died on or after January 1, 1957, from a disease or injury incurred or aggravated during military service. Survivors eligible for DIC include surviving spouses, unmarried children under the age of 18, children age 18 or older who are permanently incapable of self-support, children between the ages of 18 and 22 who are enrolled in school, and certain needy parents. Under section 5312 of title 38, United States Code, parents' DIC rates are adjusted automatically at the same time and by the same percentage as Social Security and VA pension benefits. Surviving spouses, children, and parents who are receiving death compensation based on deaths before January 1, 1957, may elect to receive DIC instead of death compensation.

For deaths on or after January 1, 1957, but prior to January 1, 1993, surviving spouses received DIC at rates determined by the pay grade (service rank) of the deceased veteran. For deaths on or after January 1, 1993, DIC is paid at a flat rate. Surviving spouses currently receive \$1,154 per month and, if the deceased veteran was totally disabled for eight years prior to death, an additional \$246 per month. Surviving spouses who had been receiving benefits

under the prior DIC program are paid under whichever program will pay the higher benefit.

A surviving spouse who is so disabled as to be housebound or in need of regular aid and attendance is eligible to receive an additional amount. A surviving spouse also may receive additional allowances on behalf of the veteran's surviving children.

Children are entitled to DIC if there is no surviving spouse, if they are 18 years of age or older and became permanently incapable of self-support before reaching age 18, or if they are 18 to 22 years old and pursuing an approved course of education.

Parents of deceased veterans whose incomes are below statutorily prescribed income thresholds are eligible for DIC under section 1315 of title 38, United States Code. As previously noted, parents' DIC rates are adjusted automatically at the same time and by the same percentage as Social Security and VA pension benefits.

In its fiscal year 2010 budget, VA estimates that it will pay DIC benefits to 348,335 survivors, a total that includes surviving spouses, children, and needy surviving parents.

Under section 1318 of title 38, United States Code, VA pays benefits at DIC rates to the surviving spouses and children of veterans whose deaths are not service-connected if the veteran, immediately prior to his or her death, had been receiving (or had been entitled to receive) compensation at the 100 percent rate continuously for 10 or more years or for at least five years from the date of discharge or release from active duty. VA also pays DIC benefits to the surviving spouses and children of veterans who were former prisoners of war who die after September 30, 1999, and whose deaths were not service-connected if the veterans had been receiving (or had been entitled to receive) compensation at the 100 percent rate continuously for not less than one year preceding death.

Committee bill

The Committee bill would direct VA to compute and provide increases in the monthly rates of compensation and DIC, effective December 1, 2009, if appropriate. The rates would be increased by the same percentage as the Social Security and VA pension COLA that will take effect on that date. In accordance with section 8031 of the Balanced Budget Act of 1997 (Public Law 105-33), amounts of compensation so computed that are not even multiples of \$1 will be rounded down to the next lower whole dollar amount. In 2003, this provision was extended until 2013 by section 706 of Public Law 108-183.

The increases in DIC would automatically result in identical percentage increases in benefits paid at DIC rates under section 1318 of title 38, United States Code, to the surviving spouses and children of veterans who had a service-connected disability at the time of death for which they continuously were rated totally disabled for at least (1) 10 years, (2) five years from the date of discharge from active duty, or (3) one year if the veteran was a former prisoner of war who died after September 30, 1999, and whose death was not service-connected if the veteran had been receiving (or had been entitled to receive) compensation at the 100 percent rate continuously for not less than one year preceding death.

Under section 156(e)(1)(A) of Public Law 97-377, the DIC increases also would automatically result in the same percentage in-

creases in Social Security benefits that were terminated by section 2205 of the Omnibus Budget Reconciliation Act of 1981 (hereinafter, "OBRA 1981") (Public Law 97-35). Prior to OBRA 1981, those Social Security benefits had been paid to certain surviving spouses of those who died on active duty or from a service-connected disability on behalf of their children under 18 and children over age 19 who were secondary-school students; OBRA 1981 reduced the eligibility cutoff age from 18 to 16 years old.

Section 314 of Public Law 100-322 amended section 156(a)(1) of Public Law 97-377, the Further Continuing Appropriations Act of 1993, to restore the benefits eliminated by OBRA 1981. The DIC increase also would apply to these restored benefits, effective December 1, 2000.

The CBO, in its most recent baseline, estimated that there will be no Social Security COLA affecting fiscal year 2010 payments; the COLA provided for by the Committee bill will follow accordingly. The actual Social Security COLA could differ from this estimate. Rather than selecting any particular percentage adjustment at the time the Committee ordered the bill reported, the Committee followed its prior practice of setting the COLA by reference to any Social Security increase.

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

In compliance with paragraph 11(a) of rule XXVI of the Standing Rules of the Senate, the Committee, based on information supplied by the CBO, estimates that enactment of the Committee bill would, relative to current law, not increase spending in 2010 or in subsequent years. Enactment of the Committee bill would not affect the budget of state, local, or tribal governments.

The cost estimate provided by CBO, setting forth a detailed breakdown of costs, follows:

CONGRESSIONAL BUDGET OFFICE,
Washington, DC, June 2, 2009.

Hon. DANIEL K. AKAKA,
Chairman,
Committee on Veterans' Affairs,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for S. 407, the Veterans' Compensation Cost-of-Living Adjustment Act of 2009.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Dwayne M. Wright.

Sincerely,

DOUGLAS W. ELMENDORF,
Director.

Enclosure.

S. 407—Veterans' Compensation Cost-of-Living Adjustment Act of 2009

S. 407 would increase the amounts paid to veterans for disability compensation and to their survivors for dependency and indemnity compensation by the same cost-of-living adjustment (COLA) pay-

able to Social Security recipients. The increase would take effect on December 1, 2009, and the resulting adjustment would be rounded to the next lower dollar.

The COLA that would be authorized by this bill is assumed in CBO's baseline, consistent with section 257 of the Balanced Budget and Emergency Deficit Control Act, and savings from rounding it down were achieved by the Balanced Budget Act of 1997 (Public Law 105-33) and extended to 2013 by the Veterans Benefits Act of 2003 (Public Law 108-183). Furthermore, based on its current economic forecast, CBO does not anticipate a cost-of-living increase in 2010 for Social Security; thus, CBO estimates that enacting this bill would have no impact on spending for those programs.

S. 407 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

On March 25, 2009, CBO transmitted a cost estimate for H.R. 1513, the Veterans' Compensation Cost-of-Living Adjustment Act of 2009, as ordered reported by the House Committee on Veterans' Affairs on March 25, 2009. The two versions of the legislation are similar and their estimated costs are identical.

The CBO staff contact for this estimate is Dwayne M. Wright. This estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.

REGULATORY IMPACT STATEMENT

In compliance with paragraph 11(b) of rule XXVI of the Standing Rules of the Senate, the Committee on Veterans' Affairs has made an evaluation of the regulatory impact that would be incurred in carrying out the Committee bill. The Committee finds that S. 407, as amended, would not entail any regulation of individuals or businesses or result in any impact on the personal privacy of any individuals and that the paperwork resulting from enactment would be minimal.

TABULATION OF VOTES CAST IN COMMITTEE

In compliance with paragraph 7 of rule XXVI of the Standing Rules of the Senate, the following is a tabulation of votes cast in person or by proxy by Members of the Committee on Veterans' Affairs at its May 21, 2009, meeting. On that date, the Committee considered and ordered reported S. 407, as amended, a bill to increase, effective as of December 1, 2009, the rates of compensation for veterans with service-connected disabilities and the rates of dependency and indemnity compensation for survivors of certain disabled veterans. The Committee bill was agreed to by a vote of 14 to 0.

AGENCY REPORT

On April 29, 2009, Bradley G. Mayes, Director, Compensation and Pension Service, Veterans Benefits Administration, Department of Veterans Affairs, appeared before the Committee on Veterans' Affairs and submitted testimony on, among other things, S. 407. Excerpts from this statement are reprinted below:

STATEMENT OF BRADLEY G. MAYES, DIRECTOR, COMPENSATION AND PENSION SERVICE, VET- ERANS BENEFITS ADMINISTRATION, DEPART- MENT OF VETERANS AFFAIRS

Mr. Chairman and members of the Committee, I am pleased to be here today to provide the Department of Veterans Affairs' (VA) views on pending benefits legislation.

* * * * *

S. 407, the "Veterans' Compensation Cost-of-Living Adjustment Act of 2009," would direct the Secretary of Veterans Affairs to increase administratively the rates of disability compensation for veterans with service-connected disabilities, including the additional amounts authorized for dependents and the clothing allowance, and of dependency and indemnity compensation for the survivors of veterans whose deaths are service related, effective December 1, 2009. The rates of increase would be the same as the cost-of-living adjustment that will be provided under current law to Social Security recipients. The bill would also authorize VA to adjust the rates of disability compensation payable under prior laws to persons who have not received compensation under chapter 11 of title 38, United States Code.

VA supports a cost-of-living adjustment of this nature. We believe this legislation is necessary to ensure the affected benefits against any eroding effects of inflation. The worthy beneficiaries of these benefits deserve no less.
